Self-Assessment Summary Tool

Directions: Teachers should record evidence to indicate strengths and areas for growth for each standard. Then, look across all of the standards holistically and identify two priorities for the upcoming year. Note these two priorities with check marks in the far-right column.

Name:

Date:

	Standard	Strengths	Areas for Growth	Priorities (Check 2)
Standard 1: Students	<ul style="list-style-type: none"> • Knowledge of how students learn and of student development • Understanding of what students know and are able to do • High expectations for all students • Respect for all students • Identification, instruction and intervention for special populations 			
Standard 2: Content	<ul style="list-style-type: none"> • Knowledge of content • Use of content- specific instructional strategies to teach concepts and skills • Knowledge of school and district curriculum priorities and Ohio's Learning Standards • Relationship of knowledge within the discipline to other content areas • Connection of content to life experiences and career opportunities 			
Standard 3: Assessment	<ul style="list-style-type: none"> • Knowledge of assessment types • Use of varied diagnostic, formative and summative assessments • Analysis of data to monitor student progress and to plan, differentiate, and modify instruction • Communication of results • Inclusion of student self-assessment and goal-setting 			
Standard 4: Instruction	<ul style="list-style-type: none"> • Alignment to school and district priorities and Ohio's Learning Standards • Use of student information to plan and deliver instruction • Communication of clear learning goals • Application of knowledge of how students learn to instructional design and delivery • Differentiation of instruction to support learning needs of all students • Use of activities to promote independence and problem-solving • Use of varied resources to support learner needs 			
Standard 5: Learning Environment	<ul style="list-style-type: none"> • Fair and equitable treatment of all students • Creation of a safe learning environment • Use of strategies to motivate students to work productively and assume responsibility for learning • Creation of learning situations for independent and collaborative work • Maintenance an environment that is conducive to learning for all students 			
Standard 6: Collaboration & Communication	<ul style="list-style-type: none"> • Clear and effective communication • Shared responsibility with parents/caregivers to support student learning • Collaboration with other teachers, administrators, school and district staff • Collaboration with local community agencies 			
Standard 7: Professional Responsibility and Growth	<ul style="list-style-type: none"> • Understanding of and adherence to professional ethics, policies and legal codes • Engagement in continuous, purposeful professional development • Desire to serve as an agent of change, seeking positive impact on teaching quality and student achievement 			

Professional Growth Plan

As a result of the evaluation process, teachers and evaluators should focus on accelerating and continuing teacher growth through professional development. Professional development should be individualized to the needs of the teacher, and specifically relate to his/her areas of refinement as identified in the teachers' evaluation. The evaluator should recommend professional development opportunities, and support the teacher by providing resources (e.g., time, financial).

Teacher Performance Evaluation Rubric

The *Teacher Performance Evaluation Rubric* is intended to be scored holistically. This means that evaluators will assess which level provides the best *overall* description of the teacher. The scoring process is expected to occur upon completion of each thirty (30) minute observation and post-conference. The evaluator is to consider evidence gathered during the pre-observation conference, the observation, the post-observation conference, and classroom walkthroughs (if applicable). When completing the performance rubric, please note that evaluators are not expected to gather evidence on all indicators for each observation cycle. Likewise, teachers should not be required to submit additional pieces of evidence to address all indicators. The professionalism section of the rubric may use evidence collected during the pre-observation and post-observation conferences as well as information from the Professional Growth and/or Improvement Plan (if applicable).

