The Chief of Police shall attempt to resolve the grievance and shall respond in writing to the grievant within seven (7) days.

Step 3. Trustees If the grievance remains unresolved, it shall be presented by the employee, with his Union representative if he so desires, to a designated member of the Board of Trustees and/or the Trustees' representative within seven (7) days after the response of the Chief. Either party may request a hearing prior to the formal response by the Trustees or the representative.

The Trustees or their representative shall respond in writing within seven (7) days, if no hearing is held. If a hearing is requested, the Trustees or their representative shall respond in writing within seven (7) days after the hearing has concluded.

Step 4. Arbitration If the decision of the Trustees or their representative is not satisfactory, then the Union shall notify the Employer in writing within ten (10) days after response that the grievance is to be submitted to arbitration. Either party may request FMCS or any other mutually agreeable service to provide a list of seven (7) available arbitrators. Within ten (10) days after receipt of such panel, the parties shall meet to select the arbitrator. The party to strike the first name shall be chosen by lot.

Arbitration shall be limited to matters concerning the interpretation or application of express provisions of this Agreement. The arbitrator shall have no authority to add to, subtract from, or alter in any way the provisions of this Agreement, nor shall he have authority to exercise discretion in those areas in which the Employer is granted discretion.

The Employer and the Union shall each pay any expenses incurred with respect to preparation and presentation of its case to the arbitrator; any expenses incurred with respect to the services of the arbitrator shall be borne by the losing party. 8.01 Neither the Union nor any of the employees covered by this Agreement shall engage or participate, either directly or indirectly, in any strike (including sympathy strikes), as defined in Ohio Revised Code Section 4117.01(H).

**ARTICLE 9**

9.01 Reprimands. When it becomes necessary for a Supervisor to reprimand an employee, it shall be done with discretion in a manner as not to cause public embarrassment to the employee.

In the event that a Supervisor finds it necessary to verbally reprimand an employee, the employee shall be made aware that a record of such reprimand is being maintained in his official personnel record. The Supervisor shall provide the employee with a copy of the Supervisor's notations. The employee shall acknowledge receipt of same by writing his badge number and dating the original copy of the record. An employee may request that the Supervisor giving the reprimand cause the reprimand to be reduced to writing, but, in such event, the reprimand shall remain a verbal reprimand.

In the event that a written reprimand is issued that is to be made a part of the official personnel record of an employee, the employee shall acknowledge receipt of same by writing his badge number and dating the original copy of the record. The employee shall have ten (10) days in which to request, in writing, a hearing before the Chief of Police or his designee, if he so desires.

9.02 Counseling. When it becomes necessary for a Supervisor to counsel an employee, it shall be done in private in a manner which will not cause embarrassment to the employee. The employee shall be made aware that a record of such counseling is being placed in the employee's official personnel record, and the employee shall acknowledge receipt of same by writing his badge number and dating the original.

9.03 Hearings Before Chief of Police. When the Chief of Police has reason to believe that an employee has committed any of the offenses enumerated in Section 505.491 of the Ohio Revised Code, the employee shall be notified of the nature of the offense(s) and shall be permitted the opportunity to have the matter heard by the Chief of Police or his designee in lieu of the Chief immediately presenting the case to the Board for the filing of charges. If the employee does not desire to have a Chief's hearing, the matter shall proceed directly to the board as enumerated in ORC Section 505.491. An employee desiring to have a hearing with the Chief shall make a written request to the Chief of Police and shall also sign a written waiver of any right to have such written charges filed immediately by the Employer in accordance with Section 505.491 of the Ohio Revised Code. Any such hearing before the Chief of Police or his designee will be held within thirty (30) days after the employee makes the written request and signs the written waiver. The employee may, at his discretion, be represented at such hearing by the Union. The Chief of Police or his designee shall hear the evidence in support of the charges and the evidence in defense of the charges and shall endeavor to ascertain the truth of the matter. Within five (5) days of the close of the hearing, he shall review the matter and render a fair and just decision based on the evidence

submitted at the hearing and a notice of his decision shall be sent to the employee and to the Union, if the employee has elected to have Union representation at the hearing before the Chief of Police.

Upon receipt of the Chief's decision, an employee may elect to request that the charges be immediately filed with the Board for a hearing or waive the right to the O.R.C. 505.491 hearing by accepting the discipline or filing a grievance at Step 3 of the grievance procedure contained in Article 7. No discipline shall be imposed or time off served until a decision is rendered from a trustees hearing if the employee requests the filing of charges with the trustees. An employee shall have seven (7) working days from the date of receipt of the Chief's decision to submit a written request to the Chief for a trustees hearing or file a grievance at Step 3 of the grievance procedure. Any failure to request a hearing or file a grievance within this time limit shall result in an acceptance of the discipline by the employee.

9.04 Suspension/Termination. Except as provided in Section 9.03, no employee shall be suspended, removed or terminated for reasons other than or by procedures different than those specified in the Ohio Revised Code provisions pertaining to suspension, removal or termination of township police district employees, and an appeal from any suspension, removal or termination issued by the Board of Trustees shall be subject to appeal at Step 4 of the Grievance Procedure. No other disciplinary action may be taken against any employee without just cause.

