ATTACHEMENT F

City of Steubenville Transitional Work Program Policy, Procedure and Eligibility

Mission Statement: The management and non-management representatives of The City of Steubenville will work together to develop a program designed to allow employees who have temporary work limitations due to an accident, injury or illness to return to work while they complete their recovery. The program will provide suitable temporary work assignments during the period of time that the employee completes the recovery process.

Objective: To develop, implement and monitor a program designed to reduce the financial and emotional impact of a disability upon the employee, improve safety awareness, reduce the number of lost time hours, and control the cost and duration of the claim, while maintaining a high level of quality public service.

Eligibility for Participation: Employees who are expected to have a temporary period of job performance limitation (defined as a limitation that is anticipated to last no more than 90 days) will be considered for participation in the program. The following stipulations also apply.

- A. Employees have an injury, accident, illness or an aggravation of a previously allowed condition occurring on or after the implementation date of this program.
- B. Employees must be released by their attending physician to participate in a Transitional Work Program.
- C. Employees have the potential of returning to their original job and performing the essential job functions after recovery.

ADA: Employees participating in this program have temporary work restrictions and do not meet the criteria for consideration or application of the rules and regulations established by the 1990 Americans With Disabilities Act.

Work Provisions While In A Transitional Work Program:

- A. Employees will return to work into temporary work assignment or a modified job that will include as many of their normal work activities as possible and are within their restrictions. As recovery progresses, and in compliance with their doctor's restrictions, their normal work activities will be added so that within ninety days (90) they will be performing most or all of their essential job functions.
- B. Employees in a temporary work assignment may be assigned to perform any work activities that are within their work restrictions.
- C. Employees participating in a Transitional Work Program will be excluded from working overtime with the exception of temporary operational needs.

- D. Employees participating in a Transitional Work Program during their Probationary Period will have their first performance evaluation extended for a period equal to the number of days / weeks that they participated in a transitional work program.
- E. Employees who are injured at work may return to work under a gradual return to work but must be participating in a Bureau of Workers' Compensation, Rehabilitation Program. The City will pay the actual hours worked and the employee will be reimbursed through BWC for non-worked hours.
- F. Annual Performance Evaluations will be deferred until the completion of the transitional work program.

TWP Participation And Termination: Programs may be terminated due to lack of medical necessity, lack of progress, or a change in the employee's medical/psychological condition.

Duration And Evaluation: The duration of each Transitional Work assignment is based on medical need. Continuation of individual programs will require ongoing documentation of medical necessity. Participants are notified via the Participation Agreement that they are required to see or contact their physician every two weeks to obtain revised restrictions. All participants will have their case reviewed by their supervisor or management appointee on an as needed or biweekly basis. Individual programs will be evaluated to determine the need for continuation, the need for modification, termination due to lack of progress related to a delayed recovery, or termination due to lack of participation.

Personnel Policies and Procedure: Participants in the transitional work program will comply with all existing collective bargaining agreements, personnel policies, procedures, and safe work practices outlined in the City of Steubenville Safety Policy Manual, the AFSCME Local 2015 Contract, the FOP Lodge #1 Contract, and the Fire Fighters Local 228 IAFF Contract. Employees are required to follow all established call-off and injury reporting policies and procedures as outlined in the Collective Bargaining Agreements.

Dispute Resolution: Non-union employees will follow the established grievance procedure, as per past practice. AFSCME members will follow the grievance procedure as outlined in Article X; FOP members will follow the grievance procedure as outlined in Article 8; and IAFF members will follow the grievance procedure as outlined in Article 34. The procedures outline specific steps that will be utilized to resolve any disputes related to the Transitional Work program. Disputes related to medical treatment for workers' compensation claims will follow the dispute resolution process through the Managed Care Organization. The Bureau of Workers' Compensation and the Industrial Commission will address disputes related to compensation issues.

Work Restrictions: The employee, their supervisor and a representative from the transitional work committee (if available) will sign a Participation Agreement prior to the implementation of a Transitional Work Program. The agreement will acknowledge

the work restrictions provided by the employee's attending physician. All signing parties agree that they will abide by the terms of the agreement.

Rate of Pay and Release Time: The employee will be:

- Paid at their normal rate of pay while participating in a transitional work program.
- Considered to be in an active pay status for accrual of benefits.

- Employees who are required to attend physical therapy or physician appointments should schedule those appointments on non-working hours. On site physical therapy services (if appropriate) may be provided and will be considered on a case-by-case basis.

Gradual Return to Work: Employees who are capable of working a minimum of twenty hours or more per week will be considered for participation in a Gradual Return To Work program. The employee must meet BWC Gradual Return to Work eligibility, which includes having their attending physician prescribe an increase in the number of working hours on at least a bi-weekly basis. The employee should be capable of performing all of their normal duties.

Temporary Work Assignment: Work assignments will follow the hierarchy below:

- Original work assignment and shift with duty modification.
- Original work activity at different location and/or shift.
- Different work activity, same shift.
- Different work activity, different shift.

Every effort will be made to maintain the employee's normal work schedule but management reserves the right to make work assignments that are within the injured worker's physical restrictions, based upon the City and Department's operational needs.

Transitional Work Committee Composition: The committee will include a management representative, a labor representative, the work location supervisor and the injured worker.

Committee Responsibilities: The committee designee, the employee's supervisor, and the injured worker will share responsibility for determining suitable temporary work assignments based upon the physical limitations provided by the employee's physician of record. The Transitional Work labor representative may assist in determining temporary work assignment. No confidential medical information/documentation will be provided to the committee. The committee will receive information and/or documentation pertaining to the person's physical limitations. The committee will review applicable cases every two weeks. The review will determine the need for continuation or termination of a program. The employee and supervisor will complete the Participation Agreement at the beginning of the program. They will also complete the Progress Report form every 2 weeks. Copies of the completed forms will be forwarded to the management representative. The management representative will determine temporary work assignments for any non-union, administrative employees.
