ARTICLE ONE - PURPOSE

- 1.01 The purpose of this AGREEMENT is to set forth certain policies of the BOARD as such policies may affect or may be applicable to the employees of the EMPLOYER in the employee unit described in Article II, Section 2.01.
- 1.02 The UNION recognizes the SUPERINTENDENT as the individual with the responsibility under the statutes of the State of Ohio for the administration of policy as adopted by the BOARD and for the administration of the affairs of the School District of the City of Dayton, Ohio, except to the extent modified by this AGREEMENT.
- 1.03 The EMPLOYER and the UNION mutually recognize that the welfare of the children of the Dayton Public Schools is paramount in the operation of the schools and will be promoted by both parties.
- 1.04 Except to the extent expressly modified by a specific provision of this AGREEMENT, the BOARD, on its own behalf and on behalf of the electors of the District, retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws of the State of Ohio and/or the United States, including but not limited to the management and control of the school properties, facilities, athletic and recreational programs, and the selection, direction, transfer, promotion or demotion, discipline or dismissal for just cause of all personnel, and as such rights existed prior to the execution of this or any other agreement. The BOARD also recognizes that the best interest of public education will be served by establishing procedures to provide an orderly method for the BOARD and representatives of the UNION to discuss matters of concern to either party during the term of this AGREEMENT.
- 1.05 This AGREEMENT supersedes any and all previous agreements between the parties hereto and is a final and complete AGREEMENT of all negotiated items that are in effect throughout the term of said AGREEMENT. Execution of this AGREEMENT precludes further negotiations of any issues unless otherwise mutually agreed upon by the respective parties.

ARTICLE TWO - RECOGNITION

- 2.01** The EMPLOYER recognizes the UNION for the term of this AGREEMENT as the sole and exclusive collective bargaining representative for such purposes as may either be permitted or are not restricted under the statutes of the State of Ohio for all employees in the following described employee unit:
- All paraprofessionals, working 20 hours or more per week, employed by the EMPLOYER in the paraprofessional job classifications listed in Appendix A (or any retitling of such job classifications, or newly created paraprofessional job classifications), but excluding all other employees, administrators, professional staff members and other employees of the EMPLOYER.
- 2.02** The term "employee" or "paraprofessional" as used in this AGREEMENT shall refer only to those persons included in the employee unit.

- A. A paraprofessional shall be fully informed by his/her principal, supervisor, or other designated administrative official as to how such evaluation shall be conducted.
 - B. New paraprofessional employees shall receive an orientation to their jobs by an administrative designee but in no case shall the designee be another paraprofessional. They will be advised that the principal or supervisor, or other designated administrative official, will observe them and critique their performance.
 - C. Observations prior to formal evaluation should be followed as soon as possible by personal discussion between the paraprofessional and those persons making the observation. The direction of such a discussion should be behavioral in approach, should include suggestions for improvements, and should be descriptive of problems requiring correction or attention.
 - D. If a critical report of an observation of a paraprofessional is made, the person making the criticism, together with the paraprofessional, shall plan for correcting the situation causing the criticism. The next observation report will, if possible, state the steps which have been taken to correct the situation causing the criticism. The paraprofessional observed may be required to state, in writing, the steps taken to correct the cause of the criticism.
 - E. Prior to completing the formal evaluation, an objective review will be made of the conditions which have influenced the effectiveness of the paraprofessional during the period for which the evaluation is to be made. file. During the conference, the paraprofessional will have the opportunity to review the evaluation with his/her principal, supervisor or other designated administrative official, and will be requested to sign the evaluation. The signature shall not imply agreement or disagreement with the evaluation but will be solely for the purpose of indicating the paraprofessional has received and read the evaluation. The paraprofessional may reply to any evaluation in written statement within ten (10) work days and have such reply attached to the evaluation.

