- (a) A vacancy shall be defined as an "open position" within the bargaining unit covered by this AGREEMENT, that the administration determines to fill; provided, however, a vacancy shall not be deemed to exist for purposes of the procedures set forth in this Article if:
 - (1) there is an employee in the bargaining unit on suspended contract with recall rights to the open position; or
 - (2) the Superintendent, in the exercise of his/her prerogative, fills the open position by involuntary transfer.
- (b) Before filling a vacant position in the bargaining unit with an employee new to the District, the Superintendent shall consider all applicants currently working within that job classification for the vacancy and if no such applicant is selected to fill the position, then consider all applicants currently working within the bargaining unit. This will be done within thirty (30) calendar days of the posting of the vacancy. An internal applicant must complete an internal application form for each vacant position for which he/she wants to be considered. "Considered" means the employee will be interviewed the first time the employee applies for a position in that classification provided the employee meets the general qualifications and requirements for the position. The employee does not need to be interviewed again if the employee applies for a position in the same classification unless it has been twelve (12) months or more since the last time the employee was interviewed.
- (c) Vacancy announcements to employees and the ASSOCIATION shall be by posting "Notices of Vacancy", within five (5) calendar days after the vacancy is determined to exist on the district website for a minimum of seven (7) calendar days, by emailing all employees a link to that webpage and by providing a copy to the ASSOCIATION President. "Notices of Vacancy" shall include the general qualifications for the job, the general requirements of the job, the number of hours anticipated, location of the vacancy, rate of pay, classification, the internal application deadline, and procedure for application.
- (d) Vacancies shall be filled within sixty (60) work days of the posting. However, under no circumstances will an individual be employed on a substitute basis in an attempt to avoid posting or filling a vacant position.

9.02 Voluntary Transfers

- (a) An employee making application for transfer to a posted vacancy must do so in writing to the Human Resources office by completing a letter of intent as noted on the "Notice of Vacancy" no later than 12:00 P.M. on the last day of the posting period.

9.03 Involuntary Transfer

- (a) The Superintendent may reassign an employee if said reassignment shall facilitate the efficient operation of the School District.
- (b) No employee shall be placed at a lower hourly rate of pay due to an involuntary transfer.
- (c) The Superintendent shall meet with the employee to discuss the reasons for the involuntary transfer before the transfer takes place.

9.04 Temporary Transfers

- (a) An employee may be temporarily transferred or assigned due to unusual circumstances, such as a position being vacated by another employee and prior to its being filled, or employee absence. Said temporary transfer or assignment shall be in writing by the Superintendent.
- (b) The employee who has been temporarily assigned will not lose any salary should the position be at a lower rate of pay. If the position to which the employee has been transferred is regularly paid at a higher rate of pay, then the employee shall receive a higher rate of pay for the new assignment as directed by the Superintendent. Temporary transfer or assignment shall be defined as a transfer or assignment for a period of four (4) hours or more.
- (c) Upon the filing of a request in writing from an employee who will be on a long term absence for ninety (90) calendar days or more, employees in the same classification as the employee may request a temporary transfer to the position held by the employee requesting the leave. A substitute will then be hired for the temporarily transferred employee's position. When the employee returns from his/her leave of absence, he/she, along with the temporarily transferred employee, shall return to his/her original position.
- (d) Employees in the Food Service classification of Assistant Cook shall also be eligible for temporary transfers according to the following procedures:

- (1) Upon the absence of a Cook, the Assistant Cook(s) in the building with the highest number of hours shall be temporarily transferred to Cook position. Said temporary transfer shall be in writing by the Superintendent.
- (2) Upon the temporary transfer of an Assistant Cook to the vacant Cook position, the Assistant Cooks in the Building with the second highest number of hours in the Building of the Cook who is absent shall be entitled to be temporarily transferred on a seniority rotation basis to the Assistant Cook position which is vacant due to the temporary transfer of another Assistant Cook. Said temporary transfer shall be in writing by the Superintendent.
- (3) The temporary transfer sequence outlined in this procedure shall continue until all regular short-hour Assistant Cooks have been given the opportunity to be temporarily transferred to an Assistant Cook position with greater hours. Substitutes shall be employed only after all Assistant Cooks have been given an opportunity for temporary transfer.
- (4) In applying these procedures, if two (2) or more Assistant Cooks have the same number of assigned hours, transfers will be made on a seniority rotation basis; provided, however, if a temporary transfer will result in an employee being scheduled to work over forty (40) hours in the work week, the employee will not be eligible for the transfer.
- (5) The procedure outlined in (d) shall be applicable only to the filling in for employees in the Cook and Assistant Cook classifications.