INSTRUCTIONAL PLANNING					
		Ineffective	Developing	Skilled	Accomplished
INSTRUCTIONAL PLANNING	FOCUS FOR LEARNING (Standard 4: Instruction) <i>Sources of Evidence:</i> Pre-Conference	The teacher does not demonstrate a clear focus for student learning. Learning objectives are too general to guide lesson planning and are inappropriate for the students, and/or do not reference the Ohio standards.	The teacher communicates a focus for student learning, develops learning objectives that are appropriate for students and reference the Ohio standards but do not include measurable goals.	The teacher demonstrates a focus for student learning, with appropriate learning objectives that include measurable goal(s) for student learning aligned with the Ohio standards. The teacher demonstrates the importance of the goal and its appropriateness for students.	The teacher establishes challenging and measurable goal(s) for student learning that aligns with the Ohio standards and reflect a range of student learner needs. The teacher demonstrates how the goal(s) fit into the broader unit, course, and school goals for content learning and skills.
	Evidence				
	ASSESSMENT DATA (Standard 3: Assessment) <i>Sources of Evidence:</i> Pre-Conference	The teacher does not plan for the assessment of student learning or does not analyze student learning data to inform lesson plans. The teacher does not use or only uses one measure of student performance.	The teacher explains the characteristics, uses, and limitations of various diagnostic, formative, and summative assessments but does not consistently incorporate this knowledge into lesson planning. The teacher uses more than one measure of student performance but does not appropriately vary assessment approaches, or the teacher may have difficulty analyzing data to effectively inform instructional planning and delivery.	The teacher demonstrates an understanding that assessment is a means of evaluating and supporting student learning through effectively incorporating diagnostic, formative, and/or summative assessments into lesson planning. The teacher employs a variety of formal and informal assessment techniques to collect evidence of students' knowledge and skills and analyzes data to effectively inform instructional planning and delivery.	The teacher purposefully plans assessments and differentiates assessment choices to match the full range of student needs, abilities, and learning styles, incorporating a range of appropriate diagnostic, formative, and summative assessments into lesson plans. Student learning needs are accurately identified through an analysis of student data; the teacher uses assessment data to identify student strengths and areas for student growth.

INSTRUCTIONAL PLANNING	<p>PRIOR CONTENT KNOWLEDGE / SEQUENCE / CONNECTIONS (Standard 1: Students; Standard 2: Content; Standard 4: Instruction)</p> <p><i>Sources of Evidence:</i> Pre-Conference</p>	<p>The teacher's lesson does not build on or connect to students' prior knowledge, or the teacher may give an explanation that is illogical or inaccurate as to how the content connects to previous and future learning.</p>	<p>The teacher makes an attempt to connect the lesson to students' prior knowledge, to previous lessons or future learning but is not completely successful.</p>	<p>The teacher makes clear and coherent connections with students' prior knowledge and future learning—both explicitly to students and within the lesson.</p> <p>The teacher plans and sequences instruction to include the important content, concepts, and processes in school and district curriculum priorities and in state standards.</p>	<p>The teacher uses the input and contributions of families, colleagues, and other professionals in understanding each learner's prior knowledge and supporting their development. The teacher makes meaningful and relevant connections between lesson content and other disciplines and real-world experiences and careers as well as prepares opportunities for students to apply learning from different content areas to solve problems.</p> <p>The teacher plans and sequences instruction that reflects an understanding of the prerequisite relationships among the important content, concepts, and processes in school and district curriculum priorities and in state standards as well as multiple pathways for learning depending on student needs. The teacher accurately explains how the lesson fits within the structure of the discipline.</p>

INSTRUCTION AND ASSESSMENT	<p>LESSON DELIVERY (Standard 2: Content; Standard 4: Instruction; Standard 6: Collaboration and Communication)</p> <p><i>Sources of Evidence:</i> Formal Observation Classroom Walkthroughs/ Informal Observations</p>	<p>A teacher's explanations are unclear, incoherent, or inaccurate, and are generally ineffective in building student understanding. The teacher uses language that fails to engage students, is inappropriate to the content, and/or discourages independent or creative thinking.</p> <p>The teacher fails to address student confusion or frustration and does not use effective questioning techniques during the lesson. The lesson is almost entirely teacher-directed.</p>	<p>Teacher explanations are accurate and generally clear but the teacher may not fully clarify information based on students' questions about content or instructions for learning activities or the teacher may use some language that is developmentally inappropriate, leading to confusion or limiting discussion.</p> <p>The teacher re-explains topics when students show confusion, but is not always able to provide an effective alternative explanation. The teacher attempts to employ purposeful questioning techniques, but may confuse students with the phrasing or timing of questions. The lesson is primarily teacher-directed.</p>	<p>Teacher explanations are clear and accurate. The teacher uses developmentally appropriate strategies and language designed to actively encourage independent, creative, and critical thinking.</p> <p>The teacher effectively addresses confusion by re-explaining topics when asked and ensuring understanding. The teacher employs effective, purposeful questioning techniques during instruction. The lesson is a balance of teacher-directed instruction and student-led learning.</p>	<p>Teacher explanations are clear, coherent, and precise. The teacher uses well-timed, individualized, developmentally appropriate strategies and language designed to actively encourage independent, creative, and critical thinking, including the appropriate use of questions and discussion techniques.</p> <p>The teacher accurately anticipates confusion by presenting information in multiple formats and clarifying content before students ask questions. The teacher develops high-level understanding through effective uses of varied levels of questions. The lesson is student-led, with the teacher in the role of facilitator.</p>