A written report of all assaults on paraprofessionals will be made to the SUPERINTENDENT's designee.
- 11.02** In accordance with the provisions of Section 3319.081(G) of the Ohio Revised Code, employees shall be paid for all regular hours of work lost when the building in which they are employed is closed by the order of the SUPERINTENDENT due to an epidemic or other public calamity. Days not worked but for which pay is granted shall be limited to five (5) days in any school year unless the State Legislature otherwise passes laws sufficient to reduce the number of required school days in the school calendar or increases the number of paid calamity days. Examples of a public calamity include: (a) tornado, (b) flood, (c) ice condition, (d) snowstorm, (e) other calamity situations as determined by the SUPERINTENDENT. A public calamity does not include any school or building closing necessitated by: (a) fire, (b) power supply interruption or reduction, (c) lack of fuel or reduction of fuel.
- 11.03** Any employees required by the EMPLOYER to work, and working during the time that the school or building in which they are employed is closed by order of the SUPERINTENDENT due to an epidemic or other public calamity as described in 11.02 above, shall be compensated at their regular salary for the day

as if worked and straight time hourly rate for all hours actually worked during such epidemic or public calamity in such building. Those employees required to work and working on days in excess of the five (5) days cited in section 11.02, shall be paid at their normal hourly rate of pay for such hours worked. It is understood that the EMPLOYER shall have the right to determine whether or not an employee shall be required to work during such emergency.

- 11.04 Paraprofessionals, in cases of situations involving this article may contact proper school authorities for instructions as to work assignment. These include the building principal, the program coordinator, if so assigned, or the SUPERINTENDENT'S designee(s). If a situation involving this article arises after the paraprofessional reports to work, he/she shall follow the directions of either the School Principal or the staff administrator acting in his place or, if neither is present, the certificated professional staff member to whom the employee is assigned.
- 11.05 Any employee who reports for work during an emergency created by a riot or public disturbance in the area of the school, requiring schools to be closed to students and all other staff regularly assigned to the school, except Security Resource Officers or other security personnel, shall be compensated at straight time for all hours worked during times when their school building is closed. Employees who are assigned to a different building during such an emergency shall receive their regular rate of pay.
- 11.06 When employees report for work during a condition at their work location which jeopardizes their safety and health, the SUPERINTENDENT or his/her designee may either reassign such employees to other work locations for the remainder of that day, or discontinue their employment for that day without loss of straight time pay.
- 11.07 No paraprofessional will be required to report to a building where a clear and present danger exists, as determined by the SUPERINTENDENT.
- 11.08 Communications between the community and the school ideally should be such that most complaints may be resolved through personal conferences at the school level. Various avenues of contact between paraprofessionals, pupils, teachers, parents, principals, program coordinators and other appropriate staff members should be pursued with respect to complaints against paraprofessionals before using the formal procedures outlined in Section 11.09. If such conferences do not lead to understanding and resolution of problems involved, the parent may pursue further action by submitting a complaint against the paraprofessional, which must be submitted in writing to the principal of the school or program coordinator. This administrator will give a copy to the paraprofessional and to the professional staff member (teacher) involved. Likewise, the paraprofessional may request, in writing, to the administrator, that a written complaint be filed or the matter shall be considered closed. The administrator will give a copy of any such request to the parent making the complaint.

- 11.09 Further action concerning the complaint of any parent against a paraprofessional will be processed according to the following procedure:
- A. If requested by the paraprofessional, a meeting involving the paraprofessional, a representative of the UNION, the principal, the program coordinator (if a Special Assistance Program), the complainant, and the teacher(s) will be arranged at a mutually convenient time to discuss the complaint.
 - B. If the complaint is unresolved, it may be appealed to the appropriate executive director, appropriate building administrator, program coordinator, or other appropriate administrator..
 - C. If it is not resolved at that level, it may be appealed to the SUPERINTENDENT or his/her designee.
 - D. In each of the steps above, a paraprofessional staff member may request and be accompanied by counsel and/or representative of the UNION. Conferences regarding such complaints will be private.
- 11.10 In the event a paraprofessional is assaulted while on duty, the EMPLOYER shall provide reasonable on-the-job protection, counsel and assistance.
- 11.11 Instruction shall be given to all new paraprofessionals concerning teacher-paraprofessional team expectations.
- 11.12 Prior to administering discipline upon paraprofessionals who are involved in confrontations with handicapped children and severe behavior handicap children the EMPLOYER shall take into consideration all of the facts including, 1) whether the confrontation occurred for the purpose of protecting the child from harming himself or herself, or 2) whether the confrontation occurred for the purpose of defending the paraprofessional or others from physical harm.