**ARTICLE 12**

**LAYOFF AND RECALL**

12.01 Layoff Notification. When the Employer determines that a layoff is necessary due to lack of work, lack of funds, or job abolishment, it will notify the affected employees at least fourteen (14) calendar days in advance of the effective date of the layoff.

A "lack of funds" is defined as a current or projected deficiency of funding to maintain current, or to sustain projected, levels of staffing and operations. A "lack of work" is defined as a current or projected decrease in workload that requires a reduction of current or projected staffing levels in its organization or structure. The determination of a lack of work shall indicate the current or projected decrease in workload and whether the current or projected staffing levels of the appointing authority will be excessive.

A "job abolishment" means the deletion of a position or positions from the police department. The Township may abolish positions for any one or any combination of the following reasons: as a result of a reorganization for the efficient operation of the police department, for reasons of economy, or for lack of work. "Reasons of economy" shall be determined at the time the Township proposes to abolish the position and shall be based on the Township's estimated amount of savings with respect to salary, benefits, and other matters associated with the abolishment of the position if the Township's operating appropriation has been reduced by a higher level executive or legislative action, or the Township has a current or projected deficiency in funding to maintain current or projected levels of staffing and operations.

12.02 Layoff. The Employer shall determine in which ranks or classifications layoffs will occur and layoffs of bargaining unit employees will be by seniority. Employees shall be laid off within each rank or classification in order of seniority, beginning with the least senior and progressing to the most senior up to the number of employees that are to be laid off. 14.02 Directives and Orders shall be distributed to supervisors and prominently posted prior to implementation.

14.03 The Policies, Procedures, Work Rules, Directives, and Orders shall be applied and interpreted fairly by the Employer and may not violate any provision of this Agreement. Nothing contained in this Article shall be construed in any manner as a limitation on the Employer's right to alter its, Policies, Procedures, Work Rules, Directives, and Orders and shall not in any way be subject to the grievance procedure, unless they violate an express provision of this Agreement.

## **ARTICLE 17**

### **VACANCIES**

18.02 Work Schedule. The Employer shall have the right to establish work schedules. Work schedules for a given month will be posted at least one (1) month in advance. The Employer reserves the right to make changes in the work schedules, but further agrees to give an employee five (5) days advance notice of a change in his work schedule when it is practicable to do so, except in cases of emergency that do not permit such advance notice.

18.03 Summer Schedule. Any employee assigned to Community Affairs, D.A.R.E., School Resource Officer or future similar positions that have direct involvement in the elementary and secondary schools may, if approved by the Chief, work a four (4) day, ten (10) hour schedule during the months of June, July and August. An officer working this schedule, who elects to take compensatory time on a scheduled day of work, shall have ten (10) hours' compensatory time deducted.

18.04 Starting and Quitting Time. The Employer shall have the right to establish starting and quitting times, including the right to stagger the starting and quitting times for a particular shift by up to one-half (1/2) hour. The reporting time for employees shall be the same as the shift starting time, provided that road patrol officers are on the road by shift starting time. The quitting time for employees shall be the same as the shift quitting time, provided that road patrol officers shall leave their assigned district no earlier than fifteen (15) minutes prior to the quitting time.

18.05 Weekly and Shift Schedules. Employees will be scheduled to work a 4-and-2 schedule. The Employer will establish three (3) shifts with the following starting times:

1st Shift	Between 6:00 a.m. and 8:00 a.m.
2nd Shift	Between 2:00 p.m. and 4:00 p.m.
3rd Shift	Between 10:00 p.m. and Midnight

In addition to the foregoing shifts, the Employer may schedule a shift commencing between the hours of 6:00 p.m. and 8:00 p.m., if the Employer determines that such a shift is needed. If such a shift is created, assignments to that shift and requests for assignments shall be handled as set forth in this Agreement in the same manner as all other shifts. The Employer may make changes in shift assignments only to be effective at the beginning of each calendar quarter, subject to the provisions of Section 2 of this Article.

18.06 Shift Assignments. Employees wishing to receive a particular shift assignment in a given calendar quarter must make a written request for that shift assignment to the Chief of Police at least two (2) months prior to the beginning of the calendar quarter. The Chief of Police shall then make assignments among the employees requesting particular shift assignments based upon the experience, qualifications, competence and seniority of those employees. Both parties understand and agree that the Employer must assure an adequate blend of more and less experienced employees on all shifts in order to adequately serve the public and provide junior employees with experienced and qualified supervision, instruction and leadership.

18.07 Overtime. Hours worked in excess of eight (8) in a workday or forty (40) in a workweek or hours worked on an employee's scheduled day off shall be compensated at the rate of one and one-half (1 1/2) times the regular hourly rate.

18.08 Overtime Procedure. In situations where overtime is required for an entire shift in a particular classification, overtime shall be offered in order of seniority, to those employees in that classification on the shift where overtime work is available who are on scheduled days off. Such employees shall be offered the opportunity to work the entire shift or to work the first or last four (4) hours of the shift.

In the event that overtime is not filled in this manner, it shall be filled on the following basis:

- (1) Four (4) hours of overtime shall be offered, in order of seniority, to employees on the off-going shift.
- (2) Four (4) hours of overtime shall be offered, in order of seniority, to employees on the oncoming shift.

