PREAMBLE

The educational organization, administration, development and programs within our school system are to be guided by the following premises:

- A. All children are entitled to a public education that will encourage the fullest development of their individual talents.
- B. Learning is essential to individual independence and the general welfare of the changing American society.
- C. Effective learning develops both intellectual and emotional qualities and is for action; its proper evaluation lies in the quality of resultant activity, not mere response.
- D. Organized education, a deployment of human and material resources as means toward learning, implies learning for all – students, teachers, administrators – at different levels of understanding and maturity.
- E. Organized education is at its best when graced with experimental attitudes and dedicated to the proposition that all issues between organization and learning shall be resolved in favor of learning.
- F. All rewards and penalties adopted in the organization of education become legitimate only insofar as they assist learning.
- G. For purposes of learning and growth, internal motivations are more valuable than the external, such as, grades and competition.

The primary people in our school system are first, the students, and next, the teachers. Accordingly, they will be given primary consideration in any action taken by the Board of Education.

Our school system will provide training in the basic skills.

Our school system should provide a framework in which basic problem-solving and personal adjustment methods can be learned in an orderly, phased, and wholly accessible manner.

Our school system should educate toward both responsibility and responsiveness. It should provide greatly enriched conditions for individual growth in self-awareness, in a larger social awareness, and in controlled and meaningful response both to inner and to outer influences. It should strive to heighten the developing student's appreciation of the cultural and individual diversity within the human family, and improve his/her skill in working harmoniously and creatively with that diversity, since this is a rich resource for innovative and successful growth.

A major effort of the teaching-learning process should be the early development of positive self-assurance and the continuing development of individual potential to deal with a changing society, to think rationally and creatively, to be independent and productive, and to choose rewarding life

PREAMBLE

activities. Thinking, creativity, independence, productivity, and activity are also characterized by individual differences. Yet they must meet external requirements, and these change with the changing society.

In addition, the Board and the Union recognize the value of educational innovations in best serving the students of the District. New and dynamic techniques and procedures that will enhance the educational opportunities for our students ought to be implemented through collaborative efforts. With such beliefs, the Union and Board support the development of mutually agreed upon labor management committees to address issues which have the potential of enhancing educational opportunities for our students. In all cases, the labor management committees shall take into account state and federal law, Board of Education policy, the collective bargaining agreement and availability of funds.

To promote student achievement, the Board and the Union agree that planning and instruction shall align to State Content Standards. The Board and the Union will collaborate to ensure that access to and support for implementation of the State Content Standards is provided.

ARTICLE 1 – RECOGNITION

A. Inclusions and Exclusions

The Cleveland Heights Teachers Union, hereinafter referred to as the "Union", is recognized by the Board as the exclusive bargaining representative to represent a unit which is defined as all classroom teachers, guidance counselors, school psychologists, school social workers, certificated/licensed librarians, non-certificated/licensed librarians, non-certificated elementary media ancillaries, non-certificated alternative learning center ancillaries, media technicians, stage directors, language/speech pathologists, school nurses, Drug and Alcohol Counselor, Program Specialist, Coordinator of Testing, Home/School Liaison, EMIS Student Data Coordinator/Systems Analyst, Career Education Coordinator, Registrar/Assessment Coordinator, Research Assistant Coordinator of IMHOTEP, Guidance Technician, Occupational Therapist, Instructional Coach, 21ST Century Funded Instructors, short-term, on-call substitute teachers in matters of wages only, and long-term substitute teachers as defined in Article 7, Paragraph H. 2., and subject to the limitations set forth therein, but excluding from all the foregoing, those in administrative positions. In the event that SERB rules any of these positions should be included in another bargaining unit that position will be removed from the bargaining unit immediately. The recognition is for the purpose of discussing with the Board or its representative matters as designated herein.

B. Exclusive Bargaining Agent

The Union having earned the right as sole and exclusive bargaining agent, the Board shall neither contribute to nor encourage the creation or growth of any rival organizations which have had or seek bargaining rights. The Board specifically agrees not to honor dues/check-off deduction authorizations by any employee in the bargaining unit in favor of any other labor or representational organization.

1. The Union agrees to continue to represent and accept into membership all members of the bargaining unit, without discrimination on the basis of race, color, religion, national origin, gender, ancestry, age, disability or sexual orientation.
2. The Board agrees to continue its policy of not unlawfully discriminating against any employee on the basis of race, color, religion, national origin, gender, sexual orientation, disability or age, with respect to hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment of members of the bargaining unit.

C. Effective Dates of the Agreement

This agreement shall become effective on July 1, 2013, except as otherwise provided for herein and shall remain in effect until June 30, 2016, and shall be binding upon the Board and the Union as well as upon their successors until June 30, 2016, except as modified through negotiations provided for in Article 2. This agreement is between the Board and the Union on behalf of the members of the bargaining unit described in Paragraph A, above. This unit is currently represented by the Union, and the agreement was reached through

ARTICLE 1 – RECOGNITION

negotiations with the Union. In the event all or a part of said unit described in Paragraph A, above, is hereinafter represented by a different organization, negotiations shall be had only on the date provided for herein and shall be directed toward a new agreement or an amendment of the within agreement to become effective on June 30, 2016.

ARTICLE 2 – NEGOTIATIONS PROCEDURE

A. Initiation of Negotiations

1. Requests for commencement of negotiations shall be given no earlier than January 15 of the year the Contract expires. Requests from the Union shall be made directly to the Superintendent, or in his/her absence to his/her designee; requests from the Board will be made to the President of the Union. Unless mutually agreed otherwise, negotiations will begin no later than April 1 of the year of expiration of this Agreement. All meetings shall be mutually scheduled. The date, time, and place of the next meeting will be established before adjournment of each meeting.
2. The Board and the Union shall each designate a team of not more than six to represent it at negotiations. Substitutions may be made at any time.

B. Tentative Agreements

1. Each team shall designate a spokesperson who shall have the power to sign tentative agreements.
2. Signature on tentative understandings shall not be binding but is merely to indicate agreement among the negotiators on a particular item to be incorporated into the finally negotiated overall agreement if agreement is reached on all matters.
3. If agreement is reached among the negotiators, the Union negotiators agree to recommend ratification and the Board negotiators agree to recommend ratification.
4. Unless alternative procedure is otherwise agreed to pursuant to Paragraph D, below, the parties will exchange complete proposals on proposed matters for negotiation at an agreed-upon date. Except where mutually agreed upon, additional items shall not be submitted after the second meeting.
5. Copies of any and all public records deemed to be relevant to negotiations, or reasonably necessary for the proper enforcement of terms of these policies, shall be made available by the Board to the Union upon its request. Requests for such records shall be directed to the Superintendent or the Treasurer and they or administrative personnel designated by them shall be responsible for the furnishing of such records.
6. Prior to May 1, no press releases shall be given by any member of the negotiating teams or by either side except by mutual agreement.
7. Each team shall bargain in good faith, and no meeting shall end without the scheduling of the next meeting.
8. When agreement is reached between the negotiators, it shall be reduced to writing and shall be submitted by the Union for ratification and if ratified shall be submitted

ARTICLE 2 – NEGOTIATIONS PROCEDURE

to the Board for adoption. In such event, the Board shall then make the agreement a part of its official minutes.

C. Impasse Procedure

If agreement is not reached fifty-one (51) days prior to the expiration of the current contract the parties shall jointly notify the Federal Mediation and Conciliation Service (FMCS) that a mediator is required to assist the parties. Thereafter, mediation shall commence in accordance with a schedule established by the mediator.

The procedure above represents the sole and exclusive dispute resolution procedure between the parties, and no other dispute resolution procedure shall be utilized, including fact-finding, mediation, conciliation, or those established by O.R.C. 4117.14.

D. Alternative Procedure

The parties shall meet at least six (6) months prior to the expiration of the Agreement to discuss whether an alternate negotiations procedure (e.g., Interest Based Bargaining, Condensed Bargaining, Modified Traditional, etc.) shall be used instead of the traditional procedure described above. If an alternative negotiations procedure is agreed upon by the parties, ground rules will be established at that time, which shall include an agreement addressing the possibility of a transition to traditional bargaining should that become necessary.

E. Distribution of the Agreement

1. The Board will continue as in the past to print the Agreement for distribution to the members of the bargaining unit.
2. The format of the printed Agreement shall be determined in conference with the union negotiators.

F. No Strike

The Union agrees not to sponsor, participate in, or call a strike during the terms of this Agreement, and agrees that if it does sponsor, participate in, or call a strike, it shall forfeit its right to dues check-off and that upon the happening of such event, the Board may discontinue its check-off privileges.

ARTICLE 3 – UNION RIGHTS

A. Union Dues and Service Fees

1. The Board will deduct from pay of each employee who so authorizes it to do so the required amount of fees for the payment of Union dues and voluntary political deductions (COPE) dues on a bi-weekly basis. The authorization shall comply with the provisions of the law and shall be revocable between September 1 and 10 of each year.
2. The Union recognizes its obligation to fairly and equitably represent all members of the bargaining unit, whether or not they are members of the Union. For this service, the Union may assess a fair-share service fee, not to exceed the amount of dues uniformly required of members of the Union, against non-members of the Union as provided in this section. The fees charged against non-members who work less than full time shall be as hereafter set forth but, in any event, shall not exceed the amount of dues charged to a Union member who is working less than full time.
3. The fair-share service fee or Union dues shall be collected by the Board, via ten monthly payroll deductions per year, from all employees of the bargaining unit employed part or full time as defined in Article 1 -- Recognition. No fee shall be charged or collected from substitutes. No member of the bargaining unit is required, by this section, to become a member of the Cleveland Heights Teachers Union.
4. The Board shall inform all employees and all new hires that they are obligated, as a condition of employment, to pay a fair-share service fee after sixty (60) days of their hire. No service fee shall be assessed or collected during the first sixty (60) days of employment of a new hire. The service fee assessed against a returnee from a leave of absence shall begin in the month of their return. The fee charged to members of the Unit who work less than full time shall be: 37.5% or more - full service fee: Less than 37.5% - a proportion based upon percentage of time worked.

The Board shall provide once per year, on request, a list of all members of the bargaining unit, and the fair-share service fees and dues deductions; a list of new bargaining unit members; a list of bargaining unit members returning from leaves of absence; a list of bargaining unit members granted leaves of absence and a list of employees who terminate employment.

5. The Union assures the Board that the Union's fair share fee procedures and procedures to challenge fair share rebates comply with and satisfy all legal requirements.

The Union shall provide to the Board a copy of the Union's rebate procedure. The Union shall also provide to the Board any revisions or amendments to the fair share fee and rebate procedures at the time such revisions or amendments are adopted. A "Procedure to Challenge" is on file at the Board of Education.

ARTICLE 3 – UNION RIGHTS

6. Any member of the bargaining unit who objects to the payment of the fair-share service fee by reason of membership in and adherence to the tenants or teachings of a bona fide religion or religious body which has historically held conscientious objections to joining or financially supporting an employee organization and which is exempt from taxation under provisions of the Internal Revenue Code may submit proper proof of religious conviction to the State Employment Relations Board (SERB) to seek a declaration from that board that the member not be required to financially support the local in accordance with the provisions of Ohio Revised Code Section 4117.09(C).

It is recognized that SERB shall, if it finds that the employee is not to be required to pay a service fee, require payment of an equal amount to a non-religious charitable fund pursuant to the requirements of Section 4117.09(C).

7. In the event any member of the bargaining unit from whom a service fee is charged, shall object to the imposition of such fee, either on the grounds that the amount charged is inaccurate or that the bargaining unit member is not one against whom a service fee may be assessed, this shall be discussed with the Union in an effort to resolve the dispute.

Subject to the above, the Union agrees to hold the Board harmless and to defend the Board in any suit, claim or administrative proceeding, arising out of or connected with the imposition, determination or collection of service fees or dues, to indemnify and defend the Board for any liability imposed on it as a result of any such suit, claim or administrative proceeding. Such indemnification and defense shall not extend to claims against the Board for discrimination on the basis of race, color, religion, national origin, sex, ancestry, age or disability, or because of clerical or other errors by Board employees. For purposes of this Section, the term "Board" includes the Board of Education of the Cleveland Heights-University Heights City School District, its members, the Treasurer, Superintendent, and all members of the administrative staff. Should this indemnification agreement be found invalid or void by any court, the issue may be reopened for negotiations by request of either party.