INSTRUCTION AND ASSESSMENT	<p>CLASSROOM ENVIRONMENT (Standard 1: Students; Standard 5: Learning Environment; Standard 6: Collaboration and Communication)</p> <p><i>Sources of Evidence:</i> Pre-Conference Formal Observation Classroom Walkthroughs/ Informal Observations</p>	<p>There is little or no evidence of a positive rapport between the teacher and students. For example, the teacher may respond disrespectfully to students or ignore their questions or comments.</p> <p>There are no evident routines or procedures; students seem unclear about what they should be doing or are idle.</p> <p>Transitions are inefficient with considerable instructional time lost. Lessons progress too slowly or quickly so students are frequently disengaged.</p> <p>The teacher creates a learning environment that allows for little or no communication or engagement with families.</p> <p>Expectations for behavior are not established or are inappropriate and/or no monitoring of behaviors occurs. The teacher responds to misbehavior inappropriately.</p>	<p>The teacher is fair in the treatment of students and establishes a basic rapport with them. For example, the teacher addresses students questions or comments but does not inquire about their overall well-being.</p> <p>Routines and procedures are in place, but the teacher may inappropriately prompt or direct students when they are unclear or idle.</p> <p>The teacher transitions between learning activities, but occasionally loses some instructional time in the process.</p> <p>The teacher welcomes communication from families and replies in a timely manner.</p> <p>Appropriate expectations for behavior are established, but some expectations are unclear or do not address the needs of individual students. The teacher inconsistently monitors behavior.</p>	<p>The teacher has positive rapport with students and demonstrates respect for and interest in all students. For example, the teacher makes eye contact and connects with individual students.</p> <p>Routines and procedures run smoothly throughout the lesson, and students assume age-appropriate levels of responsibility for the efficient operation of the classroom.</p> <p>Transitions are efficient and occur smoothly. There is evidence of varied learning situations (whole class, cooperative learning, small group and independent work).</p> <p>The teacher engages in two-way communication and offers a variety of volunteer opportunities and activities for families to support student learning.</p> <p>A classroom management system has been implemented that is appropriate and responsive to classroom and individual needs of students. Clear expectations for student behavior are evident. Monitoring of student behavior is consistent, appropriate, and effective.</p>	<p>The teacher has positive rapport with students and demonstrates respect for and interest in individual students' experiences, thoughts and opinions. For example, the teacher responds quietly, individually, and sensitively to student confusion or distress.</p> <p>Routines are well-established and orderly and students initiate responsibility for the efficient operation of the classroom.</p> <p>Transitions are seamless as the teacher effectively maximizes instructional time and combines independent, collaborative, and whole-class learning situations.</p> <p>The teacher engages in two-way, ongoing communication with families that results in active volunteer, community, and family partnerships which contribute to student learning and development.</p> <p>A classroom management system has been designed, implemented, and adjusted with student input and is appropriate for the classroom and individual student needs. Students are actively encouraged to take responsibility for their behavior. The teacher uses research-based strategies to lessen disruptive behaviors and reinforce positive behaviors.</p>