- (4) If no employee(s) voluntarily accept the overtime assignment in accordance with the foregoing Subsections (1), (2) and (3), the least senior employee(s) on the off-going shift and the least senior employee(s) on the oncoming shift may be ordered to work.

No employee shall be ordered to work more than twelve (12) consecutive hours unless an emergency exists.

18.09 Compensatory Time. Employees may elect to accrue compensatory time in lieu of pay for overtime hours worked. The election shall be in writing and must be made immediately following the end of the workweek in which the overtime is worked. Each overtime hour worked shall be equal to one and one-half (1 1/2) hours of compensatory time. An employee may carry a balance of one hundred twenty (120) hours. When an employee is at the maximum accumulation limit for compensatory time, all overtime worked shall be paid. ## **SYLVANIA TOWNSHIP POLICY ATTENDANCE**

Employees of Sylvania Township are engaged in the performance and delivery of services vital to the people of our community. In order to ensure the efficient delivery of these services, acceptable attendance on the part of everyone is our goal. Recurring and excessive absenteeism is disruptive to Township operations, is costly to the Township and its citizens, and detrimental to the morale and efforts of employees who maintain a good work record. Therefore, it is the policy of Sylvania Township to seek acceptable attendance on the part of its employees.

Sylvania Township is committed to controlling the sick leave usage of all employees. In order to enforce this policy, the Township will take corrective action against employees who are excessively absent. Excessive absenteeism will be handled in accordance with the procedure set forth below, provided that in doing so it will not act in violation of any current labor agreement. Prior to the implementation of any revision to this Attendance Policy, the proposed changes will be provided to all employees and/or their representatives thirty (30) days in advance of the desired date of implementation at which time the revisions will be open for discussion. The Township agrees to meet for discussion of the proposed policy changes upon written request from the applicable labor organization. This Policy is subject to the grievance procedures contained within any bargaining unit of the Township.

For the purposes of this policy, any references such as "he" or "him" shall be gender neutral and thus shall be applicable to both male and female employees.

Procedure:

A. General Standard

Sick pay is limited to necessary absences from duty due to illness or injury of the employee or the illness of an immediate family member. While receiving sick pay, employees are to care for their illness or that of immediate family member.

B. Specific Procedures

When an employee is absent or tardy, they are expected to report to their immediate supervisor or other designated person the absence or tardy and the date and time they expect to return. This must be completed within the time frame specified in respective union agreement, department guidelines, or policy manual.
2. If an employee cannot return to work by the estimated return date, he must notify his immediate supervisor or other designated person providing the same information as stated above in paragraph 1.

If an employee believes his absence may be covered under Family Medical Leave (see Sylvania Township Family Medical Leave Policy), he should contact the Township Administration Office.

3. Employees shall be required to complete a form within the Township's computer payroll program, justifying the time off, within 24 hours of their return to work.
4. Employees may request a medical leave of absence when an injury or illness extends for more than three (3) consecutive calendar days. The Employee shall make every reasonable attempt to furnish their department head or designee a statement from their physician (stating the nature of the illness, the days of required absence and a return to work date) no later than the 4<sup>th</sup> day of absence. Employees returning to work after an injury or illness attended by a physician may be required to present a fitness for duty certificate or a physician's statement indicating the employee is capable of performing their regular duties. The Department Head must request said fitness for duty certificate within 7 business days from the employee's return date.
5. Any absence from duty as a result of claimed illness or injury may be investigated during normal working hours.

Employees who fail to comply with Section (B) 1 - 4 above or who demonstrate a pattern of questionable absences may not be paid for the time off and may be subject to disciplinary action up to and including discharge.

An employee, while on approved sick leave and disabled from performing physical work, shall not engage in other physical employment without prior approval from the Department Head. Falsification of either a written, signed statement or a physician's certificate shall be grounds for disciplinary action up to and including discharge.

- B. When an employee has utilized **54** hours of **unexcused absence** in any calendar year, excluding FMLA, an approved leave of absence, Bereavement Leave, or compensable injury, the employee will be in violation of this policy. This notification will constitute the WRITTEN warning step of the progressive procedure.

The employee may be subject to DISCHARGE. The applicable labor organization shall be notified, in writing of any discharge.

The accumulation of Warnings and Suspensions will be on-going and will be utilized as follows:

Records of documented warnings and/or suspensions placed in an Attendance File will not be used when considering disciplinary action outside the scope of this policy.

Any employee who demonstrates an excessive pattern in sick leave usage as determined by the department head will be subject to disciplinary procedures.

Each employee is responsible for knowing the number of hours he or she has been absent. Records of absences shall be available for review on the Township's Time Keeping System. The Township's intent in instituting this policy is to encourage acceptable attendance, reduce absenteeism and correct excessive absenteeism on the part of its employees.

Progressive Disciplinary Procedure:

The Employer shall provide the initial issue if there is a change in the standard uniform or equipment an employee is required to wear.

26.02 Uniform Allowance. The Employer shall determine the appropriate uniform to be worn by employees and employees shall be required to be in proper uniform upon reporting to duty. After a police officer has been employed for twelve (12) calendar months, the Employer shall provide a uniform allowance of six hundred (\$600.00) dollars per year for each uniformed police officer and seven hundred (\$700.00) dollars for each non-uniformed officer for the purchase, alteration and/or repair of approved uniforms; said payments shall be made by separate check in two (2) equal payments in April and October of each calendar year. The first payment shall be received by new employees in the April or October following the twelve (12) months.