B. Union Activities - Representation at Professional Activities

1. **Union Representatives**

The Union shall designate two people to participate in professional or organizational activities in regard to the enforcement of the agreement. The Union President shall notify the Director of Human Resources, in writing, by the end of each school year as to the two individuals for the successive school year. Should the Union President fail to so notify, the designees shall be the President and 1st Vice President of the Local.

The Union President shall be assigned duties for the first two periods of the day and shall then be released to attend to Union business. In addition, the Union President shall be granted up to thirty (30) days of released time with pay per school year for the purpose of representing teachers and attending to Union and PTA business.

ARTICLE 3 – UNION RIGHTS

The building principal shall arrange the program of the First Vice President or designee other than President so that he/she will teach all classes consecutively from the first of the day. For the purpose of carrying out professional and organizational activities, this designee shall be released from the conference period to the extent that it is not required for other school matters, duty period, homeroom, and lunch period.

The First Vice President or designee other than President, if holding a 190-day contract, shall be released no later than the close of the fifth period or no later than 12:30 p.m. at the assigned building if no period schedule exists.

Should a First Vice President or designee other than President have a 200-day, 8:00 a.m. - 4:30 p.m. contract, said designee shall have a schedule arranged so as to allow release no later than 2:00 p.m. daily. The designee shall not have an assigned lunch period.

In the event a person assigned to an elementary school becomes a designee, a transfer to a middle or high school will occur and the appropriate assignment arranged. The designee shall not have a scheduled lunch period.

Every reasonable effort shall be made by the designees to attend post-class activities such as faculty meetings. However, the designees may absent themselves from such activities when their professional responsibilities as the designees of the bargaining unit so require and the business cannot be performed at another time. In such event, the designees shall inform the principal of the intended absence.

2. Representation at Professional Activities

Effective 1993, by each June 30, the Union will pay to the Board an amount equal to the daily rate of pay for a Step 14 MA teacher times fifty (50) days.

In the event a designee, pursuant to Section 7.01, has a 200-day contract, the daily rate of pay for a step 14MA times 1.1 teachers shall be used to calculate the payment by the Union as described above. Should both designees hold 200-day contracts, the daily rate of pay for a Step 14 MA times 1.2 teachers shall apply.

3. Grievance Investigation

The Union shall designate not more than three individuals who shall have the right to enter all schools for the purpose of investigating grievances or potential grievances and conducting Union business, provided, however, that such activity shall not interrupt the education process shall only be carried on during the regular school day and the visit shall only be made after notifying the office of the Building Principal.

4. **New Teacher Orientation**

The Union will provide two teachers to participate in at least one day, to be designated by the Superintendent, of Board orientation for new staff members, and no teacher organization other than the Union shall participate in the orientation program. In addition, the Board will provide a reasonable period of time for Union orientation which may or may not be a lunch or breakfast session.

Participation in orientation is a requirement for new staff members. New staff members may not be excused from any segment or orientation without the permission of the Director of Human Resources, and any so excused may be required to participate in a succeeding year.

The above information will be distributed to all new staff members by the Human Resources Department.

5. **Ohio Federation of Teachers Convention**

During each year, so long as the Agreement remains in effect, the Board shall provide substitutes at Board expense for those teachers designated by the Union as delegates to the annual Ohio Federation of Teachers Convention. Teachers designated as delegates shall be permitted to attend the convention at their own expense but without loss of pay.

The maximum provided by the Board shall be either:

- 8.5 delegates for 4 days, or
- 11.33 delegates for 3 days, or
- 17.0 delegates for 2 days,

For any delegate sent beyond the above limits, the teachers designated shall be permitted to attend the convention at their own expense and without loss of pay, but the Union shall pay for substitutes.

The delegates shall not come from one school, but shall be from different schools so that no one school shall be left with a disproportionate number of substitutes.

6. **Other Meetings**

In addition to the leave provided above for attendance at the Ohio Federation of Teachers Convention, ten (10) additional days leave shall be granted for attendance at Union regional, State or national professional meetings or other union business. The Union shall provide for all expenses including the cost of substitutes.

7. **Newly Hired Employees/Employment Lists**

The Superintendent's Office shall provide board agendas to the Union, and will include the staff personnel annual reappointments—annual contracts and continuing

ARTICLE 3 – UNION RIGHTS

contracts including salaries of the certificated/licensed personnel who are members of the bargaining unit.

This shall not be construed to limit the provisions of Article 2 – Negotiations Procedure.

8. Union Officers and Stewards - Assignment

Elected officers and building stewards of the Union shall not be transferred from their current building assignments for reason other than certification/licensure needs during the term of office for which they have been elected (officers - 2 year term; stewards - one year term. For purposes of this section, the term of office for stewards is September to June.)

9. Bulletin Boards, Mailboxes

Each school shall provide adequate space on the present bulletin board for Union materials for the purpose of communications with the bargaining unit. This shall not be interpreted to exclude others from the use of the bulletin board, but their use shall not deprive the Union of the exclusive use of the space reserved for the Union.

Material pertaining to tax-sheltered annuities and other investment plans will not be placed in the school mailboxes of employees represented in this contract without the permission of both the Superintendent and the Union President.

The Board of Education will continue, as it has in the past, to provide an inter-school mailbox for the Union at the Board's central office building.

ARTICLE 4 – EMPLOYMENT PRACTICES

A. Pre-Employment

1. An employee hired or rehired into the bargaining unit shall initially be placed on day-to-day status pursuant to O.R.C. §3319.10 provided, however, that all such employees shall receive the full contract rights, including rate of pay with placement on the salary schedule and benefits for the time they are on such status. These employees will receive a conditional offer of employment which shall remain intact until all pre-employment procedures, including the criminal history records check have been completed or for ninety (90) working days, whichever comes first. If the pre-employment procedures are not completed after ninety (90) working days, the employee will receive regular contract status.
2. If during the pre-employment procedures occurring during the first ninety (90) working days of employment, the Director of Human Resources concludes the employee has misrepresented or falsified any documents or has failed to meet the requirements set forth in Board Policy, the employee shall be released from employment and the conditional offer of employment shall be rescinded. The employee will not be entitled to any termination proceedings under O.R.C. §3319.16 nor to any proceeding under the contract or grievance procedure, except as set forth herein. Prior to release from employment, the District will follow these procedures:
 - a. The District shall use the factors set forth in O.A.C. §3301-20-01 (D) (or such similar provision in the final regulations as adopted by the State Board of Education) in considering whether to release the employee.
 - b. The employee will be entitled to a meeting or meetings for purposes of being informed of the facts and reasons for the decision to release the employee from employment and to provide the employee an opportunity to rebut or explain any alleged falsifications, misrepresentations or failures to fulfill the requirements of Board Policy.
 - c. Prior to any of the aforementioned meetings, the employee shall be given a copy of the FBI or BCI report, or such other documentation that indicates there was a falsification in the application process or a failure to fulfill the requirements of Board Policy.
 - d. The employee shall be informed of his/her right to union representation.
3. If pre-employment criminal history information is received after the first ninety (90) working days and reveals a failure to fulfill the requirements of O.R.C. §3319.39, the employee may be subject to being released from employment. Prior to release from employment, the District will follow the procedures set forth in Paragraph 2, subsection a through d above. Further, the employee will not be entitled to any termination proceedings under O.R.C. §3319.16, but may file a grievance under the contractual procedure if the District, after consideration of the factors in O.A.C.

ARTICLE 4 – EMPLOYMENT PRACTICES

§3301-20-01 (D), decides to release the employee from employment whether or not required to do so by the statute. If the grievance is taken to arbitration under this paragraph, the arbitrator may sustain a grievance only upon a finding that the District acted in an arbitrary or unreasonable manner in reaching its decision.

4. If after the employee has been placed on regular contract status, the Board receives information which reveals a failure to meet the requirements of Board Policy (other than for the reasons set forth in the preceding paragraph), or that the employee may have misrepresented or falsified any documents, that employee's employment may be subject to termination. If the District determines to initiate employment termination for such reason(s), it shall follow the procedures of O.R.C. §3319.16 and the employee shall be entitled to follow these procedures.
5. The Union will be provided a copy of all executed letters of conditional employment for employees who have begun work within the first week of that employee's service.

B. Resident Educators

1. Introduction

The Resident Educator Program will be a Program administered and funded by the Board and coordinated by the District's Program Specialist Resident Educator Program Coordinator (REPC). This program shall be separate from and shall not replace the employee evaluation system.

a. Resident Educator

A Resident Educator is a teacher employed under a resident educator license.

b. Mentor Teacher

A Mentor Teacher is a teacher trained and assigned to provide professional support to a Resident Educator following the guidelines and protocols of the Resident Educator Program.

- i. Mentor Teachers shall be allotted up to 9 half day of release time. The Board will pay all training fees and expense required for Mentor Teachers to receive the mandatory ODE mentor training.
- ii. Mentor Teachers may be assigned one or more Resident Educators as determined by the needs of the Program.
- iii. Participation as a Mentor Teacher is voluntary.

ARTICLE 4 – EMPLOYMENT PRACTICES

2. Mentors

a. Qualifications and selection

- i. The Mentor Teacher must have five (5) years of teaching experience, of which three (3) years have been in the District as a classroom teacher and preferably at least two (2) years in the level or subject area assigned (i.e. elementary, middle school, special education, etc.).
- ii. The Mentor Teacher must be trained as a mentor through the current Ohio Department of Education Resident Educator program.
- iii. Mentor Teachers shall be selected collaboratively by the Administration and the Union.

3. General

- a. Resident Educators shall also be required to participate in a teacher induction program that is collaboratively developed by the Administration and the Union or the Local Professional Development Committee (LPDC). The extent of the participation required shall be determined by the LPDC consistent with the Ohio Revised Code.
- b. Other than a notation to the effect that a teacher served as a Mentor Teacher, the teacher's activities as a Mentor Teacher shall not be part of that staff member's evaluation.
- c. Neither the REPC nor any Mentor Teacher shall not participate in the District's evaluation of any Resident Educator.
- d. Neither the REPC nor any Mentor Teacher shall be requested or directed to make any recommendation regarding the continued employment of the Resident Educator.
- e. At any time, if either the Building Principal or REPC determines that the Resident Educator-Mentor situation is not appropriate, and the concern is not resolved satisfactorily, the issue will be submitted to the Superintendent/designee and the Union President who, subject to mutual agreement, shall have the authority to end the Mentor appointment. Any Mentor whose position is ended and/or any Mentor beginning an assignment after the start of the year will receive a supplemental contract in proportion to time served in that role.
- f. The REPC and all Mentor Teachers and Resident Educators shall keep confidential all discussions, actions, materials and other information to the extent permitted by law.

ARTICLE 4 – EMPLOYMENT PRACTICES

- h. Mentor Teachers shall communicate directly with the Resident Educators and shall not discuss/report the performance and progress of the Resident Educator with any administrator, assessor, or other teacher, with the exception of the REPC.

C. Maintenance and Filing of Certification/Licensure

Each teacher must comply with the teacher certification/licensure laws of Ohio and the regulations as determined by the state and local Board of Education. A valid Ohio certificate/license, as appropriate, must be filed in the Central Office to legalize payment of salary. Proper certification/licensure status is the responsibility of each certified/licensed employee. Evidence of such must be on file in the Human Resources Department. As a courtesy the Human Resources Department will continue to notify teachers regarding certification/licensure status. Copies of the notification letter will be sent to the Union.

Members of the bargaining unit shall be responsible for filing with the Human Resources Department all certificates and licenses issued to the member by the Ohio Department of Education.

No right or privilege concerning reduction of staff shall be asserted by a member of the bargaining unit under any newly issued certificate or license not on file as of March 20 of the school year that a reduction in staff takes place.

D. Transcripts and Additional Training/ Salary Schedule Placement

1. Official evidence of additional training, including transcripts of credits and for graduates, actual diploma of graduate degree conferred, must be submitted to the Superintendent on or before September 15 to be considered in determining salaries for the first semester and January 15 in determining any salary change for the second semester of the school year. All filing of credentials and credits is a responsibility of the teacher. Credit toward salary credit will not be given for in-service or graduate credit submitted later than one year after completion of the course except by the discretion of the Superintendent. Exceptions may occur only when specific course work relates to a new assignment. Where an employee has met all of the requirements for a particular degree prior to September 15 or January 15 but official transcripts are not yet available or the actual degree will not be conferred until after September 15 or January 15, an official document which states that the employee has met all of the requirements for the degree and which is signed by the academic dean, the registrar, or the equivalent will be temporarily sufficient for the employee to receive credit for the degree.
2. In addition to credit allowed at the time of a teacher's original employment by this system for teaching service outside this system, and in addition to credit for teaching service in this system, experience credit shall be granted for service in the armed forces of the United States to the extent of one year's credit for each full year of such

ARTICLE 4 – EMPLOYMENT PRACTICES

service as evidenced by an honorable discharge certificate/license. Credit for a fractional year of military service shall be given if the fractional year is equal to at least one-half year. A fractional year of service of less than one-half year shall not result in any credit being given on the salary schedule. However, the maximum experience credit to be allowed for service in the armed services of the United States shall be an amount which, if combined with credit allowed for teaching service outside this system, shall total not more than five years.