The scheduled time for call in shall be in accordance with the time designated by the program or building administrator. The UNION and EMPLOYER specifically agree that paraprofessionals will not be sent home from work on the day following an absence if the paraprofessional failed to give notice of an expectation to return to work. If both a substitute paraprofessional and a bargaining unit paraprofessional appear for work the day following a bargaining unit paraprofessional's

When a paraprofessional is absent, a written report of such absence, signed by the paraprofessional and his/her building or program administrator, shall be completed on the form designated by the EMPLOYER, and the report shall be filed with the treasurer within ten (10) days following the last day of the paraprofessional's absence. If the paraprofessional required medical attention during the period of sick leave, the name of the attending physician and the date the paraprofessional was consulted shall be contained in the report. After ten (10) consecutive days of absence or where a paraprofessional has established a pattern of absenteeism, the EMPLOYER may require a signed statement from a physician confirming the paraprofessional's need for sick leave.

14.02 Sick Leave

- A. Each paraprofessional under contract for a regular school year shall receive sick leave credits at the rate of one and one-fourth (1-1/4) days per calendar month for an annual maximum of 15 days. Part-time, hourly, or seasonal employees shall be entitled to earn sick leave credits at the rate of one (1) hour for each 17.3 hours worked.
- B. At the close of each school year, the unused portion of the annual sick leave shall be placed in reserve, but such reserve shall not exceed two hundred fifty (250) days, which is the maximum which may be used during any one school year.

- E. Part-time, hourly, or seasonal paraprofessionals shall be entitled to sick leave for time actually worked at the same rate as that granted full-time paraprofessionals.
- F. A paraprofessional staff member eligible for sick leave usage may be granted such leave when absent from work and entitled to such sick leave in accordance with the provisions of Section 3319.141 of the Ohio Revised Code, as follows: "For absence due to personal illness, pregnancy, injury, exposure to contagious disease which could be communicated to others, and for absence due to illness, injury, or death in the employee's immediate family." The EMPLOYER shall have the right to require the employee off work due to sickness, illness or accident for more than five (5) consecutive school days to be examined by a physician designated by the EMPLOYER while absent from work or prior to being permitted to return to work. The EMPLOYER shall require each employee to furnish a written signed statement on forms prescribed by the EMPLOYER to justify the use of sick leave.
- H. Sick leave may be used due to the illness of grandmother, grandfather, grandson, granddaughter, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of a paraprofessional who does not reside in the home of the paraprofessional only if the paraprofessional provides the Department of Personnel Services with a doctor's certificate setting forth the identity of the patient, the general nature of the illness involved and the need for the absence of the paraprofessional, and the Department of Personnel Services and the paraprofessional's department head approve the use of sick leave for such purpose.
- I. Absence on Sundays, holidays, and non-work days shall not be charged against sick leave.
- J. Such death leave may be for a period of up to five (5) work days.
- K. The filing of any willfully false statement by a paraprofessional shall be considered by the EMPLOYER as grounds for disciplinary action in such form and manner as the EMPLOYER may deem advisable.

- M. Employees who do not use sick leave during any school quarter will receive a seventy-five dollar (\$75) stipend to be paid in the closest pay period following the close of the quarter.