Beginning in October 2005, and each October thereafter, the Employer shall provide a winter coat as approved by the Chief of Police, for a total of twenty (20%) percent of the Uniformed and twenty (20%) percent of the Non-Uniformed Officers per year by seniority resulting in each officer receiving one (1) new coat every five (5) years.

In the event any component of the employee's uniform is damaged in the line of duty in a fashion that causes the uniform component to be unusable, the Employer agrees to replace the uniform component outside of the uniform allowance. The employee agrees to document the manner in which the uniform component(s) was damaged in the appropriate report(s).

All uniforms provided or purchased shall remain the property of the Employer and must be returned in acceptable condition to the Employer when the employee's employment with the Employer ends for any reason.

26.03 Protective Vests. Upon agreement by the employee to pay one-quarter (1/4) of the cost thereof, the Employer will provide each employee a mutually agreed upon bulletproof vest with shockplate. If the issued bulletproof vest is damaged beyond use in the course of performing usual job duties and not as a result of any intentional or negligent incident, or exceeds the manufacturers recommended guidelines, the Employer will, upon agreement by the employee to pay one-quarter (1/4) of the cost thereof, repair or replace the vest. Any employee who is furnished a bulletproof vest shall be required to wear such vest while on duty. If an employee's employment is terminated during his probationary period, he shall reimburse the Employer for its payment toward purchase of the employee's bulletproof vest.

### **INJURY LEAVE**

27.01 Any employee who qualifies for temporary total disability payments through the Ohio Bureau of Workers' Compensation for a bodily injury incurred in the line of duty shall be entitled to an injury leave during the period of time ending up to sixty (60) calendar days after the date of the original injury that is the subject of the Workers' Compensation claim. During this injury leave, the employee's salary shall be continued at its then current level, and the employee shall not be entitled to receive compensation under Ohio's Workers' Compensation Act for the injury leave period.

Any employee otherwise qualified for Injury Leave may, at the Employer's discretion, be required to work, or be assigned other duties or limited duties during the period of disability. If the employee's physician objects to such assignment, the employee shall not be required to perform such light duties until examined by a physician selected through Occupational Care Consultants or Occu Health and paid for by the Township. If the two physicians are not in agreement, the employee will be examined by a third physician mutually agreed upon by the employee and the Township at the Township's expense. This physician's determination of the employee's capacity to perform such light or restricted duties, shall be final as to the employee's eligibility for light duty. This Section does not guarantee that a light duty position will/will not be available. Assignments made under this Section shall not be subject to the Grievance Procedure.

A request for payment of fees and expenses associated with a law enforcement seminar, training program or school attended or to be attended by an employee shall be submitted to the Chief of Police in writing and shall explain the educational value of the training as well as the costs already expended or to be expended in attendance. Such requests shall be considered by the Employer, which may or may not, in its sole discretion, approve or authorize payment.

29.02 Notification of Training Opportunities. If the Employer is advised by OPOTA or another law enforcement training facility that will be sponsoring a law enforcement seminar or training program which Department employees could attend, the Chief of Police will publish or circulate notice of such seminar or training program within a reasonable time. Employees may request to attend the seminar or training program in the manner set forth in this Article.

Police officers shall receive such training as is needed to meet state-mandated certification requirements on the use of defensive equipment issued by the Township.

Re: **Ohio Patrolmen's Benevolent Association  
and Sylvania Township Board of Trustees**

Dear Mr. Allotta:

In connection with the negotiations for our new collective bargaining agreement, we discussed certain adjustments in the work schedule for employees working a four-and-two schedule. It was agreed that the normal workday for such employees shall be 8 hours, and employees shall report 15 minutes before the scheduled shift starting time for roll call. Time spent in roll call shall not count as hours worked for the purposes of overtime and accruing sick time. In conjunction with this schedule, employees shall not be scheduled to work pay-back days, effective October 1, 1997.

**Re: Promotional Procedures**

Dear Mr. Allotta:

In connection with our recent negotiations, there was discussion concerning promotional procedures. It was agreed that promotions to Sergeant and Lieutenant will include competitive written examinations in a manner similar to the process used for the most recent promotions to the rank of Lieutenant in the year 2005.

If this correctly recites the parties' understanding on this subject, please so indicate on the line included below for your signature.

The misuse of drugs (legal or illegal) and alcohol impairs employee health and productivity, and results in unsafe working conditions for all employees. Sylvania Township is committed to maintaining a productive, safe, and healthy work environment free of unauthorized drug or alcohol use. Therefore, the Township will not tolerate behaviors on the part of employees that relate to substance use. Behaviors related to substance abuse can endanger all employees, not just substance users. Employees must take responsibility for their own actions and how they may affect those individuals around them. The intent of this policy is to establish the seriousness of abusing drugs or alcohol.