Up to and including the MA degree, credit for advancement on the salary schedule will be based upon official college graduate credit as certified by training institutions which are approved by the State Department of Education; or by credits earned in staff development courses, in-service training courses, professional workshops and professional institutes, meeting standards of achievement and attendance and approved in advance by the Superintendent. (Undergraduate courses leading to certification/licensure taken by those holding a temporary certificate/license are not applicable to salary credit.)

3. Regulations concerning salary recognition beyond the MA on salary schedule category fall into three classifications:
 - a. An individual may take courses in the area of his/her current assignments, fulfilling the requirements of an advanced degree program in his/her current assignment, or in an area approved as part of the teacher's IPDP by the LPDC if it falls within the District's K-12 curriculum, without prior approval from the Superintendent. An individual who is taking graduate level courses in pursuit of two (or more) advanced degrees simultaneously shall receive prior approval from the Superintendent for enrollment in all except one of the advanced degree programs in his/her teaching assignment. Such individual shall receive salary credit beyond the MA schedule for credit hours earned upon completion of the requirements for the two (or more) advanced degrees awarded, provided that the requirements of the first sentence of this section have been satisfied.
 - b. In the event that a teacher's assignment is changed, and he/she has already embarked upon a doctoral program in his/her former assignment, he/she will be given salary credit to the pursuance and completion of that program.
 - c. An individual may take college graduate courses as certified by training institutions which are approved by the State Department of Education, staff development courses, in-service training courses, professional workshops and professional institutes meeting standards of achievement and attendance. Courses in these five classifications may be allowable, that upon evaluation and prior approval by the Superintendent, are within the individual's related teaching assignment or contribute to the improvement of the professional efficiency of the total job of public school teaching.

ARTICLE 4 – EMPLOYMENT PRACTICES

The Superintendent may also give prior approval to selected undergraduate courses that are prerequisite to a teacher's strengthening his/her area of assignment, such approval to be given on an individual basis.

- d. Salary credit for graduate hours earned in workshops completed during approved (short-term) professional leaves shall be awarded in those instances where the employee pays the cost of tuition for the graduate credit.

E. Personnel Files

1. The Human Resources Department shall maintain the official teacher files at the central administration building. No other teacher file shall be considered to exist for purposes of documentation in all official matters, transfers, assignments, evaluations, grievances, or any other matters concerning the teacher. All or part of such file may be maintained electronically, provided the bargaining unit member is provided access and copies upon request.
2. Materials retained in files other than the official file shall not be considered as official.
3. No material of a derogatory nature about a teacher's service, conduct, character or personality shall be placed in the file, unless the teacher has had an opportunity to read such material, and the intent to place the material in the file has been expressly noted by the words, "copy Board Personnel File" or "c. Board Personnel File," or "cc. Personnel File," on the material.
4. The teacher shall acknowledge having read material by putting his name and the date when read on it. The signature indicates only that the teacher has read the material, not that he/she is in agreement with its content. If the teacher refuses to so acknowledge the reading, this fact shall be noted on the record along with the date of reading.
5. The teacher has the right to respond to any material filed and to have this response attached to the file copy. Such attachments shall be submitted to the Board within sixty (60) calendar days of receiving the material.
6. Upon request, and between the hours of 8:15 a.m. and 4:00 p.m., the teacher shall be permitted immediately to examine his/her file and to reproduce any material in it.
7. Members of the bargaining unit may request removal from their personnel files of materials of a derogatory nature. The requests shall be made to the Director of Human Resources. Upon making such request, the teacher shall be given an opportunity to justify his/her position and shall have the right to union representation. Materials shall not be removed unless:
 - a. Three years have elapsed since the material was inserted and the issue has not occurred again; or

ARTICLE 4 – EMPLOYMENT PRACTICES

- b. The member is retiring or resigning.

The above shall not apply to composite evaluations.

F. Employment Contracts

- 1. The Board of Education shall issue limited and continuing contracts as prescribed and in compliance with the Ohio Revised Code.
- 2. Contracts will be issued to limited contract certificated/licensed members only. It is the responsibility of the member to secure a certificate/license from the State Department of Education and register the certificate/license in the Human Resources Department.
- 3. Continuing Contract

Upon the recommendation of the Superintendent that a member eligible for continuing contract status be re-employed, and approval by the Board of Education, as prescribed and in compliance with the Ohio Revised Code, of the Superintendent's recommendation, a continuing contract shall be entered into between the Board and the member. Teachers eligible for continuing service status are those teachers qualified as described below, who within the last five years have taught for at least three years in the District, and those teachers who, having attained continuing contract status elsewhere, have served two years in the District.

In order to be eligible for the granting of a continuing contract, the bargaining unit member must have on file with the Board by March 20th of the year of tenure eligibility either:

- a. A Professional, Permanent or Life teacher's certificate issued upon application submitted to the State Board of Education prior to September 1, 1998 or renewed or upgraded subsequent to September 1, 1998 in accordance with Ohio Revised Code 3319.22; or
- b. A Professional Educator's License issued after October 29, 1996 and proof of either of the following:
 - i. If a master's degree was not held at the time of initially receiving a teaching certificate or an educator's license, thirty (30) semester hours of course work in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license; or
 - ii. If a master's degree was held at the time of initially receiving a teaching certificate or an educator's license, six (6) semester hours of graduate course work in the area of licensure or in an area related to

ARTICLE 4 – EMPLOYMENT PRACTICES

the teaching field since the initial issuance of the teaching certificate or license.

- iii. A teacher holding a senior professional educator license or a lead professional educator license issued under the licensure provisions of the ORC.
- c. For bargaining unit members initially licensed after January 1, 2011, continuing contract eligibility is met if the teacher:
- i. Holds a professional, senior professional or lead professional license;
 - ii. Has held an educator’s license for at least seven (7) years; and
 - iii. Has completed either of the following:
 - a. If the bargaining unit member did not hold a master’s degree at the time of initially receiving an educator license, thirty (30) semester hours of coursework in the areas of licensure or in an area related to the teaching field since the initial issuance of that license, as specified in rules which the state board shall adopt;
 - b. If the bargaining unit member held a master’s degree at the time of initially receiving an educator license, six (6) semester hours or graduate coursework in the area of licensure or in an area related to the teaching field since the initial issuance of that license, as specified in rules which the state board shall adopt.
- d. Bargaining unit members must have an appropriate certificate or license on file by March 20th of the year to be eligible for continuing contract status. Bargaining unit members who do not have the appropriate licensure/certification on file at the beginning of the year, but who intend to file such prior to March 20th, are encouraged to notify his/her supervisor and the Department of Human Resources at the beginning of the school year.
- e. Members, eligible for continuing contract status, who have not attained continuing contract status elsewhere, may be temporarily re-employed for up to two years, under an extended limited contract(s), if recommended by the Superintendent and approved by the Board. If a bargaining unit member is given such extended limited contract, the employee will be provided recommendations on the applicable evaluation form for performance improvement. Upon subsequent reemployment of the bargaining unit member only a continuing contract may be entered into. To the extent that this procedure for granting an extended limited contract differs with that found in

ARTICLE 4 – EMPLOYMENT PRACTICES

Ohio Revised Code Section 3319.11, the parties intend that this provision replaces and supersedes same.

- f. Members certificated provisionally, professionally or higher, in more than one area and more than one discipline shall be eligible for continuing contract status based on the professional, permanent certificate, or 5-Year License regardless of the area or discipline in which the member is assigned.
- g. Each spring the Human Resources Department shall publish certificated/licensed bargaining unit vacancies so that bargaining unit members can request consideration. In addition, each certificated/licensed bargaining unit member shall receive a preference request form between February 10 and February 25. The preference form shall be returned by March 15. Each teacher shall receive his/her tentative class assignment in writing no later than June 1 of each school year. Vacancies that occur after the spring vacancy publication through August 15 will be posted on the Human Resources Bulletin Board at the Board of Education building, or Human Resources website, with a copy to the Teachers Union office. After receipt of a written resignation after August 15 and prior to the spring vacancy publication, the Human Resources Department will notify the Union President of any vacancy.

G. Job Sharing

Job sharing shall refer to a voluntary option available for teachers, subject to the prior approval of the Superintendent or his/her designee, to share one full-time position.

- 1. Tenured teachers with at least three years of experience in the District are eligible to job share.
- 2. Teachers shall assume responsibility for finding job sharing partners. No teacher shall be required to job share.
- 3. A written proposal for partnerships must be submitted by March 1st.
- 4. The total number of job sharing teachers shall not exceed six (6) district-wide, i.e. three pairs per year, unless approved by the Superintendent or his/her designee.
- 5. Each teacher shall acquire one year seniority for each year of job sharing worked.
- 6. A job sharing partnership shall last one (1) school year.
- 7. The salary of the job sharing teacher shall be the percentage of that teacher's salary as set forth in this Agreement which represents a percentage of the job the teacher performs. Benefits also shall be available on a pro rata basis. For example, if two (2) teachers equally share a position, each teacher will be paid 50% of the salary she/he would otherwise earn and be entitled to 50% of the total fringe benefits paid by the Board under this Agreement. Any difference between the 100% paid coverage

ARTICLE 4 – EMPLOYMENT PRACTICES

and the pro rata entitlement shall be paid by the teacher. It is further understood that, due to the need for coordination of educational programming, the actual work needed to facilitate a successful job share may exceed the percentage assigned by the Superintendent for the pay and benefits and the division of the work shall be agreed upon in writing at the time the job share is approved.

8. In order to maximize the continuity of the educational program of students, each participating teacher shall, with advance notice, substitute for his/her partner and shall be paid the appropriate prorated amount at the daily substitution rate. If the partner cannot substitute, a qualified substitute shall be employed.
9. A written grading philosophy and discipline standard in compliance with existing policies will be agreed upon by the participants and the building principal. Said philosophy and standard will be kept on file in the Principal's office, and distributed and discussed with parents/guardians within the first three (3) weeks after the start of school. The same holds true for new subjects, if applicable.
10. Equity of work load/time on duty will be attempted at all times by all participants concerned. A schedule will be determined and agreed upon before the building schedule is finalized.
11. Both job sharing teachers must attend Curriculum Night and parent conferences scheduled in accordance with the Negotiated Agreement.
12. Between them, job sharing teachers shall be responsible for performing a full-time equivalency of instructional assignments, and attendance at required meetings. Additionally, job share teachers are required to attend mandatory professional development sessions related to their instructional content areas and in-service related to key District initiatives.
13. To be considered for job sharing, the interested teachers must submit a written proposal detailing how the proposed arrangement will work. This detailed proposal shall outline how their educational philosophies are compatible, how they will share a full-time equivalent load of performance responsibilities, and how they will ensure cohesiveness in instruction for students.
14. No later than May 1st, job sharing proposals shall be returned to the job sharing applicants indicating that their applications have been approved or denied by the Superintendent.
15. A job sharing partnership may continue for no more than three (3) years. At the end of the three (3) year period, the partnership may continue only if the total number of allowable partnerships is not previously filled. In that event, the partnership may continue on a year-to-year basis, subject to the approval of the Superintendent or her/his designee. Upon dissolution of the job sharing partnership, the individual job sharing teacher shall be eligible to receive a full-time position subject to his/her certification/licensure.

ARTICLE 4 – EMPLOYMENT PRACTICES

16. Job Share teachers will be evaluated pursuant to the Negotiated Agreement.

H. Master Teacher

The CH-UH Master Teacher Program was developed and implemented in collaborative partnership between the Board and the Union and shall comply with all pertinent statutory provisions, licensure regulations, and requirements as set forth by the Ohio Educator Standards Board.