- A. Paraprofessionals may, under conditions specified herein, be granted leaves of absence without pay for the following purposes: Personal illness, disability from performing work, military and study.
- B. Leaves of absence may be authorized only by the BOARD upon the recommendation of the SUPERINTENDENT and as provided by the following rules and regulations and within the provisions of the Ohio Revised Code governing such leave. Failure to report for duty following the expiration of a leave of absence, unless additional absence is authorized, or failure to comply with the provisions of the leave may be considered by the EMPLOYER as termination of contract by the paraprofessional.
- C. **Continuity of Service**
1. For the purpose of regulations on leaves of absence, paraprofessionals on authorized leaves of absence shall be considered as maintaining the characteristic of continuity of service provided such leaves do not total more than two (2) years. However, time spent on unpaid leaves of absence may not be included in meeting service requirements for future leaves of absence, earned annual increments, or retirement, except that the time spent on an unpaid leave of absence for military service may be credited to the service required for annual increments.
- D. **Personal Illness**
1. Any paraprofessional who is unable to perform satisfactorily the duties of the paraprofessional's position because of personal illness or other disability including disability to perform duties due to pregnancy or childbirth may be granted a leave of absence without pay for the remainder of the school year or for a full school year. Such leave of absence may be renewed for an additional school year.
 2. The application for such leave of absence or a renewal thereof shall be accompanied by a statement from the attending physician stating the nature of the illness or disability and definitely stating that the paraprofessional be relieved of duties for the period of the disability, unless such statement is waived by the SUPERINTENDENT.
 3. Application for reinstatement shall be made at least thirty (30) days before the expiration of a leave of absence for personal illness. Not less than ten (10) days before the termination of the leave, the paraprofessional shall submit a written statement from the attending physician, certifying that the paraprofessional has been medically examined and that the paraprofessional is or will be able to resume the paraprofessional's duties with the EMPLOYER when the leave of absence expires. The EMPLOYER may require, at EMPLOYER expense, an examination by an EMPLOYER approved physician before the paraprofessional is reassigned.

- 1690-08
K31595
4. Termination of a leave of absence before its expiration date, provided the request for termination is made in writing by the paraprofessional and the request is accompanied by a statement from the attending physician recommending return to duty, shall be at the discretion of the SUPERINTENDENT and in accordance with the needs and interests of the schools.
 5. If a paraprofessional is unable to perform satisfactorily the duties of the paraprofessional's position because of physical or other disability, including disability to perform duties due to pregnancy or childbirth, or if the paraprofessional is unable to return to work on account of personal illness following the expiration of the paraprofessional's sick leave, the SUPERINTENDENT may recommend, without the request of the paraprofessional, a leave of absence for a part of the school year and renewals thereof, and the BOARD may grant such leave in accordance with the provisions of law.
 6. Upon return from a leave of absence for personal illness, the paraprofessional shall be returned to the same position that the paraprofessional held at the time said leave commenced, if available; if not, to an equivalent position.

4. Upon returning to the school system, the paraprofessional shall be returned to the same position, if available, or to an equivalent position. If the specific building assignment is not available, the paraprofessional will be returned to an equivalent position.

F. Military Leave

1. Any paraprofessional shall be granted a leave of absence to be inducted into or otherwise enter military duty in accordance with the provisions of law.

2. The application for military leave shall be made as far in advance as is feasible, but not later than the date upon which order to report for military duty is received.
3. Notice of intent to resume employment shall be given within ninety (90) days after discharge from the military service for which leave was granted.
4. Upon evidence of honorable separation from military service, and upon proper application for reinstatement to duty, a paraprofessional shall be re-employed at the beginning of the next school semester, subject to passing a physical examination, provided such application is made not less than thirty (30) days prior to the first day of the next school semester, unless the EMPLOYER waives the requirement for such thirty (30) day period or unless the EMPLOYER wishes to reassign the paraprofessional at an earlier date as requested by that paraprofessional.
5. For purposes of length of service and replacement on the salary schedule, leaves of absence in the service of the Armed Forces of the United States or the auxiliaries thereof shall be counted as though service has been performed during such time.
6. Upon returning to the school system, the paraprofessional shall be returned to the same position, if available, or to an equivalent position. If a specific building assignment is not available, the paraprofessional will be returned to an equivalent position.