This document (referred to as the "Policy") describes Sylvania Township's Drug-Free Workplace Program, and every employee is expected to read and understand it. The Policy applies to every employee of the Township, excluding elected officials per statute, and also applies to contractors and subcontractors who are recipients of federal grants. The consequences stated in this Policy, will apply to anyone who violates the Policy and will be subject to grievance and/or appeal procedures. Any modifications to the Policy will be discussed with all bargaining units at least 30 days prior to implementation.

The Township will hold all employees accountable in terms of substance use, but also supports rehabilitation. Employees will have the opportunity to receive information about substance use as a problem and how and where to get help for themselves and their families. In addition, the Township has designated Susan Wood as Drug-Free Workplace Program Administrator to give all employees a person to turn to for help or anytime an explanation is needed about the program. Susan's responsibilities will include in part: arranging contracts for drug and alcohol testing, identifying resources that employees can turn to for help for themselves and/or their families, and arranging for qualified professionals to help with employee awareness education and supervisor training.

Release of Past Employment Information

An authorization form to release drug and alcohol test results will be signed by all applicants applying for any safety sensitive position. (See Appendix E) Any applicant refusing to sign the release of information form will not be considered for employment.

Once the authorization form is completed, the Drug Free Workplace Program Administrator will send the release to the applicant's employers over the preceding ten (10) years.

If after receiving the forms back from prior employers, a discrepancy occurs between the information provided by the applicant and the information received from the past employer, the applicant will be contacted by the Drug Free Workplace Program Administrator to discuss the

discrepancy. Based on the discussion regarding the discrepancy, the applicant may or may not be offered employment.

Any applicant applying for a safety sensitive position who has tested positive with another employer will be required to provide documentation that the applicant had successfully completed an approved treatment recovery program. Any applicant with a past positive test with a previous employer unable to provide this documentation will not be considered for employment.

#### Program Protections:

This program is designed to protect employees from the behaviors of substance users. Some of the protections built into the program are:

- Employee records, such as testing results and referrals for help will be kept confidential. Information will be on a need-to-know basis as required by law.
- Employees and supervisors will receive substance awareness education from a qualified person to help identify problems and learn where to turn for help.
- Testing will be performed through collection at a local laboratory and through analysis at a federally certified laboratory. This process is deemed to be virtually 100% accurate in detecting that the substances that the Township is concerned about are present in the employee's system in sufficient quantity to lead to behaviors that may endanger themselves or other employees. The certified lab will work with a Medical Review Officer (MRO), who is a trained physician, and is responsible for checking whether there is a valid reason for the presence of the substance in the employee's system. When the MRO receives a positive test result, they will contact the employee and any appropriate health care provider to determine the validity of the substance within the person's system.
- The testing consists of an initial screening test. If the initial results are positive, then a second test is used. Cut-Off levels for each drug and for alcohol are established based on federal guidelines and can be found in (Appendix A).
- An employee's violation of this policy will not be reported to law enforcement unless required by a regulatory body or by criminal statute, such as drug trafficking. However, in protection of the workforce, law enforcement may be requested to enter Township property in conjunction with a referral for criminal prosecution.

#### Employee Education:

Every employee will receive a copy of the written policy and will be expected to sign for receipt. New employees, within their first 8 weeks of employment will receive a copy of the written policy and have the opportunity to ask questions.

All employees, including supervisors will be provided at least one hour of alcohol and other drug education each program year.

### Supervisor Training:

Supervisor training will occur before supervisors are given responsibilities associated with testing. New supervisors will receive at least one hour of training within their first 8 weeks as a supervisor. During the first year of the Drug Free Safety Program, supervisors will receive at least 2 hours of training in addition to the hour of employee training. Thereafter a 1 hour refresher course will be conducted in addition to the hour of employee education. Supervisors will be trained to recognize behavior that indicates a potential substance abuse problem that may endanger the employee and others. Supervisors will also be trained on testing responsibilities, and how to make referrals for help.

In addition, all supervisors are required to complete Accident Analysis Training within the first 30 days of the first program year or within 60 days of an employee assigned supervisory responsibilities.

### Employee Assistance

The Township's intent is to offer assistance to employees with a substance problem. We are supportive of employees who take action on their own. To help those who come forward **voluntarily**, we have compiled a list of local community resources. To continue employment, the employee must agree to an assessment to determine the extent of the problem and to any prescribed treatment. Knowledge gained by employee submission to any chemical dependency program shall not be used as a basis for discipline. Should an employee's chemical dependency program require out-patient follow-up treatment sessions, attendance at the treatment sessions will be considered an excused absence and a requirement for continued employment. Conscientious efforts by employees to seek help will not jeopardize an employee's job and will not be noted in any personnel files. Participation in, and completion of a chemical dependency program does not prevent an employee from being subject to random and reasonable suspicion drug/alcohol testing as set forth in this policy, upon returning to work.

Employees may use up to sixty (60) days accrued sick or vacation leave towards attending a chemical dependency program.

However, if an employee has a substance use problem and does not come forward, and the employee then tests positive for drug or alcohol use in violation of this Policy, the employee shall be relieved from duty and subjected to disciplinary action up to and including termination.