1. The Master Teacher Committee is comprised of three teachers appointed by the Union and two administrators appointed by the Board. In addition, the Master Teacher Committee may appoint a Master Teacher Committee Liaison to assist the committee in fulfilling the responsibilities enumerated in #3, below. The appointment of a liaison and the continuation of the liaison's duties for subsequent school years shall be subject to approval by the Superintendent.
2. The Master Teacher Committee shall have the following responsibilities:
 - Communicating information and updates on the Master teacher Program to the teaching and administrative staffs.
 - Facilitating the Master teacher application process.
 - Confirming the eligibility of candidates for Master Teacher status.
 - Reviewing Master Teacher applications.
 - Granting approval of Master Teacher status to applicants.
3. The Master Teacher Committee shall select a chairperson to call and conduct committee meetings.
4. The Master Teacher Committee shall set a calendar of meetings. Committee members shall be granted released time as needed for the purpose of scoring Master Teacher applications.
5. Minutes of meetings of the Master Teacher Committee shall be recorded, and all meetings shall be conducted in compliance with the Ohio Open Meetings Laws.
6. Should any costs apply to Master Teacher applications required by the Ohio Department of Education, those teachers who are awarded Master Teacher status shall be reimbursed by the Board for such costs.
7. Participation in the district's Master Teacher Program shall also be accepted by the Board as the participating teacher's professional growth plan under the Tier II Alternative Evaluation. Therefore, a teacher who completes the Master Teacher Program shall be deemed to have completed a Tier II Evaluation Program.

ARTICLE 4 – EMPLOYMENT PRACTICES

I. Local Professional Development Committee

1. The Local Professional Development Committee (LPDC) shall be established to oversee and review professional development plans pursuant to ORC 3319.22.
2. The Board and the Union shall establish governance, structure, procedures, and meeting schedules of the LPDC. The LPDC shall be comprised of teachers and administrators. There shall be one more teacher on the LPDC than administrators. The teacher members shall be selected by the Union. The administrative members shall be selected by the Superintendent.
3. Participation in the district Residency Programs is a requirement for all teachers through their first four years of teaching.

ARTICLE 5 – REDUCTION IN FORCE

A. Legal Basis

Reduction in force shall be in accordance with Ohio Revised Code Section 3319.17, including financial reasons, declining enrollments and changing course offerings and selections.

The Superintendent shall meet with the CHTU President at least thirty (30) calendar days before Board action to authorize a reduction in force. At this time the Superintendent shall provide a list of the potential positions to be eliminated and the names of the individuals who may be affected by the reduction.

B. Attrition

The number of persons affected by a reduction in force will be kept to a minimum by not employing replacements insofar as practicable for employees who retire or resign or whose limited contracts are not renewed on the basis of performance. To achieve educational aims, however, it may be necessary to hire some replacements for some positions if other employees in the system do not possess the certification/licensure, qualifications and experience for the position and the position is one that needs to be filled. Attrition, moreover, may not be sufficient to accomplish a reduction in force in full.

C. Definition of Seniority

Seniority shall be here defined as length of service in this school system, being total length counted in years and fractional parts of years. In determining length of service, absences based upon the granting of a leave of absence shall not be included.

All teachers shall return to their last previous assignment unless there shall have been a transfer planned and/or effected.

D. Notice of Suspension of Contracts

Contract suspensions will only take effect at the end of a school year, except in the case where a RIF is necessitated by a return from leave of absence by a regular teacher. Notice of contract suspensions will be provided to affected bargaining unit members no later than June 1st.

E. Retention

Retention of bargaining unit members and recall of eligible teachers whose contracts have been suspended pursuant to a reduction in force will be based upon seniority only in circumstances when choosing between teachers with comparable evaluations. The application of the term “comparable” as applied to teacher evaluations refers to the summative teacher effectiveness ratings as determined by the OTEs framework in the Board adopted, standards-based teacher evaluation policy.

ARTICLE 5 – REDUCTION IN FORCE

For the transition period of this Master Agreement only, ending on June 30, 2016, comparable evaluations of OTES teachers will be defined as all evaluation ratings above "Ineffective." Thereafter, unless the parties negotiate otherwise, comparability of evaluations will be determined in relation to the effectiveness ratings defined in the Board's standards-based teacher evaluation policy included in this agreement in accordance with Ohio Revised Code Sections 3319.111 and 3319.112.

When reductions are necessary, the Superintendent will make recommendations as follows:

Teachers who have been retired/rehired.

If further reductions are necessary, limited contract teachers shall be reduced in the affected teaching fields (certification/licensure) utilizing the following order:

1. Comparable evaluations as defined in accordance with Board policy.
2. When evaluations are comparable, seniority in the District shall prevail, with the contract of the least senior limited contract teacher in the affected teaching field the first to be suspended.

Should the necessary reduction of staff required exceed the number of limited contract teachers in the affected field, continuing contract teachers be reduced in the affected teaching fields (certification/licensure) utilizing the following order:

- a. Comparable evaluations as defined in accordance with Board policy.
- b. When evaluations are comparable, seniority in the District shall prevail, with the contract of the least senior continuing contract teacher in the affected teaching field the first to be suspended.

F. Displacement

In those instances where seniority is involved (i.e., when selecting from teachers with comparable evaluations), a teacher affected by a reduction in force will displace another teacher who holds the lowest position on the seniority list in another area of certification/licensure provided he/she holds a valid certification/licensure in the area, unless there is a teacher or teachers in a lower effectiveness rating category, in which case the displaced teacher must bump the least senior teacher in the lowest effectiveness rating category available. However, in this circumstance, such displacement may not occur if the result is to retain a limited contract teacher over a continuing contract teacher.

G. Non-OTES Teachers

For bargaining unit members not subject to the Board’s standards-based evaluation policy (non-OTES teachers), decisions regarding reduction in force shall be based upon seniority; however, should the employment status of a non-OTES member and an OTES member intersect under this Article, the administration may decline displacement rights should the otherwise displacing member not have experience in the classroom or non-classroom position being sought. Such decisions will not be arbitrary or capricious.

H. Factors Affecting Retention

In those instances where seniority is involved (i.e., comparable evaluations) employees with longer continuous service will be retained in preference to those with less continuous service certified to teach in the same field. In those circumstances, the order of preference for retention among or between employees with the same length of continuous service, certified to teach in the same field, and equally qualified for retention, shall be based on the dates of the letters sent by the Director of Human Resources offering employment positions to the affected employees. The employees with the earlier dates of employment offers as indicated on the aforementioned letters shall be retained.

I. Factors other than Seniority in Retention

Where seniority applies (i.e., comparable evaluations), exceptions to preference for retention based on length of continuous service may be made to insure the retention of particular skills that are needed, to comply with state and federal laws relating to employment matters, and to insure continued performance of supplemental duty assignments performed in the past by employees with less continuous service. Other unusual or unanticipated situations also may warrant taking factors other than length of continuous service into account in determining preference for retention when seniority applies.

J. Measuring Length of Service

For the purpose of determining preference for retention, where applicable (i.e., comparable evaluations) length of continuous service in employment with the District will be measured on the basis of the length of actual uninterrupted service without regard to the particular number of hours or days worked by employees during the period of service. Length of continuous service will not be interrupted or affected by authorized leaves of absence with pay or authorized leaves of absence without pay for illness or disability, including pregnancy. Leaves of absence without pay other than for illness or disability, including pregnancy, will result in a proportionate decrease in length of continuous service. The continuous service of an employee who has returned to employment following resignation or other termination of employment will be measured from the date of return.

K. Recall

1. Retention and recall shall be based upon effectiveness ratings as set forth in the Board's standards-based evaluation policy included herein. Seniority shall not be a factor in recalling any bargaining unit member unless the decision is between teachers with comparable evaluations. When selecting among teachers with comparable evaluations, any teacher unemployed as a result of a staff reduction will be recalled in reverse order of being released, provided the teacher is properly licensed. In these circumstances, continuing contract teachers would be recalled before limited contract teachers.
2. No new teachers shall be employed by the Board while there are teachers on the Reduction-in-Staff list who are certificated for any vacancy in a teaching position.
3. In the event that vacancies become available, the Board shall recall teachers to active employment status by giving written notice to them. Said written notice shall be sent to the teachers' last known address and a copy to the Union. It shall be the responsibility of each teacher to notify the Board of any change in address.
4. If a teacher fails to accept active employment status within five (5) business days from the date said notification was delivered, said teacher shall be considered to have declined said offer and shall be removed from the recall list. Teachers on layoff are to notify the Superintendent in writing of any change in their addresses; any additions, deletions, and/or changes in areas of certification/licensure; and any desire to have their names removed from the recall list.
5. A teacher on the recall list shall, upon acceptance of the notification to resume active employment status, return to active employment status with the same seniority, sick leave, and salary schedule placement as said teacher would have earned before suspension or non-renewal.
6. Limited contract teachers shall remain on the Reduction-in-Staff list for a period of two (2) years from the last day of active employment by the District.

L. Compliance with Law

To the extent that they do not conflict with the requirements of Ohio Revised Code Section 3319.17, the provisions of this Article supersede any contrary provisions of law.

- ii. Each teacher shall at his/her option schedule morning, noon-time, afternoon, evening, and weekend conference appointments that are convenient to the teacher and the parent. Telephone conferencing is acceptable only when the teacher and parent agree that after reasonable effort, they are unable to schedule a face-to-face conference.

 - i. Paid at the equivalent of the in-service rate for the time mandated for training sessions.
 - ii. As with all district sponsored professional development, if an out of town stay is required for more than three nights, the member will not be required to share a hotel room, unless incentivized to share.
 - iii. There shall be a limit of seven days of mandatory training within a five year period required of any bargaining unit member which may be waived by the member.

When a legal holiday comes immediately at the end of a period of absence for which salary is allowed it shall not be counted as part of the absence, provided the teacher resumes his/her duties on the next regular school day.

When a legal holiday falls within a period of absence for which no salary is allowed, then no salary shall be allowed for the holiday.

If the Board does not adopt the suggested calendar, the matter should be referred back to the Committee with reasons for rejection. Thereafter, the Committee should submit counter-proposals to the Board. If the Board rejects the counter-proposal, Committee and Board should confer. If no agreement can be reached, the ultimate decision is within the scope of authority of the Board of Education.

In school years where two professional days occur in June, the first of these June professional days may be placed on another day in the school calendar.

H. High School Labor Management Partnership

For the purpose of enhancing the environment at the High School, facilitating the efficient operation of the building, discussing school-wide issues, and as a proactive means to effectively address staff/administrative concerns, the High School Labor Management Partnership – comprised of building administrators and CHTU stewards – will meet on a regular basis. A member's deferred salary shall be equal to that percentage of said member's total annual salary or salary per pay period which

ARTICLE 7 – TEACHER COMPENSATION

is required from time to time by the State Teachers Retirement System (STRS) to be paid as an employee contribution by said member and shall be paid by the Board to STRS on behalf of said member as a "pick-up" of the STRS employee contribution otherwise payable by said member. A member's cash salary shall be equal to said member's total annual salary or salary per pay period less the amount of the pickup for said member and shall be payable, subject to applicable payroll deductions, to said member. The Board's total combined expenditures for members' total annual salaries otherwise payable under this Agreement, as amended, (including pickup amounts) and its employer contributions to STRS shall not be greater than the amounts it would have paid for those items had this provision not been in effect.

1. The Board shall compute and remit its employer contributions to STRS based upon total annual salary, including the "pickup". The Board shall report for federal and Ohio income tax purposes as a member's gross income said member's total annual salary less the amount of the "pickup". The Board shall report for municipal income tax purposes as a member's gross income said member's total annual salary, including the amount of the pickup. The Board shall compute income tax withholding based upon gross income as reported to the respective taxing authorities.
2. The pickup shall be included in the member's total annual salary for the purpose of computing daily rate of pay, for determining paid salary adjustments to be made due to absence, or for any other similar purpose.
3. Should the Internal Revenue Service determine that the deferred salary would be treated as current taxable income for federal income tax purposes, this section will be void and inoperable.
4. This provision will become effective with the first pay after the effective date of this Agreement
5. Employees may have a payroll deduction to purchase service credit from STRS on a pre-tax basis upon approval of such plan by the IRS. The payroll deduction will not commence without a signed authorization by the employee.
6. The Board will assume and pay to the State Teachers retirement System (STRS) or the School Employees Retirement System (SERS) on behalf of members of the teachers bargaining unit 1.0% of the contribution otherwise payable by bargaining unit members without reduction in gross salary.

The following agreement is intended to provide for service credit for services rendered by Cleveland Heights-University Heights City School Employees to Cleveland Heights Teachers Union, Local 795 of AFT.