14.04 Transitional Duty

Definition: **Transitional Duty** is designed to allow a paraprofessional employee to safely return to work in a job within the paraprofessional bargaining unit with temporary physical limitations and restrictions which may prevent the employee from performing all of his or her regularly assigned duties.

Transitional Duty applies only to work-related workers' compensation injuries or occupational disease and is not to be considered as an official position or job. Transitional duty is not a job classification, permanent or otherwise. An employee performing transitional duties retains his/her existing job classification and seniority. Paraprofessionals shall not be assigned duties outside of the paraprofessional bargaining unit, and employees within other bargaining units shall not be assigned to perform **Transitional Duty** work within the paraprofessional bargaining unit.

Transitional Duty is applicable only when it is deemed medically reasonable that a full recovery is expected to occur within twelve (12) weeks. **Transitional Duty**, therefore, shall last no more than twelve (12) weeks with a full return to work by the end of twelve (12) weeks. Transitional duty is not available if the employee has reached maximum medical improvement as determined by the Bureau of Workers' Compensation.

To be eligible for **Transitional Duty** an employee must complete the BWC Form 1690-08 Report of Injury (FROI) forms and the Accident/Injury Report form Part I as required by the Employer. The Accident/Injury Report shall be submitted to the employee's supervisor who shall note the date the form is received upon the form. K31595

Transitional Duty is implemented upon the availability of **Transitional Duty** within the paraprofessional bargaining unit. Human Resources, with consultation with the Union President, shall be the approval authority for all **Transitional Duty**. Full, regular wages are paid during **Transitional Duty**.

The Treasurer shall use a payroll code for salaried and another code for hourly employees working in **Transitional Duty** to allow for proper tracking of **Transitional Duty**.

Overtime is not permitted unless approved by the attending physician and will not have a negative impact upon or delay recovery.

Transitional Duty can be less than full time with **Continuation of Pay** paid, if eligible, for hours not worked to supplement a full, regular wage. Hours not worked must be documented and supported by appropriate medical documentation. For example, an employee normally scheduled for eight (8) hours per day is released to return to work four (4) hours and attends physical therapy the remaining four (4) hours. In this situation, he will work four (4) hours and receive his regular wages and then receive four (4) hours of continuation of pay upon submission of supporting medical documentation of the time spent in therapy.

Transitional Duty is applicable to compensable injuries as determined by the Bureau of Workers' Compensation whether lost time or medical only. Once an employee returns to work under the **Transitional Duty** program, **Continuation of Pay** is payable in medical-only claims. For example, if an employee is off four days and returns to work under an approved **Transitional Duty** program, the four days will not be considered **Continuation of Pay**. If, however, the employee returns to work under **Transitional Duty** and must then be excused for physical therapy or doctor visits in order to continue **Transitional Duty** and recover from a work-related injury, **Continuation of Pay** is payable while the employee is off the work site. The employee shall provide to his or her supervisor appropriate medical documentation supporting attendance. Appropriate medical documentation should include the date, time in and time out, and the medical provider's signature.

Continuation of Pay is not payable for medical appointments once the employee is released to full duty, has exhausted all available **Continuation of Pay**, or their limitations and restrictions do not prevent the employee from performing the essential duties of their position.

An employee on **Transitional Duty** who has exhausted all available **Continuation of Pay** may elect to use available paid leave or leave without pay.

An employee cannot work a second job within or outside of the District and work **Transitional Duty**.

The goal of **Transitional Duty** is to return the employee to his regular job and department. Paraprofessionals shall not be assigned duties outside of the paraprofessional bargaining unit, and employees within other bargaining units shall not be assigned to perform **Transitional Duty** work within the paraprofessional bargaining unit.