9.05 Temporary Assignment - Bus Drivers

- (a) Any route vacated within the school year, by an employee on a long term leave of absence, shall be posted as a temporary assignment (not a vacancy) available to drivers whose assignment is less hours than the vacated route. A route will be posted as a temporary assignment upon the filing by a driver, in writing, for a leave of absence of ninety (90) calendar days or more.
- (b) Bidding shall be conducted by seniority as specified in Section 11.08(f), with the limitation of bidding to two (2) "temporary assignments" (so that the domino effect can be prevented).
- (c) The route made available after the bidding process shall be filled by a substitute.

- (d) If a driver's original assignment does not allow for insurance eligibility, he/she will not be eligible for insurance even if the temporary assignment route allows for eligibility.
- (e) Should the driver on the leave of absence return within the school year, he/she will assume his/her original bus route assignment. All other drivers involved in the temporary assignment process will also return to their original bus route assignment resulting in the discontinuation of the substitute driver's services.
- (f) Should a driver participate in the bidding process, while on a leave of absence, he/she will notify the BOARD as to the anticipated length of his/her leave of absence. Should such leave be for ninety (90) calendar days or more, his/her route will be posted as a temporary assignment upon conclusion of the bidding process. The above procedure shall then apply to the assignment of the route.
- (g) No driver will be temporarily assigned to a different position if the temporary assignment will result in the driver being scheduled to work over forty (40) hours in a work week.

9.06 Selection Criteria

- (a) When making employment decisions, the Superintendent shall consider, but not be limited to, such factors as: job classification seniority, skills; aptitude; education; experience in like positions; physical fitness, if applicable; training; certification if necessary; efficiency; performance and attendance. The filling of each position shall be governed by the principle of selecting the person best for the position, as determined by the Superintendent.
- (b) When more than one employee applies for the same vacancy and each is equally qualified for the position, as determined by the Superintendent, classification seniority within the classification posted shall be the determining factor in filling the vacancy.
- (c) Transfers and promotions across classifications are subject to a thirty (30) calendar day probationary trial period. At any time during that period, the employee may be returned by the Superintendent to his/her previous assignment for failing to qualify, or may return to his/her former position of his/her own volition. Transfers and promotions within a classification are subject to a fourteen (14) day trial period by the employee. During this fourteen (14) day trial period, the employee may return to his/her former position of his/her own volition. At any time during a thirty (30) day period, an employee transferred or promoted within a classification may be returned by the Superintendent to his/her previous assignment for failing to qualify.

- (d) If an employee who applies for a posted vacancy is not selected by the Superintendent for the vacancy or if he/she is not granted a voluntary transfer, the employee may meet with the Superintendent to discuss the decision and/or transfer denial.

9.07 Shift Transfers During Breaks

- (a) During the Summer, Winter and Spring vacation period, transfers, if the Superintendent determines to make shift transfers, will be done on a rotation basis with the third shift moving to the first shift during the school years ending in even numbers, followed by the second shift moving to the first in school years ending in odd numbers. If only one (1) person on a shift is to be transferred, it will be rotated on a seniority basis with the most senior being the first transferred, the second highest in seniority being the next transferred, etc., through the seniority list of employees on the shift before going back to the most senior.

In the event there are restrictions/limitations, a meeting will be held with the employee before a determination is made on whether the employee may/may not return to active working status. If as a result of this meeting the Superintendent determines that the employee can return to work with restrictions/limitations, the Superintendent and the employee will then work out the reasonable accommodations necessary, if possible, to enable the employee to do so.

- (b) Family and Medical Leave may be taken by employees who are temporarily unable to work due to:

- (1) birth of a child where the employee is needed to care for such newborn [child care leave, see Section 10.06 above];
 - (2) placement of a child with the employee for adoption or foster care [adoption leave, see, Section 10.07];
 - (3) the need for the employee to care for a spouse, son, daughter or parent with a serious health condition [family care leave]; or

- (e) Where the necessity for this leave is foreseeable, the employee must give notice by requesting this Leave, in writing, at least thirty (30) days prior to the onset of the leave. Such written notice shall be filed with the Superintendent. In those situations where the employee is unable to give this thirty (30) day notice, notice of the request for the leave must be given at the earliest time possible, considering all the circumstances present.