1. No later than August 15th of any given year the Union shall forward to the District Treasurer the following information regarding all officers and employees of the Union who are eligible for STRS TPO contributions for the next school year:
 - a. Names and Social Security numbers
 - b. Contractual salary for the current school year paid by the Board
 - c. The amount of the salary each officer and employee of the Union who is eligible for STRS TPO contributions is scheduled to be paid by the Union for the subsequent school year for service to the teacher professional organization.
2. Prior to July 1, the Treasurer will notify the Union of the maximum amount of salary paid by the Union to each officer and employee that is eligible for STRS payment on compensation for service to the teacher professional organization by making the following determination:
 - a. For this purpose, “days of service” shall only include those days in the District’s teachers’ contract year, not including holidays and compensatory days for parent conferences. For example, in the 2002-03 District’s Teachers’ contract year, there are 181 “days of service” (190 days minus 7 holidays and 2 compensatory days).
 - b. The teacher’s base contract daily rate shall be computed by using the salary schedule amount the teacher will be eligible to receive from the District for the next school year without extended service, ratio or supplemental contracts, divided by the days of service.
 - c. The teacher’s base contract daily rate as computed under 2.a. above shall be multiplied by the remainder of days after subtracting the days of service used in 2.a. from 250. The resulting product shall be the maximum salary which can be reported in any given year (July through June) for salary paid by the Union to be included for compensation on which STRS credit will be given under regulation.

The Treasurer will forward such STRS payments together with the monthly payroll amounts based upon District payroll to STRS. The Treasurer will not forward any amounts in excess of the maximum allowable as calculated under paragraph 24.042, but shall return those amounts to the Union and advise them that no further payment for any affected individual should be made during that fiscal year.
4. The parties agree that it is not the intent of the parties to this Agreement to have the District incur any additional costs under this Letter of Understanding or as a consequence of the additional retirement contributions made to STRS that are attributable to the TPO contributions for any Union officer. Should the District incur any additional costs beyond the amounts paid by the Union under paragraphs 24.043 and 24.044, the District shall notify the Union of such additional costs and the Union will reimburse the District for such costs.
5. Further, the Board is willing to modify the agreement if STRS approves a plan that would permit the Union President to have a greater amount of his Union salary included for STRS purposes or there is a change in the regulations that would permit a greater amount of the salary for STRS purposes. Any change would only be made if it did not result in any increased cost for the District.

It is expressly understood that the Board will not employ any new non-licensed individuals for these positions and that all current Early Childhood Education Teachers who are not licensed must provide documentation to the Director of Human Resources at the end of each school year demonstrating that they are actively working towards obtaining licensure in order to advance to the next level on the above-referenced salary schedule. Upon obtaining appropriate licensure, these individuals will be credited with two (2) years for every three (3) years of service in the position as non-licensed employees in the Early Childhood Education Program, provided that the new salary is not lower. Early Childhood Education Teachers will be provided first opportunity to staff these periods before opening these opportunities to other bargaining unit members.
8. Early Childhood Education Teaching positions for the summer school session shall be posted and compensated in the same manner as other summer school positions in the District as set forth in this Negotiated Agreement, with current Early Childhood Education Teachers being provided with the right of first refusal for such positions. At its sole discretion, the Board may consider alternate arrangements for staffing the full-day Early Childhood Education Program during the summer, including posting positions for two separate sessions (i.e., June through mid-July, and mid-July through the end of August).
9. If an Early Childhood Education Teacher from the full day program works during a vacation period because the Early Childhood Education Program is scheduled to be in session for students (i.e., a Teacher is required to work when the remainder of the school buildings are closed/other employees are observing the holiday/break such as spring and winter recess or a paid legal holiday), s/he shall receive additional pay for such day(s) in an amount equal to his/her per diem rate. A teacher who is granted such leave shall not have the right to return to employment except at the beginning of a school year. Accumulations in excess of five days, as of the first day of any school year shall be, at the option of the member, cashed-in (paid) at the substitute teacher-on-call-per-day-rate or converted to sick leave and added to the member's sick leave accumulation. If no form is submitted, excess days shall be converted to sick leave.

The accumulation of personal leave for non-certificated/licensed personnel shall not exceed five days. Accumulations in excess of five days, as of the first day of any school year, shall be, at the option of the member, cashed-in (paid) at one-half of the substitute teacher-on-call-per-day-rate or converted to sick leave and added to the member's sick leave accumulation. ARTICLE 9 – LEAVES OF ABSENCE

Personal leave can be granted only when no compensation is received by the employee from other than school funds.

Any additional days taken beyond twelve (12) for religious holy days will be at no pay. In the event that such teacher subsequently desires personal leave for other than religious holy days after personal leave has been exhausted, up to three days at no pay may be granted under the terms of Paragraph E., above.

F. Professional Leave

1. Professional leave may be granted for:
 - a. The purpose of visiting other schools, attending to school business, including absence in responding to a subpoena issued in a matter involving discipline of a student or a court proceeding involving a student or rendering professional services.

The Union shall be solely responsible for assignment of ER&D instructors after discussion at Summit. By May 31, the Union shall submit to the Superintendent those new ER&D courses it seeks to have offered for credit during the ensuing school year. Such courses must not be inconsistent with District initiatives. If the new ER&D course is approved by the Superintendent, for every fifteen contact hours of ER&D coursework, teachers will be granted one credit for salary purposes (duplicate credit will not be granted on the salary schedule for ER&D coursework for which college credit is earned) and credit towards licensure/certification/licensure. Salary credit will only be earned after a teacher has received a Masters Degree.

6. Registered candidates for certification under the National Board of Professional Teaching Standards may request and shall be granted two days of professional leave for purposes of preparing for NBPTS assessments. Should the candidate fail to submit the portfolio and fail to complete the NBPTS assessment, two days of personal leave shall be deducted from the candidate's personal leave bank.

7. Professional Study Leave

The purpose of professional study leave is to improve the professional qualifications of the teacher so as to produce a direct benefit to the school district. In the application for professional study leave the staff member shall delineate the specifications for self improvement which shall include: 1) Rationale. 2) General goals for staff member and the benefits to children. 3) Specific measurable objectives for the staff member. 4) Details of how the objectives will be accomplished by the staff member. 5) Procedure for evaluation of the staff member's attainment of goals and objectives. 6) Specific plan for financing leave if compensation is requested.

Cleveland Heights–University Heights school system. Payment of the compensation will be made during December or the first year of service to this school system following the professional leave for study. Compensation from all sources shall not exceed the amount staff member would receive for full time employment in Cleveland Heights.

Should such emoluments exceed teacher's regular salary the amount paid by the Board of Education will be reduced accordingly.

b. Without Compensation

A leave of absence may be granted to a staff member for approved professional study at his/her own expense. Time spent in such study will be credited as experience on the salary schedule, provided an official transcript from such study is filed in the Superintendent's Office. Such leave will be granted only after a minimum of two years service in the school system.

A teacher on leave for professional study shall be returned to employment only at the beginning of the school year in September and then only if on or before April 1, the Director of Human Resources was notified in writing of the intention to return. A teacher wishing to return during the school year may request to do so, but the request will be honored only if a suitable vacancy exists or occurs during the school year. If the request for early return is denied, the leave shall expire at the end of the school year in June, at which time the teacher shall be reassigned.

G. Other Non-Professional Leaves

A one-year leave of absence may be granted at the sole discretion of the Board to a staff member for other than professional study at his/her own expense. Not more than three such leaves will be considered each year. Time spent in such leave will not be credited as experience on the salary schedule. Such leave will be granted only after a minimum of ten years of service in the school system.

H. Return from Unpaid Leaves

Employees on return from unpaid leaves are assured of employment, but not necessarily in their former assignment. Generally, employees who are on a leave of absence must notify the Director of Human Resources, in writing, no later than April 1st, of their intention to return to work the following school year or of their intention to extend their leave of absence, if eligible. Employees on a child care leave of absence must notify the Director of Human Resources by April 1st of their intention to return to work the following year or of the intention to extend the leave, if eligible. Failure to make such notification by April 1st will result in an automatic extension of the leave, if the employee is eligible. If the employee has not made written notification to the Director of Human Resources by April 1st, the Director of Human Resources will notify the employee by regular and certified mail that if no written notice of intent to return to work in September is received by April 15th, the failure to submit such intent shall be treated as a resignation and will be acted upon by the Board at its next meeting after April 15th.

I. Jury Duty

Employees called to serve on juries will receive full compensation provided written proof of length of duty from bailiff of court is presented to the Human Resources Department.

J. Compulsory/Court Leave

A person required to respond to a subpoena or warrant or court proceeding involving discipline of a student or a court proceeding involving a student or a court proceeding involving professional services, resulting in involuntary absence during a school period will receive full compensation upon submission of verification to the Director of Human Resources.

Time served under compulsory leave will not be charged to sick or personal leave.

K. Assault Leave

Pursuant to O.R.C. §3319.143, an employee who is unable to work because of a physical disability received in, or arising out of employment, whether during or outside of school hours and whether on or off school property, resulting from an assault, shall receive full scheduled compensation for the period of total disability less any amount received by the employee under the income continuity policy which is fully paid by the Board and less any compensation received by the employee under the Workers' Compensation Act of Ohio.

No payment shall be made or required for any period during which the employee elects to take sick leave.

The employee shall not qualify for, nor accrue, assault leave except upon submission of an application on a form to be furnished by the Board of Education, justifying the granting of assault leave; and if the employee receives medical attention, the employee shall furnish a certificate/license from his/her licensed physician stating the nature of his/her disability and its expected duration. (See appendix for form.) Employees shall also be required to complete an Incident Report form within ten (10) days of the incident, or as soon thereafter as is possible, disclosing the nature, participants, witnesses, and location of the assault. In addition, an employee receiving assault leave must agree to provide written and/or verbal testimony to assist the Board and the administration as necessary to insure appropriate disciplinary action is taken against the attacker. Falsification of either a signed statement, assault leave form, or a physician's certificate is grounds for disciplinary action up to and including termination.

Payment of assault leave shall be at the regular rate of pay in effect for such employee at the time of such assault. Payment shall also include payment being made or contracted to be made under supplemental contracts during the school year in which the assault occurs.

An employee who is on assault leave must apply for disability benefits under STRS as soon as the employee becomes eligible. Board payment for assault leave shall be discontinued as of the date of the STRS board decision as to whether the employee is eligible for disability benefits or is otherwise eligible for STRS benefits for age or for retirement. An employee who has not been granted STRS disability benefits will be expected to return to work or, if the employee presents appropriate medical documentation, may continue on an unpaid medical leave pursuant to the provisions of Section 35.017 of this Negotiated Agreement. In all other respects not covered by this section, the provisions of O.R.C. §3319.143 shall apply. The Board shall have the right to schedule periodic medical examinations at its expense, not to exceed one per assault leave, to confirm the continuing disability.

An employee who retires pursuant to this section shall have the right to be returned to assignment up to five years after retirement. Upon request, the retiree will be returned to assignment at the beginning of the subsequent school year provided that an appropriate physician's statement is submitted to the Director of Human Resources by May 1 of the preceding school year.

ARTICLE 9 – LEAVES OF ABSENCE

No reduction will be made from the teacher's assault leave, sick leave and/or retirement severance paid by the Board for sums awarded the teacher by the Workers Compensation Commission for a permanent disability.

L. Eligibility for Fringe Benefits While on Unpaid Leaves

- b. The employee shall choose one package or multiple packages in any combination.

- e. The employee cannot choose benefits in which the employee was not participating prior to the leave.

2. Part-Time Proration

As to sick and personal leave, members of the bargaining unit employed on less than a full-time basis shall be entitled to such leave prorated according to their fraction of full-time employment.

3. COBRA Eligibilities

The Consolidated Omnibus Budget Reconciliation Act of 1986 requires that employers offer certain health plans which were enjoyed by employees and/or their dependents who have lost coverage due to a change in dependency and/or employment status, including termination.

The COBRA qualified beneficiary may elect to continue health coverage they previously enjoyed with the following provisions:

ARTICLE 9 – LEAVES OF ABSENCE

Donations of sick leave days to establish and maintain a sick leave bank will be initiated by the Human Resources Department on a form designed and furnished by the Treasurer. Individual members of the bargaining unit may donate a maximum of ten days of sick leave in any one school year.

Any member of the bargaining unit who is currently absent due to a catastrophic, long-term, life-threatening illness or accident and has exhausted all of his/her accumulated sick leave, and has applied but has not yet been approved for STRS or SERS disability, is eligible to receive sick leave days donated by other members of the bargaining unit.