If an employee is offered **Transitional Duty** and refuses a **Transitional Duty** offer within his or her medical limitations, the employee cannot elect **Continuation of Pay**. The employee may not be eligible for temporary total benefits from the Ohio Bureau of Workers' Compensation when a valid **Transitional Duty** offer has been made and declined. The District will notify the Ohio Bureau of Worker's Compensation of any refusal to accept a **Transitional Duty** offer that is within the Employee's medical limitations, and if there is a dispute about whether the offer of **Transitional Duty** is within the Employee's medical restrictions, the dispute will be resolved by the Ohio Industrial Commission.

An employee may elect to use sick leave, vacation leave, or personal leave time if the employee refuses **Transitional Duty**, but no buy-back of the leave taken shall occur. All leave taken for a work-related injury should be reviewed for FMLA qualification.

A **Transitional Duty** offer made to an employee refusing to return to work must be reduced to writing and sent by certified mail or hand delivered to the employee. Hand delivery of the offer, shall be accompanied by the injured worker's signature and date on the employer's copy.

Time spent in **Transitional Duty** is considered time worked for employees still in their probationary period.

Management and Employees shall cooperate with each other to achieve the goals of **Transitional Duty**.

Transitional Duty and Continuation of Pay are separate programs and the time frames do not necessarily run concurrently.

In determining whether or not to approve any application for Personal/Emergency leave, the SUPERINTENDENT'S designee shall consider the recommendation of the employee's immediate supervisor. Such recommendation shall be based on the effect the absence of the employee will have on the efficient operation of the work regularly performed by the employee. Such leave shall not be unreasonably denied. Denials of requested leave shall be in writing.

- C. The EMPLOYER and the UNION will jointly plan and conduct one day of in-service training each school year, which will coincide on the school calendar with WOE day. 14.10 Continuation of Pay

CONTINUATION OF PAY PREAMBLE

An employee who suffers a compensable workers' compensation injury, including being assaulted by a student, and who is temporarily and totally disabled as a result of the injury may be eligible to receive compensation from the Bureau of Workers' Compensation (BWC). The process of making an application for compensation from the BWC can be cumbersome with many delays. This **Continuation of Pay** policy is designed to cover injured employees who would otherwise receive BWC temporary total payments where it is fiscally responsible for the District by causing the BWC to set a lower claim reserve and hence a lower premium regarding each case.

This policy also includes assault injuries which would be covered by the BWC and consolidates prior policies and provisions on the subject. The policy does not affect or replace the employee's need to file claims with the BWC for medical treatment.

The goal of this policy is to return the employee to employment with the District in the Employee's bargaining unit safely and at the earliest possible time following a work injury while positively impacting the BWC premium for workers' compensation coverage.

Continuation of Pay (COP)

COP is recommended to expedite payment, eliminate hardship to injured employees, and effectively manage lost time claim costs.

Definition. **COP** is the continuation of full hourly wages and benefits.

Continuation of Pay is not payable unless the employee makes a workers' compensation claim, it is certified by the District and the employee has completed the BWC First Report of Injury (FROI) and the Accident/Injury Report form Part I as required by the Employer. The Employer shall be the approval authority for all **COP**. **COP** shall only be approved if it is fiscally responsible for the District by positively impacting the District's BWC premiums.

Continuation of Pay is reimbursable to the District by the employee if the claim, once made, is finally disallowed by the Bureau of Workers' Compensation, the Industrial Commission, or a court of competent jurisdiction or **COP** is improperly made for any reason. The District may dock the employee's pay to recoup amounts paid in such circumstances.

Continuation of Pay payments are computed on the basis of the employee's base rate of pay and normally scheduled hours, not to exceed forty (40) hours per week. Part-time employees will have payment pro-rated. Seasonal, temporary and intermittent employees will qualify for **Continuation of Pay** at their base rate for the period of time the appointment was approved. Time authorized under **Continuation of Pay** is considered time worked for employees still in their probationary period, if any.