When "family care leave" or "employee disability leave" is foreseeable, based on planned medical treatment, the employee should try to schedule such planned medical treatment during non-assigned duty time.

- (f) Requests for "family care leave" must be supported by a health care provider certification verifying that a serious health condition exists and that the employee is needed to care for the family member and the estimated time needed for such care. Requests for "employee disability leave" must be supported by a health care provider certification verifying that a serious health condition exists and a statement that the employee is unable to perform the essential functions of his/her position.

Requests for "intermittent or reduced schedule family care leave" or "reduced schedule employee disability leave" must be further supported

by medical certification as to the necessity and expected duration of the leave; and, for planned medical treatments, the dates and duration of each treatment.

- (g) Employees covered by the medical insurance program set forth in Article XIII, Section 13.09, at the onset of a leave secured under this section may continue to participate in the program during the leave on the same terms and conditions that would have applied had no leave been taken. The premium portion payable by the employee, if any, is due on the first day of the month.

Employees on an intermittent or reduced leave schedule will have their salaries and/or hourly pay reduced to reflect the hours or days missed due to such leave unless paid leave (e.g., sick pay) is otherwise payable for time off work while on Family and Medical Leave pursuant to other provisions of this AGREEMENT.
- (j) Employees with accrued but unused personal days or sick leave days must use such paid leave first as part of any "family care leave" and/or "employee disability leave" taken under this Section. A request to use Family and Medical Leave under this Section shall also be deemed a request to take any paid leave (e.g., sick leave, personal days) the employee is eligible to take. Approval to take Family and Medical Leave also constitutes approval to take such other leave.
- (k) Employees who apply for and take a leave of absence under other sections of this Article (e.g., sick leave, medical/disability leave, child care leave or adoption leave), which leave is for a reason for which the employee would also be eligible or Family and Medical Leave under this

Section and/or the Family and Medical Leave Act, shall also be deemed to be on Family and Medical Leave under this Section and shall be so notified by the Treasurer's office.

- (l) When returning from a leave under this Section, the employee will be placed in the same position that he/she held before taking this leave. If the employee was transferred to accommodate an intermittent leave or reduced hours leave, the employee will be returned to the position he/she held before being transferred for accommodation of the intermittent leave or reduced hours leave. If family and medical leave is taken in conjunction with child care leave, as provided for in Section 10.06 above, or adoption leave as provided for in Section 10.07 above, or medical/disability leave as provided in Section 10.03 above, the provisions of Section 10.06, 10.07 or 10.03, whichever is applicable, shall govern the return to work conditions for the employee.
- (m) The provisions of Section 10.01(g) and 10.03(c) shall also be applicable to the return of an employee from "Employee Disability Leave" granted under this Section.
- (n) In the event the Family and Medical Leave Act is repealed, this Section shall be null and void and of no further force and effect.

Each employee must notify his/her supervisor at the time the overtime hours are reported on the timecard of the employee's decision to take either overtime pay or compensatory time.

The employee with the least amount of accumulated overtime hours shall first be offered overtime opportunities for the week. If two (2) or more employees have the same amount of accumulated overtime hours, the employee with the greatest seniority shall be first offered the hours. Exception to the above procedure may occur during situations that require immediate attention/action preventing the head custodian or business manager to use the rotating or equalization process. In such cases, the head custodian shall make the necessary equalization adjustments in upcoming overtime opportunities.

Additionally, should an error occur in the offering of overtime, the head custodian shall make a correction in upcoming overtime opportunities.

11.05 Call-In Pay

- (a) Any employee who has completed his/her regularly scheduled workday and is called back to work shall receive a minimum of two (2) hours' pay at the applicable rate in addition to regular pay due to the employee on that day. - (b) This call-in pay does not include required-attendance meetings, time worked immediately prior to or immediately following an employee's regular workday, and shall be compensated at the employee's applicable hourly rate for the time actually worked.
- (c) An employee who is required to attend meetings outside his/her normal work hours shall be paid for all actual time attending the meeting at his/her hourly rate of pay. Drivers shall be paid for actual time or thirty (30) minutes, whichever is the less, for time spent in route bidding.

The maximum number of days payable for not working during any school year shall be five (5) days. In the event schools are closed for more than five (5) days, pay for such days off work will be advanced against earnings to be earned when the days are made up.
- (b) An employee may be required to report for work on a calamity day if requested to do so by the Superintendent or his/her supervisor. Employees who are required to work on a calamity day shall be paid double time for all hours actually worked on such day. Unless an employee (or classification of employees) is notified that he/she/they will

be required to work on a calamity day, the employee(s) will not be required to report for duty.