### Frequency and Situations When Testing Occurs

Individuals or employees will be tested for the presence of drugs in the urine and/or alcohol on the breath under any and/or all of the conditions outlined below:

**A) POST-OFFER, PRE-EMPLOYMENT** – As part of the Township's employment procedures, all applicants applying for a safety sensitive position will be required to undergo a post-offer pre-employment drug screen/alcohol test. A safety sensitive position can be defined as:

- 1) Armed police officers
- 2) Firefighters
- 3) CDL holders in accordance with federal regulations

- 4) Where the duties involve such risk of injury to self or others that even a momentary lapse of attention could have disastrous consequences
- 5) Administration of medication/drugs
- 6) Operation of heavy machinery
- 7) Where driving a vehicle is a significant part of the individual's job duties

Any offer of employment is contingent upon, among other things, satisfactory completion of this test. (See Appendix B)

**B) NEW HIRE** – Unannounced drug testing may occur at any time during an employee's designated probationary period.

**C) FITNESS FOR DUTY** – An employee of the Township may be required to undergo periodic medical examinations to insure continued fitness for duty. Those employees undergoing a periodic medical examination shall, as part of the required medical examination, undergo drug/alcohol testing. An employee's failure to provide a urine specimen or to submit to breath alcohol testing when and as directed will result in the medical disqualification of said employee. An employee receiving a medical disqualification will result in the employee being unable to perform job duties and may result in loss of employment.

**D) REASONABLE SUSPICION** – Reasonable Suspicion will occur when the Department Head or Supervisor and another supervisor or qualified individual has reason to suspect that an employee may be in violation of this Policy. Testing may be for specific drugs or alcohol or both. The suspicion must be documented in writing within 24 hours of the event or prior to the release of test findings, whichever is earlier. Reasonable suspicion testing may be based upon, among other things:

1. Direct observation of drug/alcohol use or possession.
2. Specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee.
3. Arrest or conviction for a drug-related offense, or the identification of an employee as the focus of a criminal investigation into illegal drug possession, use, or trafficking.
4. Information provided either by reliable and credible sources or independently corroborated regarding an employee's substance use will be kept confidential. Information shall be submitted in writing and will include the informant's signature, name and address;
5. Newly discovered evidence that the employee hampered with a previous drug or alcohol test.

The employee in question will be transported by the Department Head or a member of supervision to and from the testing site. Upon return to the job site, the employee must make arrangement for transportation home. The employee will remain off work but will be maintained on the payroll until such time as the test results are released. If a positive test occurs, then those hours spent awaiting the test results shall be charged against the employee's accrued paid leave time.

The employee's union representative, if applicable, will be present when the employee is first told that he will be required to submit to a reasonable suspicion test. Any statements made by the employee at any later point when the union steward is not present while the employee is being transported to and from the testing site and while at the testing site, shall not thereafter be introduced in or otherwise used against him in any subsequent disciplinary investigation or hearing.

- **Reasonable suspicion testing does not require certainty, but mere “hunches” are not sufficient to justify testing. To prevent this, all supervisors will be trained in the recognition of drug and alcohol-related signs and symptoms.**
- **Any employee who is in the possession of an illegal substance or under the influence of, or determined to be involved in the sale or distribution of alcohol or unauthorized drugs on Township property will be immediately terminated suspended and subject to termination.**

#### Searches

It is the Township's intent to only search an employee or his possessions if it reasonably believes that the Policy has been violated. Prior to the search, the Township will weigh the privacy interests of the employee against the security interests of the Township. Unannounced searches may include desks, lockers, tool boxes, township vehicles, and items that have been provided and paid for by the Township. Personal vehicles may be searched while on Township premises if at the time it is determined that suspicious activity is taking place within the vehicle.

Entry upon Township premises by employees will be deemed to constitute consent to personal searches.

**E) POST ACCIDENT** – Post-accident testing may be conducted whenever an accident occurs as defined below. For purposes of this policy, an accident is considered an unplanned, unexpected or unintended event that occurs on Township property, during the conduct of the Township's business, or during working hours, or which involves Township-supplied motor vehicles or motor vehicles that are used in conducting Township business, or is within the scope of employment, and which results in any of the following:

1. A fatality of anyone involved in the accident;
2. Bodily injury to the employee and/or another person that requires off-site medical attention other than first aid;
3. Vehicular damage in apparent excess of \$1,500 or
4. Non-vehicular damage in apparent excess of \$1,000

#### Exceptions - (Non DOT only)

After conducting an accident investigation and determining who may have caused or contributed to a work-related injury, post –accident testing is optional if all of the following apply.

- ✓ The injury was not serious even though off-site medical attention was required;

- ✓ The nature of the injury is common to the employee's job function
- ✓ There was no violation of work rules;
- ✓ There was no reasonable suspicion indicated by the accident investigation.

Urine specimen collection (for a drug test) and/or breath/saliva (for an alcohol test) is to occur immediately after a need has been determined. At no time shall a urine specimen be collected after 32 hours from the time of an employment-related accident. Breath or saliva alcohol testing will be performed within two (2) hours of the incident whenever possible, but always within eight (8) hours. It is a condition of employment that the employee herein expressly grants unto the Township, the right to request that attending medical personnel obtain appropriate specimens (breath, blood and/or urine) for the purpose of conducting alcohol and/or drug testing. Further, all employees herein expressly grant unto the Township, access to any and all other medical information that may be relevant in conducting a complete and thorough investigation of the employment-related accident; to include, but not be limited to, a full medical report from the examining physician(s) or other health care providers.