To allow for tracking of wages paid as a **COP**, the **Continuation of Pay** must be recorded using the appropriate payroll codes which the **Treasurer** shall provide for salaried and hourly employees. **Payroll clerks** shall properly code **COP** when paid.

An employee continues to accrue sick and vacation leave while on **Continuation of Pay** if they would have otherwise accrued such leaves. An employee would not otherwise accrue such leaves shall not accrue leaves under this policy.

Increments of **COP** must be approved by the Employer, in his discretion and when it is fiscally responsible for the District by having a positive impact on BWC reserves and premiums, and no one increment may exceed four (4) weeks. **COP** cannot exceed twelve (12) calendar weeks for any one claim over the lifetime of that claim. If the employee has not returned to work within the twelve

(12) period and has not reached maximum medical improvement, he may then receive benefits from the BWC or use any available sick leave, but the employer will not be required to buy-back any sick leave so used.

Payments are made only for periods the employee would have been eligible for temporary total workers' compensation benefits for injuries and will be terminated upon return to work; when the Bureau of Workers' Compensation or the Industrial Commission has determined the employee has reached maximum medical improvement, when an offer of transitional duty has been made by the District and declined by the employee, or, when twelve (12) calendar weeks of **Continuation of Pay** have been paid, whichever occurs first.

A return to work does not eliminate eligibility for the balance of **Continuation of Pay** in the future if a medically documented flair-up occurs as determined by the Bureau of Workers' Compensation or the Industrial Commission for this claim.

An injured employee receiving **Continuation of Pay** cannot concurrently receive, for the same period of time, any other District compensation (e.g. sick leave, injury leave, vacation, supplemental contract pay etc.) or temporary total compensation payments from the State of Ohio Bureau of Workers' Compensation.

Continuation of Pay may be paid for medical appointments documented under an approved transitional duty program and approved by the Employer. (See **Transitional Duty**). This policy supercedes any prior practice of sick leave buy-back, except as noted below, and **COP** shall not be charged to sick leave.

Time authorized under **Continuation of Pay** is an FMLA qualifying event. The leave form should be marked accordingly giving appropriate notice to the employee.

To be eligible for COP:

- An employee must be employed by and/or be on contract with the District and be receiving wages from the District. To remain eligible for **COP**, the employee must remain eligible to receive wages and/or be on contract. For example, no contract employee or other employee not required to work, such as during Summer and intercession breaks, shall receive **COP** during the time that they are not ordinarily required to work.
- An employee must sign a **Continuation of Pay** reimbursement agreement.
- The date of injury must occur in a year in which the District's merit rating or retrospective premiums will be impacted. Currently, the date of injury must occur during the most recent four, full calendar years or during the current calendar year; and, until 1/1/01, in 1992, and, until 1/1/02, in 1993. If a worker's date of injury makes him/her ineligible for **COP**, then in that case, the employee may use accumulated sick leave, as provided in other provisions, and

if the employee assigns their BWC check for the payment of temporary total disability to the District, then the Treasurer will re-credit sick leave in the amount of the BWC check.

- The employee must be totally disabled from all employment and must miss more than seven (7) calendar days; or, qualify for **Continuation of Pay** under the **Transitional Duty** policy with reimbursement for documented medical appointments or gradual return to work program.
- An employee is not paid **Continuation of Pay** for the first seven (7) days until after fourteen (14) consecutive days of total disability as determined by the Bureau of Workers' Compensation, except as the **Transitional Duty** policy may apply.
- The claim must be certified by the District. If a claim is rejected by the District, but allowed by the BWC or the Industrial Commission, **Continuation of Pay** is paid retroactively, provided it is advantageous to the District's BWC premium and provided the provisions of this policy are fulfilled. An employee may use sick, vacation, or personal time pending a decision on allowance. This time is reimbursed hour for hour upon allowance by the BWC or the Industrial Commission.
- Appropriate medical documentation, the District Injury Report Form, medical releases, the FROI, any Managed Care Organization (MCO) forms, and any Third-Party Administrator (TPA) form are provided as determined by the Employer.
- The employee must cooperate at all times in meeting with and in responding to reasonable and germane information requests of the MCO, BWC, the Employer, and health providers.