- (c) Those employees who are paid for a calamity day, but do not work the calamity day, shall be required to work any student make-up day scheduled by the BOARD without additional compensation.

In the event a driver is not present or the other driver designated to make the selection is not present at the time the driver is the next person to bid, such driver shall lose his/her right to bid and will be assigned a route after the bid process is completed. In the event that upon completion of bidding, all Kindergarten and/or shuttle runs are not assigned, the Superintendent shall assign any remaining Kindergarten or shuttle routes to bus drivers, beginning with those drivers who have least seniority within the bus driver classification.
- (b) Bus drivers shall receive a posted written notification of the date, time and place for the annual route bidding. This notice shall be posted in the bus drivers' lounge and in the School District Central Office. The bus route information with approximate time, miles, and location of the routes shall be available for examination in the School District Central Office at least ten (10) days prior to bidding. All questions about bus routes shall be handled in the School District Central Office strictly by appointment or during the times specified on the posting.
- (c) Employees hired before August 1, 2005 shall retain currently assigned buses, but if such an employee changes routes during the school year, the bus will remain with the route until the end of the school year.

Employees hired on or after August 1, 2005 shall not be guaranteed any particular bus.

- (d) Employees hired before August 1, 2005 shall have a minimum route time of four (4) hours. Employees hired on or after August 1, 2005 shall not have a minimum route time.
- (e) No later than October 1, the Superintendent shall conduct an annual review and make necessary adjustments to the routes. Bus routes, however, shall not be rebid after the bid process is completed, even if the route times change. It is the prerogative of the Superintendent to change route times after the bidding process is completed, as dictated by conditions and/or usage. If the October annual route time review results in the route time of a driver being reduced from the route time indicated for the route at the time it was bid by fifteen (15) or more minutes, the bus operator's hours of work may be reduced by up to fifteen (15) minutes. A bus operator's level of benefits will not be reduced during the school year in which the driver's rate of pay has been reduced. For any change in route time beyond fifteen (15) minutes, the bus operator will be given the option of working on the route at the reduced route time or working on the route as bid and being assigned other duties within the bargaining unit to make up the time lost through the review.
- (f) In the event a run becomes vacant during the school year, drivers shall have the right to bid on that run, by job classification seniority, up to a maximum of two (2) bids per vacancy. Any routes which become vacant after April 1 may be filled with a substitute driver for the remainder of the school year and bid as part of the annual route bidding procedure for the next school year.
- (g) In determining hours worked by bus drivers for insurance eligibility purposes, either the route time indicated on the posting or the actual hours set on the route if the route time is later adjusted, whichever is greater, shall be counted as hours worked for the school year involved.
- (h) Bus drivers of Kindergarten routes whose Kindergarten route is canceled on a day will be paid for the hours which are canceled on that day; provided, however, this provision is not applicable if the Kindergarten route driver drives an extra trip on the day.
- (i) In determining the total daily route time for each route each day, thirty (30) minutes shall be added to the calculated running time of the route for pre-trip inspections and ten (10) minutes shall be added to the calculated running time for moving the school bus from the bus parking area to the Junior High School.

- (j) Whenever a regular bus operator is required to substitute on a Kindergarten route, the regular driver will be paid his/her regular rate of pay for actual time driven, unless such time qualifies the driver for overtime pay.
- (k) Assignment of bus aides to routes shall be determined by seniority bidding in the same manner as established for bus drivers in sections (a) – (j) above.

11.09 Extra Trip Assignments for Bus Drivers

- (a) An extra trip shall be defined as any trip which has not been regularly assigned to a driver and will be counted for rotation purposes; provided, however, the assignment to a driver of up to two (2) hours of additional time any work day to assist another driver with an emergency situation on their regular route, and which time is either immediately before or immediately after the driver's regular route time shall not be deemed an extra trip for purposes of this Section.
- (b) The Transportation Supervisor or designee will assign regular school bus drivers to trips for extra-curricular activities and for field trips (extra trips) according to the following procedures:
 - (1) Prior to the beginning of each school year, the Supervisor will establish an extra trip list of persons who are currently employed as regular school bus drivers. Voluntary rehabilitation and/or inquiries concerning rehabilitation will not be used as evidence of a violation of any BOARD policy.

The employee will be paid for all the time spent having a test. The BOARD will pay the cost of any test which the employee passes. The employee will be responsible for paying for any test which the employee fails to pass.