The employee will be transported by the Department Head or a member of supervision to and from the testing site. Upon return to the job site, a light duty position may be assigned if available. If a light duty position is not available, the employee must make arrangements for transportation home. The employee will be paid at their regular hourly rate for all time missed in obtaining the proper testing and results. However, if positive test results occur, those hours paid will be deducted from the employee's sick leave accrual.

- **When such an accident results in one of the situations above, any employee who may have contributed to the accident may be tested for drugs or alcohol use or both.**
- **A positive test result may affect the eligibility of the employee's workers' compensation claim.**

**F) RANDOM TESTING** – Random drug testing is required as a part of the Township's overall program to ensure a drug-free workplace. Random testing, conducted on an unannounced basis, will be done on a quarterly basis and will include contract workers who are recipients of federal grants, and all employees of the township, excluding elected officials.

**\* NOTE:** Employees who are subject to Federal Motor Carrier Safety Administration (FMCSA) regulations will not be included in the General pool but will be placed in a separate random pool with specific guidelines as addressed below.

The township will test 20 percent of the total workforce each year. The Township will contract with an outside vendor to perform the periodic selection of employees for inclusion in the random testing pools. The vendor will utilize objective computer software that ensures a truly random selection process in which all employees have an equal statistical likelihood of being selected for testing. The Township will provide employee identification numbers to be used in the random selection drawings. The vendor will in turn, furnish the Township with a list of individuals to be tested at the beginning of each selection period. When the next random draw is conducted, all employees are again included in the pool with an equal chance of selection, regardless

of whether an employee was previously selected. When notified, it shall be the responsibility of the individual employee to provide a urine specimen for drug testing. No employee will be tested without his/her consent. (See Exhibit B) Failure to provide such consent will result in discipline up to and including termination.

Employees will be notified while actively at work and will be given the opportunity and reasonable time to change out of an identifiable uniform, provided extra personal clothing is on site. Employees will transport themselves in a Township vehicle, if available, and will be compensated at their regular hourly rate for time missed.

**\*THE RANDOM SELECTION POOL FOR DOT/FMCSA IS SEPARATE FROM THE GENERAL SELECTION POOL.**

The Federal Motor Carrier Safety Administration (FMCSA) regulations require the performance of random Drug Testing on 50 percent per year of those individuals subject to FMCSA guidelines, and random Alcohol Testing on 10 percent of those individuals each year. Random testing will be conducted on a quarterly basis.

**G) FOLLOW – UP TESTING** - After Return to Work From Assessment or Treatment – This testing occurs when an employee who has previously tested positive is allowed to return to work under a "Second Chance" or "Last Chance" agreement. A return-to-duty test is required before the employee is allowed to return to work. Failure of this test will result in immediate termination of employment. Once an employee passes the test and returns to work, there will be a series of at least four (4) additional unannounced tests six (6) for employees subject to FMCSA regulations) in the first 12 months following the return. Costs associated with the follow up testing will be the responsibility of the employee. This follow up testing requirement is in addition to tests accomplished thru the Township's random testing program. A second positive test will result in termination of employment.

Substances To Be Tested and Methods of Testing:

Testing is intended to detect problems, deter usage and allow appropriate corrective action. The Township will utilize the following tests as outlined in Appendix A.

- A) Post Offer – Pre-employment – Drug and Alcohol Test
- B) New Hire – Drug Test
- C) Fit for Duty – Drug Test and/or Alcohol Test
- D) Reasonable Suspicion - Drug Test and/or Alcohol Test
- E) Post Accident - Drug Test and/or Alcohol Test
- F) Non DOT Random – Drug Test      DOT Random - Drug Test and/or Alcohol Test
- G) Follow Up - Drug Test and/or Alcohol Test

Drug testing conducted as a result of Reasonable Suspicion, Follow-Up, or Fitness For Duty will include the panel described in Attachment A, in addition to any specific drug that is suspected.

For each of the specified drugs, there will be an initial test to screen the urine specimen. If the initial screen is positive (at or higher than a cut-off level that comes from the Federal Department of Health & Human Services, a second or confirmatory test is done. This is a different test and is considered virtually 100% accurate. Detection thresholds (or cut-off levels) are standards that have been established by the DHHS for each drug after years of research. These levels will be used to interpret all drug screens, whether for a pre-employment examination, reasonable suspicion test, post-accident test or follow up test. The Township

expressly reserves the right to, update the panel, add or delete substances to the panel described in Attachment A on an individual basis as needed.

Breath alcohol testing will be conducted by a BAT testing contractor that uses resources and technical machinery authorized by NHTSA. Breath alcohol concentrations exceeding .04 will be considered a verified positive result. In the event of an accident where an employee has a "whole blood" alcohol drawn at a medical treatment facility, a result equal to or greater than .04 shall be considered to be a verified positive result. Breath alcohol concentrations between .02 and .04 shall result in the employee being suspended without pay for 24 hours. Sick leave accrual may be used during this period of time. An Evidentiary Breath Test (EBT) is used to confirm any initial positive test result.

#### Prescription Drugs and Other Drugs Used for Medicinal Purposes

It is the employee's responsibility to notify the H.R. Department, in writing, when he/she is taking any prescription or non-prescription medicine or substance that, may impair his judgment or performance or otherwise adversely affect the normal functions of his mental and or physical abilities.