For the purpose of this section, a “catastrophic illness or injury” shall be limited to matters which constitute a significant and serious medical condition such as:

- Cancer
- ALS (Amyotrophic Lateral Sclerosis)
- Cerebral Palsy

- Other serious rare disease(s) and/or debilitating conditions (as determined by a duly licensed physician)

ARTICLE 9 – LEAVES OF ABSENCE

Catastrophic or long-term illness is not intended to include maternity leave and/or absence due to childbirth. However, complications resulting from pregnancy or childbirth which result in a catastrophic illness or injury may be included.

Medical documentation shall be provided by the bargaining unit member to the Superintendent or his/her designee and made available when necessary for the determination of whether a catastrophic illness or injury has occurred and provided, as requested, to appropriate individuals.

The employee may make application to the Director of Human Resources to draw from the sick leave bank on an application form agreed to by the Board and the Union. Approval to draw from the sick leave bank shall be granted by the Superintendent's designee.

Employees qualifying under this section will continue to receive regular salary/wages and benefits until all donated days are exhausted. No employee will receive more donated sick leave than the workdays remaining in the school year in which they become eligible.

Should the employee be denied eligibility to draw from the sick leave bank, the Union shall have the opportunity to appeal directly to the Superintendent who upon hearing the appeal, shall, within ten days, issue a decision to either allow the employee to draw on the sick leave bank or uphold the denial of the employee's application.

Upon notification that the employee is either denied or approved for STRS or SERS disability retirement, the employee will no longer be eligible to withdraw days from the sick leave bank.

Should the employee return to work after having drawn days from the sick leave bank, the employee shall contribute one sick day for every three days accumulated to the sick leave bank, to a maximum of five days per school year. Such contribution shall be deducted from the employee's final pay of the school year. Such deductions shall continue until such time as the contribution of sick days equals the number of sick days withdrawn from the bank or the employee retires or resigns. At the staff member's retirement from the District, any accumulated sick leave will be used to repay remaining sick leave days borrowed from the Sick Leave Bank before any redemption of unused sick leave is calculated.

C. Informal Process

The initial concern regarding a dispute, disagreement or difference shall be handled by direct contact between the teacher, either by him/herself or in the company of a Union representative, and the teacher's immediate supervisor.

D. Formal Procedure

If not settled through the informal procedure and if the dispute, disagreement or difference falls within the definition above, a formal grievance then may be initiated by the teacher.

1. The formal grievance initiation must be written by the teacher on a standard form (see appendix) prepared by the Union and the Board of Education jointly. The grievant will indicate on the grievance form when the informal and/or Step 1 procedure(s) has/have taken place.
2. The form shall include, in writing, a statement of the facts, individual or individuals specifically involved, reference to the provision in the Agreement allegedly violated or the basis for grievance, and the specific remedy requested.
3. The written formal grievance form shall be signed by the grievant and delivered to the principal of the school in which the grievant is employed or to his/her immediate supervisor.

ARTICLE 12 – GRIEVANCE PROCEDURE

4. The grievance must be filed within twenty (20) school days of its occurrence or it will no longer exist. School days are defined as days the grievant is scheduled to work.

Grievable offenses occurring within the last twenty school days of a school year must be filed no later than July 15 of that year.

- a. A copy of the written grievance shall be sent to the Human Resources Department.
- b. At the request of the grievant, the hearing at Step 1 shall be omitted, and the grievance shall proceed immediately to Step 2 as though the hearing had been held at Step 1 and the grievance denied.

E. Grievance, Step 1

1. Not later than five (5) days after a grievance is filed, the principal will notify the teacher and the Union representative of the date, time and location of the meeting in Step 1.
2. The date of the Step 1 meeting shall be not later than ten (10) days after the date of the notification.
3. At the Step 1 meeting the grievant and the principal shall be present. A Union representative shall be present if the teacher so requests.

Such determination must be made within ten (10) days of receipt of the written decision at Step 2. In the event that mediation is not chosen, the Union may request the grievance be moved to Step 4. Such determination must be made within twenty days (20) days of receipt of the written decision at Step 2.
2. If the decision is to proceed to grievance mediation, the teacher and the District will mutually notify FMCS and schedule the mediation promptly.

H. Grievance, Step 4

1. If the mediation at Step 3 is unsuccessful or if mediation is not selected by the teacher, the Union may submit to the Board a notice of arbitration. Such notice must not be later than twenty (20) days after the conclusion of the mediation. The notice shall include the specific provision of the agreement involved/violated and/or the basis of the grievance, and the name of the person who will represent the Union in the arbitration. The Board shall thereupon submit to the Union the name of the person who will represent it in the arbitration, and the two persons so named shall, within ten (10) days thereafter, attempt to agree upon an arbitrator.
2. In the event the said persons are unable to agree upon an arbitrator within the ten-day period, the matter shall be submitted alternatively, unless agreed otherwise, to The American Arbitration Association, and the Arbitrator shall be selected from a list supplied by the AAA pursuant to its rules.
3. The arbitrator shall limit his/her decision strictly to the application and interpretation of the provisions of the Agreement. The hearing shall be pursuant to the rules of the American Arbitration Association, as appropriate.

I. Time Limitations

In determining the time limitations, Saturdays, Sundays and Holidays shall be excluded.

With the exception of Step 4, grievances not heard within the prescribed time limitations contained herein automatically proceed to the next level upon written notification from the Union or Administration, provided further that either party may request an extension of time at any step of the grievance procedure.

J. Grievant Rights

1. The grievant may be represented at all stages of the grievance procedure by any person of his/her own choosing, except that he/she may not be represented by a representative, member or officer of any teacher organization other than the Union, nor by any employee of the Board not assigned by the Union as an official representative.
2. When a teacher is not represented by the Union, the Union shall have the right on its request to have its representative present to state its view at all stages of the grievance procedure.

The Board shall notify the union of any grievance filed by a member of the bargaining unit and the dates, times and locations of attendant meetings or hearings.

3. Nothing contained herein shall prevent any grievant from presenting a grievance and having it heard without intervention or representation by the Union.
4. The Union agrees to process grievances for members of the unit regardless of whether or not the grievant is a member of the Union.
5. Copies of all grievances and grievance dispositions shall be transmitted to the Principal, the Superintendent, the Teacher, the Union, and the Director of Human Resources.

K. No Reprisal

No reprisals of any kind will be taken by either party or by a member of the Administration against any party in interest, Union representative, or any participant in the grievance procedure.

ARTICLE 12 – GRIEVANCE PROCEDURE

L. Administration-Union Concerns

1. From time to time problems may arise in which the Union or the Administration may feel discussion is needed between the Union and Administration in an effort to satisfactorily resolve such problems.
2. In such event, a meeting will be scheduled upon request by either party.
3. The meeting shall be scheduled no later than five (5) days after the date of such request in order to resolve the problem.
4. If the matter cannot be satisfactorily resolved, both parties will prepare a written position paper explaining the respective views.
5. These position papers shall be submitted to the Summit.
6. At the next regularly scheduled Summit meeting the concern will be put on the agenda for discussion and possible resolution. If a consensus opinion is reached the Summit will publish it to the membership via the District and Union websites.
7. The Union does not relinquish its right to keep the Board informed of these matters.

M. "Class" Grievances

A grievance is made and executed by an individual teacher. The basis of a grievance may apply to more than one individual. An individual grievance made and executed may apply to a class of teachers and may result in a change of policy interpretation.

N. Amendment to Grievance Procedure

The Grievance Procedure may be amended through formal negotiations.

ARTICLE 13 – SUB-CONTRACTING

A. Subcontracting of Work Performed by Bargaining Unit Members

Subcontracting of any work which is performed or could be performed by members of this 795 bargaining unit whether employed, or to be employed, shall be a mandatory subject of bargaining.

1. The following are exceptions to the above:
 - a. Occupational therapy services including Occupational Therapists.
 - b. Physical therapy services including Physical Therapists.
 - Two Intern Psychologists.
 - Orientation Mobility Instruction.
 - c. Purchased audiological services done outside of the schools.
 - d. Other purchased services, intermittently purchased previous to September 5, 1989.
 - e. Auxiliary Psychologists, Nurses, Health Aides, L.D. Teachers and Gifted and Talented Teachers who are already subcontracted.
 - f. Testing of students for purposes of identifying students for Gifted Education
2. It is recognized by both the Board of Education and the Union that auxiliary schools may, under certain circumstances, hire their own personnel, or sub-contract to employers other than the CH-UH School District, and effect payment through the Board, and in such a situation, this contract term would not be effective.

It is recognized by both the Board of Education and the Union that work may at times be legislatively mandated and that such legislation may mandate employees from outside of the 795 unit and that in such situations, this contract term would not be effective.
3. It is recognized that in situations in which a new program is legislatively mandated, the school district may choose to send the students to other places rather than educate within our schools, and in such a situation, this contract term would not be effective.
4. It is recognized by both the Board of Education and the Union that changes in law may cause either party to desire to discuss this section on sub-contracting previous to the negotiations for a successor contract. In such instances, discussion shall be pursuant to the rules under Administration-Union Concerns.

ARTICLE 13 – SUB-CONTRACTING

5. Two positions per school year from funds by a fiscal agent other than the Board of Education for a position that is not named in Article 1, "Recognition" of the Negotiated Agreement. No such position funded in this manner shall continue beyond two school years.
6. No more than one full time intern or two part-time interns shall be supervised by a District Social Worker during any given school year.

B. CHUH Students Not Being Instructed by CHUH Teachers.

The Board may enter into agreements with educational service providers that will replace the instructional services that are normally provided by bargaining unit members. However, no more than a total of one hundred (100) students per year shall be assigned to these programs. Every five classes that students attending District schools enroll in online by outside providers shall count as one student for purposes of limiting this provision. Students will be allowed to take such classes if the class is not offered by the District or if the student's schedule makes it impractical to take the class when it is offered. By January 15 and June 15 of each year the Board will issue a report to the Union specifying students enrolled with outside educational service providers indicating the student's enrollments from the previous academic year. By way of example, Student A is enrolled in a District sponsored e-school program this year, but last year was enrolled in a charter school. Lastly, the agreement to raise the student maximum to one-hundred shall revert to thirty students if the Options Center or similar program staffed by District teachers is not maintained.

By June 30 each year the Union and Board will have to mutually agree to maintain the one hundred (100) student maximum. If agreement is not reached, then the maximum will be fifty students for the following school year and thereafter.

ARTICLE 14 – NON-CERTIFICATED/LICENSED STAFF

A. Lunch Supervision

In the event during the lunch period a lunch aide is not present and there are students present the teacher supervising shall receive compensation based on Article 7 Section N.8 – substitute coverage. It is recognized that teachers may by mutual agreement, exchange with each other the assigned lunch supervision period.

B. Middle School Lunchroom and Study Hall

In future years, any decrease in the number of middle school lunchroom and study hall monitors that does not replace the assignment with teachers or any decrease in daily hours below 3.0 shall require negotiation.

C. Elementary School Libraries

The Board proposes to reduce the number of elementary school librarians from 8.0 positions to 5.1 positions and to further staff elementary libraries with non-certificated/licensed personnel.

1. Classroom teachers shall not be assigned to library instructional duties.
2. All persons working in the school libraries shall be certificated/licensed librarians, non-certificated/licensed librarians, or non-certificated/licensed school ancillaries
3. The Board shall have the right in future years to further reduce library positions. In such event, tenured certificated/licensed librarians shall have the right to assignment to classrooms in his/her other areas of certification/licensure. Any tenured librarian laid off due to a lack of certification/licensure shall be entitled to become certified in classroom instruction and to be reassigned to continuing service in the order of seniority in the district if and when teaching positions become vacant or are created for which any of such librarians are or become qualified.

D. Non-Certificated Elementary Media Ancillaries/Non-Certificated Alternative Learning Center Ancillaries

1. Non-certificated media ancillaries/Non-certificated alternative learning center ancillaries are Cleveland Heights Teachers Union positions.
2. All ancillaries' school year shall consist of 192 days, in accordance with the official school calendar.
3. School ancillaries shall not perform professional instructional duties.