Assault Leave

Since BWC compensable assaults are work-related, **COP** shall be provided as noted above as and for the assault leave. An assault is defined as a criminally punishable act by a pupil against an employee of the District causing a BWC compensable injury. This section describes additional requirements for the granting of **COP** in assault situations.

In the case of such assaults, the employee must do all of the following to remain eligible for **COP**:

Furnish to the Employer a signed statement describing in detail all of the facts and circumstances surrounding the assault, including, but not limited to, the location, the time, the identity of the assailant(s), if known, and the identity of all witnesses. The employee must also submit written verification signed by the attending physician that the employee is disabled from performing normal duties, indicating the nature of the disability and probable duration as well as a statement

of the employee's ability to participate in transitional or alternate duties designed to return the employee back to work.

Cooperate fully with the Employer and other public authorities in the prosecution of the assailant(s). In the event the employee requires representation by an attorney in the criminal prosecution of the assailant(s), the Board will provide an attorney to represent the employee in such matters.

File a workers' compensation claim to be eligible for COP which, if granted, will replace BWC payments that would otherwise be made during the period of COP. There is no loss of seniority while on COP and all insurances shall remain in effect. In the case of dispute as whether the employee initiated the assault, the determination by the BWC, the Industrial Commission, or a court of competent jurisdiction shall be controlling. If it is determined that COP should not have been paid, the employee will be liable for a return of those funds, by payroll deduction or otherwise, at the discretion of the employer. COP for assaults shall not be charged to sick leave.

Merger

Any related leave policies, such as injury leave and workers' compensation, and assault leave are hereby merged into this provision. The parties specifically intend to override and supercede any and all conflicting provisions of Ohio Law including but not limited to O.R.C. Sections 3319.11, 3319.111, 3319.02, 3319.17, 3319.143 and 3319.171.

14.11 Family and Medical Leave

The EMPLOYER will provide leave to eligible employees consistent with the Family and Medical Leave Act (FMLA). The method for determining the twelve (12) month period in which FMLA entitlement occurs shall be the calendar year. In complying with the FMLA, the EMPLOYER will adhere to the requirements of the collective bargaining agreement, applicable regulations, federal, and state laws.

ARTICLE FIFTEEN - CATASTROPHIC ILLNESS/INJURY LEAVE

- 15.01** In cases of personal hardship to a bargaining unit employee brought on by catastrophic illness or injury, where the employee has exhausted all accumulated, unused paid leave as a result of the catastrophic illness or injury, the BOARD and the UNION may enter into an agreement pursuant to the following guidelines to assist the affected employee through the donation of accumulated unused sick leave by other bargaining unit employees who volunteer to do so. The employee will be informed of the committee's decision, and their reasons therefor in writing. The decision of the committee shall be final.
- E. A maximum of forty-five (45) days of catastrophic illness or injury leave may be granted to an applicant. The applicant must reapply for any catastrophic illness or injury leave beyond forty-five (45) days. In no event will an employee be granted a total of more than ninety (90) days of catastrophic illness or injury leave.
- F. If an application is approved by the Joint Committee, the affected employee or his/her representative will assume the responsibility for solicitation of donations of accrued, unused sick leave from employees in the bargaining unit. 17.02 The UNION agrees that it will not encourage, sanction, or approve any strike, stoppage, slowdown, or other interruption of work during the life of this AGREEMENT. On the contrary, the UNION will actively discourage and publicly denounce any strike, stoppage, slowdown, or other interruption of work in violation of this AGREEMENT.