#### Specimen Collection Procedure

Testing shall be conducted by trained collection personnel, who meet quality assurance and chain-of-custody requirements for urine collection and breath alcohol testing. **A Federal Chain-of-Custody form will be used when required under federal regulations for CDL. A Non-Federal Chain-of-Custody form will be used in all other situations.** Confidentiality is required from any lab used. Any individual subject to testing under this Policy shall be permitted to provide urine specimens in private, but subject to strict scrutiny by collection personnel so as to avoid any alteration or substitution of the specimen to be provided. Breath alcohol testing will likewise be done in an area that affords the individual privacy. Failure to appear for testing when scheduled or any attempt to manipulate or adulterate the testing process will subject an employee to termination, and to an applicant, the cancellation of an employment offer.

#### Review of Test Results

To ensure that every employee and/or applicant is treated in a fair and impartial manner, the Township has hired a Medical Review Officer ("MRO"), a medical doctor or doctor of osteopathic medicine with a specialized knowledge of substance abuse disorders. An employee who tests positive will be given an opportunity to explain the findings to the MRO prior to the issuance of a positive test result to the Township. The MRO will attempt to contact the employee by telephone or in person. If contact is made, the employee will be informed of the positive finding and given an opportunity to rebut or explain the findings. The MRO will be able to determine whether there are any valid reasons for the presence in the employee's system of the substance that was tested positive. The MRO can request information on recent medical history and on medications taken with the last thirty days by the employee. If the MRO finds support in the explanation offered by the employee, the employee may be asked to provide documentary evidence to support the employee's position and may be subject to retesting at an interval suggested by the MRO. The employee's failure to provide such evidence or failure to contact the MRO as instructed within five (5) calendar days, will result in a positive test report to the Township.

### Reporting Results

All test results will be reported to the MRO prior to the results being issued to the Township. The MRO will receive a detailed report of the findings from the testing laboratory. Each substance tested for will be listed along with the results of the testing. The Township will receive a summary report, indicating that the employee passed or failed the test.

### Filing of Test Results and Right to Review

All records of testing will be stored separately in the Drug Free Workplace Administrator's office and apart from the employee's general personnel documents. These records will be maintained under lock and key at all times and destroyed per Sylvania Township's Record Retention Policy. The information contained in these files shall be utilized only to properly administer this Policy and to provide to certifying agencies for review as required by law. Any breach of confidentiality with regard to these records by Township personnel may subject the employee to termination. Any employee tested under this Policy has the right to review and/or receive a copy of their respective test results by filing a request from the Drug-Free Workplace Program Administrator, in writing, with a duly notarized Employee Request for Release of Drug Tests Results form. (Appendix D) Test results are not a public record.

### Positive Test Results

Employees who are found to have a confirmed First positive drug or alcohol test, with no apparent medical explanation by the MRO, will be immediately suspended and may be subjected to discharge if employee is within initial employment probationary period or other valid reasons exist that have been documented and relate to this policy. If no valid reason exists for discharge, employee will be allowed to sign a "last chance" agreement and may utilize accrued leave so long as they are in treatment. (See Appendix C) In the event a "last chance" agreement is offered, the Employee will be directly referred to a Substance Abuse Professional (SAP) for assessment, at the employee's expense, to seek assistance aimed at changing substance use behavior. If an in-patient program is recommended, the suspension will remain in effect until such time as the employee has a negative re-test in accordance with the SAP's instructions and has completed a medically recognized rehabilitation program. This program must be completed by the employee within a period of not more than 60 days from the date that the employee is notified by the MRO of the confirmed positive drug or alcohol test result. This time limit can be extended only based on medical or scientific evidence that a longer time is justified. However, no period longer than six months total from the date of the original positive test result will be permitted. In the event an out-patient treatment program is recommended, employees may be allowed to return to work following one week (7 calendar days) of scheduled treatment and a negative test result. Employees, however, will not be allowed to return to a safety sensitive position during the length of their treatment. If documentary evidence of the employee's enrollment and successful completion of the rehabilitation program is not provided to the Township, the employee's employment with the Township shall be terminated for cause. After execution of a "last chance" agreement, a subsequent positive test will result in termination. Where a positive test result is received, urine specimens shall be maintained under secured storage for a period of not less than one (1) year.

All recommended treatment will ultimately be at the employee's expense. The Township's medical insurance may be utilized according to the guidelines and provisions of the Plan .

### Appeal Process

The Employee, may at his own expense, have another test run on the split sample within one week of a positive test result in accordance with 49CFR Part 40. The employer will reimburse the employee if the re-test is negative. Any discipline imposed will be subject to appeal or the grievance procedure.

Applicants for employment have no inherent right to re-test.

### Termination Notices

In those cases where substance testing results in the termination of employment, all termination notices will list "misconduct" as reason. Termination shall be deemed "for cause".

Dear Mr. Sobczyk:

In reference to the termination of C.O. Ryan Acker, the OPBA requests all step-hearings be waived and that this case proceed directly to Arbitration.

Please advise me if this is acceptable to the County. If so, I will immediately order a panel from FMCS.

Very truly yours,