ARTICLE 14 – NON-CERTIFICATED/LICENSED STAFF

4. The same timelines for layoff of certificated/licensed staff **shall** be used for the layoff of ancillaries and other non-certificated/licensed bargaining units.
5. If administration wishes to shift the start and end times for a particular non-certificated alternative learning center ancillary position, the member holding that position must be notified by July 1 for the change starting during the following school year, or if newly hired, must be informed at the time of hire.
6. Non-certificated alternative learning center ancillaries shall have a morning break, afternoon break, and lunch that shall be at least 60 minutes combined, where lunch is at least 30 minutes duty free.
7. Alternative Learning Centers shall be staffed by non-certificated alternative learning center ancillaries for the purpose of providing an in-school suspension setting at the middle and high schools, and the same and/or a de-escalation room at the elementary schools, in accordance with applicable board policy. The number of students in an alternative learning center at the high school shall not exceed 16 students at any one time during the day. The number of students in an alternative learning center at middle school shall not exceed 12 students at any one time during the day. High school and middle school teachers shall be notified no later than the morning of the day prior if their student is referred to day-long Alternative Learning Center placement so that arrangements can be made for students to get work to complete in ALC for the day missed from class.
8. In the event of a reduction in ancillary staff in either classification, ancillary positions shall be reduced by reverse seniority within the classification. Ancillaries shall be recalled in order of seniority within the same classification – non-certificated media ancillaries recalled to media positions, and non-certificated alternative learning center ancillaries recalled to ALC positions.
9. Effective during the 2014-2015 school year, the Board shall create at least nine new, full-time positions in the classification of non-certificated alternative learning center ancillaries. Six positions shall be assigned to the District's elementary schools, one to each middle school and one to the high school.
10. The District shall not reduce the number of non-certificated alternative learning center ancillaries to fewer than 3.5 FTE positions for the District's seven elementary schools during the 2014-2015 and 2015-2016 school years.
11. District classroom teachers shall not be reassigned to the position of non-certificated alternative learning center ancillaries. In the event that a District classroom teacher is required to provide supervision for an ALC room during his/her planning/conference time, that teacher shall be paid pursuant to the applicable coverage rate (i.e., not pursuant to the ancillary salary schedule). Elementary teachers shall not have their planning time reduced below 205 minutes per week during the student day (*See Article 6 Section B.2.b*), unless they volunteer to provide

ARTICLE 14 – NON-CERTIFICATED/LICENSED STAFF

such supervision; if their planning time would not be reduced below 205 minutes, then the District can require them to provide supervision for an ALC room.

12. For the 2014-2015 school year only, any full time classroom teachers who are on layoff as of July 11, 2014, shall have the option to fill one of the non-certificated alternative learning center ancillary positions. The District shall notify such teachers in writing of their option to fill one of the nine non-certificated alternative learning center ancillary positions. If a teacher fails to accept active employment status within five (5) business days from the date said notification was delivered, the teacher shall be considered to have declined the offer and shall no longer have the right to fill a non-certificated alternative learning center ancillary position. Such teachers who fill a non-certificated alternative learning center ancillary position pursuant to this LOU shall be paid at the same rate of pay they would have earned if recalled to a teaching position during the 2014-2015 school year. Should they choose to fill the non-certificated alternative learning center ancillary positions for the 2014-2015 school year, these teachers shall retain any recall rights they may have under Article 5.K. of this Negotiated Agreement during the 2014-2015 school year and as applicable thereafter. Should such teachers apply for and be hired into a non-certificated alternative learning center ancillary position after the 2014-2015 school year, he or she shall be paid pursuant to the salary schedule for that position.
13. No later than May 2016 the Board and Union shall meet to review the provisions of this Section (Article 14, Section D), "Non-Certificated Elementary Media Ancillaries/Non-Certificated Alternative Learning Center Ancillaries," which will expire June, 2016 unless extended by mutual agreement.

E. Nurses' Aides

1. The Union accepts the assignment of nurses' aides to the district's schools and acknowledges that those nurses' aides will be placed in a bargaining unit other than one of the Cleveland Heights Teachers Union bargaining units.
2. The Board agrees that the number of full time school nurses employed effective April, 2002 by the Board will not be reduced nor will the work hours of any part-time nurse be reduced due to the hiring of nurses' aides. In the event of a reduction in force, no school nurses shall be subject to layoff while any nurses' aides are working.

ARTICLE 15 – STUDENT DISCIPLINE COMMITTEE

ARTICLE 15 – STUDENT DISCIPLINE COMMITTEE

A. Purpose

Effective discipline and respect of the rights of others are necessary so that all pupils may attain the highest degree of quality education. To that end, the Student Discipline Committee shall be convened for the purpose of developing recommendations to the Board for revisions to and amendments to Board policies, guidelines and handbooks relating to the regulation of student conduct. The composition of the Committee shall be decided by Summit.

B. Topics to be Considered

Topics for Committee consideration include, without limitation, the following:

1. The reporting of suspensions and expulsions;
2. The make-up of suspensions and expulsions;
3. The loss of credit due to suspensions and expulsions;
4. Changes in the absence rule;
5. The development of appropriate referral forms;
6. The limits of suspensions and expulsions.
7. Review of proposed changes to Board policies, guidelines, and/or handbooks prior to adoption.

C. Review of and/or Changes to Disciplinary Forms

If there are needed changes to the universal referral forms used by all grades (K-5, 6-8, and K-12) such changes must be reviewed by the Student Discipline Committee for input prior to implementation. Any such form should be easy to use, capture the important elements of events, have the ability to create a record of what occurred, and provide for notification to the teacher when the disposition of the referral has taken place.

Likewise, any changes to the electronic version of the referral form should also have the consensus recommendation of the Student Discipline Committee and should meet the same criteria set forth above.

The parties agree that teachers should be notified, either electronically or on paper, at least weekly, of suspensions and expulsions in their buildings.

The referral forms appear as part of the appendix.

CONSENSUS STATEMENTS

During the collaborative and interest-based negotiations for a successor to the negotiated agreement between the Cleveland Heights-University Heights City School District Board of Education and the Cleveland Heights Teachers Union, the parties reached consensus on the following non-contractual items:

1. The parties agreed that best practices require that the District provide meaningful feedback to those individuals employed as long-term substitutes during the course of the year. In addition to following any required evaluation process as set forth in law, the Board agreed to use its best effort to assure that long-term substitutes are provided with instructional performance feedback on a periodic basis.
2. Consensus emerged relative to the replacement of District ID badges, such that the Board will replace an employee's damaged or otherwise unusable badge after two years of its issuance without cost to the employee. For all other circumstances, the Board will charge employees for the cost of a replacement badge.
3. The parties agreed that after reaching tentative agreement, consideration would be given prior to printing/finalization to reordering the contract to provide a more user-friendly and structured document with logical groupings and readily identifiable headings, etc.
4. The parties find value in the effective capture of useful data/information relative to the educational process, the technological advances that have significantly enhanced that process, and the need to utilize such information to inform parents of progress, to guide and design interventions, and to address academic and behavioral expectations and outcomes. Moreover, there is a mutual desire to survey, review, and access appropriate professional development opportunities, product reviews, and support mechanisms for the ongoing integration of technology into the educational process. Consensus was further found around the mutual expectation that classroom educators update their electronic grade books on a regular basis.
5. Social capital exists in work places that exhibit high levels of trust, collaboration, collective responsibility, mutual assistance, professional networks and an identity that is tied to the bigger picture and vision for the work being done. In addition to utilizing the Interest Based criteria for analysis of possible solutions to issues of "feasible, beneficial and acceptable," the parties agreed to a fourth criteria "social capital," to be applied to these options during these negotiations. The relevant inquiry relative to this criteria relate to whether the option contributes to the enhancement of the trust, respect and value of the individual and the high functioning teams that support them in our system.
6. In collaborative discussions regarding the issuance of continuing contracts in the District, the parties reaffirmed the value of the practice of the Human Resources Department in advising bargaining unit members about their eligibility for tenure at the outset of the academic year, i.e., that all necessary documents are on file and years of service met. Similarly, the parties agreed that for those teachers who expect to meet eligibility criteria (licensure/credentials) after the beginning of the year should nevertheless be encouraged to provide that information to his/her supervisor and to Human Resources at the outset of the year that tenure eligibility

CONSENSUS STATEMENTS

is expected. The leadership of the CHTU committed to including this encouragement in written communications to all bargaining unit members at the outset of each school year.

7. We agree that online learning provides a benefit for students to enroll in individual courses and as an extension of existing coursework. This allows students to both maximize and customize their education to meet their particular needs and interests. However, online learning must also incorporate the same best instructional practices as face-to face learning by providing students engaging, relevant learning experiences. We believe that the “teacher of record” for individual students must be a properly licensed teacher who regularly interacts with the student online, in person or both. The “teacher of record” must be a teacher who is familiar with the work the student is doing and has an ongoing relationship in directing the learning of the student.
8. Distance Learning – we agree that groups of students taking a class in a distance learning setting should have a staff member assigned to monitor their behavior, attention, and performance. This adult should also serve as a link with the remote teacher for purposes of clerical assistance and organization to maximize learning.
9. When student behavior requires a referral by a teacher, we agree that the referral should be submitted as soon as possible after the infraction. It is also understood that taking the time to write a referral properly may not occur immediately after the incident if the teacher is instructing students, although a phone call or other form of communication to allow for appropriate processing of the student is important at that time. Therefore, it is understood that when a student is removed from a classroom and sent to the school office for an infraction that will eventuate in a referral, that the referral will be submitted by the end of the school day, if at all possible.

When a teacher removes a student to the school office under an emergency removal it is understood that the student should return to the classroom no sooner than the next change in class, or when the child has adequately deescalated. At the elementary level this means a natural break between specials, general classroom, or lunch.

10. For the 2013-2014 school year and contingent upon the District obtaining sufficient waiver days from the ODE, the parties agreed to pilot an alternative approach to Curriculum Night in the Elementary and Middle Schools wherein parents and students at these levels will be invited to an open "Drop-in" visitation on a designated evening(s). These visitations are intended to facilitate an opportunity for parents, staff and students to communicate about expectations, curriculum and logistics. This alternative will be in the place of a Curriculum Night for Elementary and Middle School bargaining unit members. Curriculum Night will continue in the High School. Prior to the end of the 2013-2014 school year, the Administration and Union will meet to discuss whether or not to continue the pilot program, modify it, and/or expand it.
11. The parties reaffirmed the concept that non-administrative instructional personnel, licensed by the Ohio Department of Education and employed to teach in the District, should be members of this bargaining unit and therefore represented by the Cleveland Heights Teachers Union.

ADMINISTRATION

EMPLOYEES ASSISTANCE PROGRAM

1. **Purpose**

The Cleveland Heights–University Heights Board of Education and the Cleveland Heights Teachers Union bargaining unit have established an Employees Assistance Program to provide constructive ways to help bargaining unit members when chemical use problems or personal/life problems interfere with job performance.

The Employees Assistance Program is designed to identify the bargaining unit member's problems as early as possible, to motivate the member to seek help and to refer the member to the most appropriate community resource available.

2. **Job Jeopardy**

The Employees Assistance Program is a means to provide confidential assistance to members of the bargaining unit who are experiencing problems with alcohol, drugs or other personal/life problems. The program also provides supervisors and union representatives with a constructive way to help when these problems interfere with job performance.

The objective of the program is to retain and help valued members who are alcoholic or drug dependent, restoring them to better health and improved work performance. No member of the bargaining unit with an alcohol or drug problem will have either job security or promotional opportunities jeopardized because of a request for diagnosis, counseling or treatment through this program. However, the parties understand that participation in this program will not insulate bargaining unit members from appropriate disciplinary action or evaluation.

Neither shall participation remove from members their right to union representation in all instances including grievances, hearings and litigation.

3. **Privacy and Confidentiality**

When the bargaining members use the Employees Assistance Program for an alcohol or drug related problem, only the member, the Union and/or Management contact (if the member is referred by them) and the service provider's employee assistance coordinator should know that the member has sought help or has been referred for assistance.

The service provider's employees assistance program coordinator will maintain a record of the member's progress on a strictly confidential basis. Nothing pertaining to the Employees Assistance Program will be placed into a member's personnel file before, during, or after the member seeks assistance. The confidential nature of records of individuals who utilize the service will be strictly preserved.

4. **Contract Service**

The specified services will be supplied by a provider agreed upon by the Board and the Union. The provision of service by a non-aligned third party will help insure confidentiality and privacy while maintaining expert diagnostic assistance. The primary focus of the program is to provide diagnostic and referral services to members of the Cleveland Heights Teachers Union in need. The contracted agency or individual may provide direct service or will refer to appropriate community agencies.

The following list describes the kind of personal and life problems identified as appropriate for assistance from the program:

1. Chemical Dependency
 - a. Alcoholism
 - b. Other drug dependencies
2. Emotional Problems
3. Family Problems
4. Marital Problems
5. Financial Problems
6. Legal Problems

5. Referral

The provision of service can be activated by any one of three ways:

1. Self Referral - The member may recognize the need for assistance and seek assistance through the program.
2. Family Referral - The spouse or immediate dependents may initiate service for the member by contacting the agency and encouraging participation.
3. Supervisory and/or Union Referral – Cleveland Heights Teachers Union or supervisors may refer members to the Employees Assistance Program.