The teacher responds to student misunderstandings by providing additional clarification.</p> <p>The teacher gathers and uses student data from a variety of sources to choose and implement appropriate instructional strategies for groups of students.</p> <p>The teacher provides substantive, specific, and timely feedback of student progress to students, families, and other school personnel while maintaining confidentiality.</p>	<p>The teacher uses assessment data to identify students' strengths and needs, and modifies and differentiates instruction accordingly, as well as examines classroom assessment results to reveal trends and patterns in individual and group progress and to anticipate learning obstacles.</p> <p>The teacher continually checks for understanding and makes adjustments accordingly (whole-class or individual students). When an explanation is not effectively leading students to understand the content, the teacher adjusts quickly and seamlessly within the lesson and uses an alternative way to explain the concept.</p> <p>By using student data from a variety of sources, the teacher appropriately adapts instructional methods and materials and paces learning activities to meet the needs of individual students as well as the whole class.</p> <p>The teacher provides substantive, specific, and timely feedback to students, families, and other school personnel while maintaining confidentiality. The teacher provides the opportunity for students to engage in self-assessment and show awareness of their own strengths and weaknesses. The teacher uses student assessment results to reflect on his or her own teaching and to monitor teaching strategies and behaviors in relation to student success.</p>

Improvement Plan

Teacher Name: _____

Grade Level/ Subject: _____

School year: _____ Building: _____ Date of Improvement Plan Conference: _____

Written improvement plans are to be developed in the circumstances when an educator makes less than average growth with his/ her students. In addition, it is recommended that teachers who have Ineffective ratings in any area of performance or who have an overall Ineffective performance rating have an Improvement Plan. The purpose of the improvement plan is to identify specific deficiencies in performance and foster growth through professional development and targeted support. If corrective actions are not made within the time as specified in the improvement plan, a recommendation may be made for dismissal or to continue on the plan.

Section 1: Improvement Statement - List specific areas for improvement as related to the *Ohio Standards for the Teaching Profession*. Attach documentation.

Performance Standard(s) Addressed in this Plan	Date(s) Improvement Area or Concern Observed	Specific Statement of the Concern: Areas of Improvement

Section 2: Desired Level of Performance – List specific measurable goals to improve performance. Indicate what will be measured for each goal.

Memorandum of Understanding
Between the
Xenia Education Association
and the
Xenia Community City School District Board of Education

Amendment to the Memorandum approved by the Xenia Community Schools Board of Education on October 13, 2014.

Teachers Exempt from Student Growth Measures

The teacher must meet the eligibility requirement stated in the SGM Board/XEA memorandum for exempting student growth measures. The guidelines for an exemption are created by the Ohio Department of Education and are located within the SGM business rules.

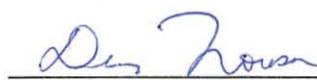

Teachers exempt from student growth measures in 2013-2014 and rated accomplished in 2013-2014 will be exempt from the student growth measures (SGM) in 2014-2015

Teachers who were exempt from the student growth measure in 2013-2014 and who were rated skilled can only be exempt in 2014-2015 by completing the full evaluation cycle.

Teachers who are exempt from student growth measures and who were rated skilled in 2013-2014 will use the district shared attribution unless the teacher selected to compete a full evaluation process. When shared attribution is used as the SGM, a full evaluation is not needed for teachers rated skilled in 2013-2014.

Memorandum of Understanding
Between the Xenia Community Schools Board of Education
And the Xenia Education Association

The Board and the Association agree to the following memorandum of understanding regarding section 9.05 : Evaluation

9.05 D 3) c)

Teachers rated "Accomplished" on the most recent evaluation will be evaluated once every two years utilizing a portfolio that is reviewed with their administrator on or before June 1. A biennial evaluation of two formal observations and a minimum of two documented walk-throughs will be completed by May 1, with the teacher receiving a written copy on or prior to May 10 of that year. By October 1 teachers rated accomplished must be notified if it is an evaluation year.

Replaced by the following:

Teachers rated "Accomplished" will be evaluated once every three years per Ohio Revised Code 3319.111. During the years teachers are not formally evaluated, the following are required:

- Professional growth plan or improvement plan
- One observation
- One conference
- Use student growth measures process to determine a rating for student growth measures and maintain a rating of average or higher to continue the less frequent evaluation cycle.