6. Literature

Initial literature announcing and describing the Employees Assistance Program shall be published and distributed by the Union on Cleveland Heights Teachers Union letterhead. This initial literature shall be approved by both the Superintendent of Schools and the President of the Union and shall be signed by both.

CRIMINAL HISTORIES POLICY**POLICY**

The Board of Education is committed to selecting and hiring the highest quality candidates for certificated/licensed and classified positions and complying with Ohio Revised Code Sections 3301.541, 3319.39 the implementing regulations contained in the Ohio Administrative Code, Rule 3301-20-01, and any other pertinent regulations. It is the policy of the Board to require criminal history checks of all employees who come under final consideration for employment. Because this policy speaks to the dismissal and/or termination of employees, it may involve the rights of employees to fair representation and all other rights afforded by labor law. Accordingly, this policy and its procedure have been negotiated with the Cleveland Heights Teachers Union, OAPSE Locals 102 and 617, SAEU District 1199, and EAC, and may not be amended without further negotiation.

PROCEDURE

1. All candidates for employment will be requested to sign the following statement on the application form:
I also agree to participate in an Ohio Bureau of Criminal Identification and Investigation (BCI) fingerprint criminal history check and in a Federal Bureau of Investigation (FBI) fingerprint criminal history check and understand that my employment may be terminated based on revealed criminal history.
2. Candidates for all positions will be fingerprinted for an Ohio Bureau of Criminal Identification and Investigation (BCI) Criminal History Check and a Federal Bureau of Investigation (FBI) Criminal History Check. The cost of the BCI Criminal History Check will be borne by the School District. The cost of the FBI Criminal History Check will be borne by the candidate and will be automatically deducted from the first paycheck(s). If the candidate is unable to bear this cost, other arrangements may be made.
3. The conviction of a crime is not always an automatic bar to employment. Convictions revealed by the Criminal History Check, however, may result in the School District immediately releasing the employee from employment and the School District rescinding the conditional offer of employment. The School District complies fully with guidelines set forth in Ohio Revised Code, Sections 3301.541, 3319.39 the implementing regulations contained in the Ohio Administrative Code 3301-20-01, and any other pertinent regulations as defining those crimes that bar employment. If a Criminal History Check reveals a record of a conviction which is not listed in the Ohio Revised Code, Section 3319.39 as barring employment the district will consider the nature of the offense, the date of the offense, and the relationship between the offense and the position for which the applicant is applying and may, in its discretion rescind a conditional offer of employment or, if employment has begun, may require that it cease. Arrest records will not be considered a bar to employment, a cause of termination, or used in any other way.
4. The initiation of proceedings to terminate, based on criminal convictions disclosed by the BCI or FBI check, will be made within twenty-one working days after receiving the BCI or FBI report. Except to prove that this investigation has been completed, the BCI and FBI reports will never again be used in any circumstance, for any purpose, after the twenty-one working day period that follows receipt of the reports.
5. BCI and FBI reports will not be included in employee personnel folders, but will instead be stored under lock and key, in the status of "for the Director of Human Resources' eyes only."

LETTER OF UNDERSTANDING
AND
ADDENDUM TO THE NEGOTIATED AGREEMENT

This letter confirms and memorializes agreements between the Board and the Union regarding the planning and implementation of Small Schools at Cleveland Heights High School through the Ohio High School Transformation Initiative.

The following items are agreed:

1. The shared governance of each small school shall be established in compliance with Section 19.11 of the Collective Bargaining Agreement. Modifications of the TAP process to include parent, student, and community input in the governance of a small school shall be agreed upon by the Board and the Union and shall be consistent with the KnowledgeWorks Foundation Non-Negotiable Attributes (specifically #2-Distributed Leadership). Accordingly, the Expanded TAP Governance Board of each small school shall be constituted as follows: Two Transition Team Leaders (TTLs), One CHTU Steward, two certificated staff members, and one classified staff member of the small school, two students, two parents/guardians, and one community member. All members serving on the Expanded TAP Governance Board must be affiliated with their respective small schools.
2. Any modification of a small school schedule such as a flexible schedule, block schedule, or other non-traditional schedule shall conform to the normal work day as set forth in the Negotiated Agreement and shall be subject to approval by the Board and the Union prior to implementation. Small schools may propose modifications of the normal work day to accommodate a non-traditional schedule. Such modifications shall require the agreement of the Board and the Union via a letter of understanding which shall include provisions to allow either the Board or the Union to unilaterally terminate the non-traditional schedule in a timely manner so as not to interfere with scheduling for the subsequent school year.
3. In order to provide collaborative planning time embedded within the normal work day, effective with the opening of the 2006-2007 school year, the Board shall

schedule each teacher assigned to a small school and each teacher in a city-wide assignment to no more than four assigned teaching periods under a traditional schedule, or the equivalent of four teaching periods under a non-traditional schedule. No more than one hundred students shall be assigned to any teacher, other than Physical Education and Music teachers, in any of the small schools. If the Board is unable to assign teachers as described above for the 2004 - 2005 or the 2005-2006 school years, then each small school shall be allocated between thirty-six and fifty-four hours during the course of the school year(s) to provide all staff within each small school collaborative planning time.

4. The terms and conditions of employment and the description of duties for teacher TTLs as agreed by the Board and the Union shall be an attachment to this letter and shall be reviewed jointly by the Board and the Union and shall be modified only through negotiations.
5. Based on the input obtained through each small school's consensus process the principal and teacher TTLs of each small school shall develop a plan and a budget for job embedded professional development. The professional development plans and budgets shall be submitted to the Administration-Union Summit for review and approval. All professional development activities shall comply with the pertinent sections of the Negotiated Agreement unless otherwise agreed in writing by the Board and the Union.
6. Meetings scheduled for small school governance, Critical Friends Training, student advocacy programs, or any other small school activities, shall not be scheduled so as to conflict with teacher planning/conference time or teacher collaborative planning time. With the exception of staff meetings as defined and described in Section 27.051 of the Negotiated Agreement, attendance at all meetings scheduled outside of the normal work day shall be voluntary and compensated.
7. The staffing of CHTU bargaining unit positions in all small schools and /or alternative programs housed at the high school campus shall take place using a staff selection procedure agreed upon by the Board and the Union.
8. Any revisions of current high school course offerings in a small school shall require collaborative meetings between the Small School Transition Team Leaders and the Department Liaisons. Such meetings shall be open to all department members. All revisions of course offerings shall be recommended by action of the Department Liaisons and are subject to Board approval. In the event the Department Liaisons do not recommend a proposed small school course offering, the Transition Team Leaders of the small school that originated the course offering may appeal to the Superintendent for adoption of the course.

9. Effective July 1, 2005 and thereafter, each small school shall prepare a budget in accordance with the recognized district budgeting procedures. Small school budgets shall be approved by the respective small school governance boards prior to submission to the Board for approval. The Union shall receive copies of the small school budgets prior to Board approval.

10. No later than May 1, 2006, the Board and the Union shall meet to review, and, if mutually agreed, modify the provisions of this Letter of Understanding.

RESOLUTION OF OUTSTANDING ISSUES RELATED TO THE SMALL SCHOOLS INITIATIVE ATTENDANT TO THE LETTER OF UNDERSTANDING AND ADDENDUM TO THE NEGOTIATED AGREEMENT DATED AUGUST 14, 2004.

1. The Shared Governance Team shall develop alternatives to provide the high school teaching staff with collaborative planning time within the normal 8:15 a.m. to 3:45 p.m. workday which releases the Board from the requirement to assign a maximum of four classes to teachers beginning with the 2006-2007 school year. Such alternatives may include, but are not limited to early release days, delayed start days, and modified class period schedules. Any such modifications or alternatives shall be mutually agreed by the Board and Union prior to implementation. In addition, the Board may provide collaborative planning time outside of the normal work day which shall be voluntary and compensated in accordance with the rate of pay set forth in Section 16.054 of the Negotiated Agreement.

Except for Music and Physical Education teachers, teachers shall have their class enrollments adjusted to meet the 100 student caseload or, if in excess of 100 students, teachers shall receive a:

* \$250.00 per quarter caseload honorarium based on class rosters of 101-110 students at the end of each quarter.

* \$500.00 per quarter caseload honorarium based on class rosters of 111 or more students at the end of each quarter.

Honorariums will be determined at the end of each quarter, and paid within two pay cycles. Additionally, the Union and Board agree to reevaluate the caseload compensation honorarium on an annual basis, by the end of the third quarter of each school year.

Intervention Specialists/Special Education Teachers assigned to the high school shall have a maximum of three teaching preparations daily. For purposes of this section, a teaching preparation shall be a course as having a distinct description and as listed in the High School Course Selection Guide. An assignment to a Special Education Classroom (a.k.a. Resource Period) shall be considered as one preparation. Intervention Specialists/Special Education Teachers who have more than three teaching preparations daily shall be assigned a Clerical Aide to provide support to Intervention Specialists/ Special Education Teachers for clerical duties and Special Education related scheduling and meeting needs. The Union and Administration shall meet to review and interpret teaching assignments that may have multiple teaching preparations in one class period.

2. The Board and the Union agree to implement the attached Teacher Leader Selection Process for the purpose of selecting Teacher Leaders.

3. Upon acceptance by the Board and the Union of Items 1,2 and 3, above, and upon acceptance of the attached separate memorandum of agreement, the Union shall withdraw the grievance filed May 26, 2006 (Small Schools Letter of Understanding 8.14.06).

ADDENDUM TO OCTOBER 26, 2004 LETTER OF UNDERSTANDING

TEACHER EVALUATION PILOT PROGRAM

The Teacher Evaluation Pilot Program that was implemented as a pilot for the 2004-2005 school year shall continue as an evaluation option for the 2008-2009 school year with the following modifications related to the Pilot and the Letter of Understanding dated October 26, 2004:

1. All teachers new to the District for the 2008 - 2009 school year shall be required to participate in the Tier I program. For 2008 - 2009 a selection process for voluntary participants shall be developed by the Appraisal Review Committee (ARC) with priority given to limited contract teachers who have been evaluated only under the Tier I program.
2. The first formal observation of limited contract teachers shall be conducted by December 1st and the formal observation document shall be copied and forwarded to the Director of Human Resources by the evaluator no later than December 15th. The observation document shall be modified to identify the teacher, assessor, grade/subject, school, and date of observation. In addition, the ARC shall provide a sign-off statement which the teacher and the evaluator shall sign and date to verify that all observations and related conferences and meetings took place in accordance with the procedures established under the Tier I program.
3. No later than the last work day prior to winter recess, the Director of Human Resources shall notify the Union in writing of any limited contract teachers whose first observations indicate performance problems serious enough to warrant the non-renewal of limited contracts. Should such notice to the Union not be provided regarding a teacher who is subsequently recommended for non-renewal by the evaluator, the teacher shall not have his/her limited contract non-renewed. This section would not apply to serious problems that would otherwise warrant termination of employment.
4. A limited contract teacher who participates in the Tier I evaluation program and who receives performance feedback that indicates that he/she may be in jeopardy of non-renewal, shall be provided with a specific plan for improvement to include mentoring support as developed and agreed upon by the Appraisal Review Committee. If the plan for improvement is not administered, the limited contract

teacher shall be eligible for a subsequent contract the following school year. If the summative assessment report issued to the teacher by April 1st indicates that the teacher's performance has improved since the first observation report issued January 15th, the teacher, subject to approval of the Superintendent, shall be recommended for a one year limited contract for the subsequent school year and shall receive mentoring support as approved by the Appraisal Review Committee.

5. For 2008-2009, Instructional Specialists, Guidance Counselors, AND School Nurses will be eligible to participate in the Tier I Evaluation Program using appraisal instruments adopted by the ARC that are specific to the roles of Instructional Specialists, Guidance Counselors, and School Nurses.
6. The Tier II Alternative Evaluation Program as agreed by the Board and the Union pursuant to the Letter of Understanding of August 1, 2007, and as implemented by ARC for the 2007-2008 school shall continue to be offered to eligible teachers for the 2008-2009 school year.

The following items included in the original Letter of Understanding of October 26, 2004 are reprinted below.

- Teachers participating in the Tier I Program shall be entitled to one day of professional leave for the purpose of documentation and preparation necessary to fulfill the requirements of the Tier I Program.
