ARTICLE ONE

PURPOSE

- 1.1 This Agreement is made for the purpose of promoting cooperation and continuous harmonious relations between the Employer, its employees, and the Union.

ARTICLE TWO

RECOGNITION

- 2.1 The Employer recognizes the Union, as the sole and exclusive bargaining agent for the purpose of representation and collective bargaining with respect to wages, hours, and terms and conditions of employment of all employees in the bargaining unit certified in Case No. 11-REP-04-0026 consisting of all police officers of the City of Mason Division of Police holding the rank of Sergeant and Lieutenant.

ARTICLE THREE

DUES DEDUCTIONS

- 3.1 Upon presentation of a written deduction authorization by any bargaining unit employee, the Employer shall cause the deduction of the periodic dues, initiation fees and assessments of Mason Police Association members covered by this Agreement, and the treasurer of the Mason Police Association shall promptly issue a receipt to the Employer for all dues, initiation fees and assessments within ten (10) days of payment.
- 3.2 The Mason Police Association agrees that it shall indemnify and hold the Employer harmless from any recovery of damages and expenses sustained by Employer relative to the Employer's agreements under this Article.
- 3.3 The Employer shall be relieved from its obligation to make such "checkoff" deductions upon:
- A. termination of employment, or
 - B. transfer to a job other than one covered by the bargaining unit, or
 - C. lay-off from work, or
 - D. an agreed leave of absence without pay, or
 - E. written revocation of the checkoff authorization by the employee submitted during the period of 120 to 60 days prior to the expiration of this Agreement.

- 3.4 The Employer shall not be obligated to make dues deductions of any kind from any employee who, during any dues month involved, shall have failed to receive sufficient wages to equal the dues initiation fees or assessment deductions.

ARTICLE FOUR

INTERPRETATION OF AGREEMENT

- 4.1 Unless otherwise indicated, the terms used in this Agreement shall be interpreted in accordance with the applicable provisions of Chapter 4117 of the Ohio Revised Code. Where this Agreement makes no specifications about a topic, the Employer, the Mason Police Association, and the Employees are subject to all applicable federal, state, and local laws and regulations pertaining to the wages, hours, and terms and conditions of employment for bargaining unit members. Laws pertaining to civil rights, affirmative action, unemployment compensation, workers' compensation, and retirement are not superseded by this Agreement. The conduct and grading of promotional examinations, the rating of candidates, the establishment of eligible lists from examinations and the original appointments from eligible lists are not subjects of bargaining under this Agreement.
- 4.2 Should any part of this Agreement be invalid by operation of law now existing or promulgated in the future, or should any part of this Agreement be declared invalid by any state or federal court of competent jurisdiction, such invalidation shall not invalidate the remaining portions of this Agreement and such remaining portions shall remain in full force and effect. In such event, and upon written request by either party, the parties to this Agreement shall meet within thirty (30) days at a mutually agreeable time in an attempt to modify the invalid provisions of this Agreement and enter into good faith negotiations on the same subject.
- 4.3 It is the intention of both parties to this Agreement that the terms of this Agreement are the sole and exclusive expression of the rights and benefits provided to the members covered by this Agreement. Provisions of the Ohio Revised Code and the Ordinances of the City of Mason, which grant rights or provide benefits to employees are superseded and preempted by the express provisions of this Agreement. Statutory rights and benefits, and any rights and benefits set forth in City Ordinances, in regard to probationary periods, hours of work, layoff and recall, vacation, sick leave, bereavement leave, injury leave, holidays, and any other matter set forth in this Agreement are preempted by the terms of this Agreement.

This waiver of statutory rights does not apply to any right which is not the subject of an express written provision of this Agreement. If this Agreement is silent as to any matter provided in state or federal law, or city ordinances, the provisions of such laws shall not be waived by this Section. This Section is not intended to be a waiver of any federal law which provides an express benefit or grants a specific right, this waiver shall be read as a part of any and all sections of this Agreement.

- 4.4 This Agreement supersedes and replaces all applicable state and local laws which it has authority to supersede and replace. Where this Agreement is silent, the provisions of applicable law shall prevail.

ARTICLE FIVE
MANAGEMENT RIGHTS

- 5.1 The Union recognizes the Employer's exclusive right to manage its affairs and the Employer retains and reserves into itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and constitutions of the State of Ohio and of the United States and the Charter of the City of Mason. Further, all rights which ordinarily vest in and are exercised by employers except such as are specifically relinquished herein are reserved to and remain vested in the Employer including but without limiting the generality of the foregoing:
- A. the right to manage its affairs efficiently and economically, including the determination of quantity, quality, frequency and type of services to be rendered;

Agreement; to select and determine the number and types of employees required; to assign such work to such employees in accordance with the requirements determined by management authorities; to establish training programs and upgrading requirements for the employees within the Department; to establish and to change work schedules and work assignments; to transfer, promote, demote, terminate or otherwise relieve employees from duty; to lay off employees for lack of work or lack of funds; to determine the facts of lack of work and lack of funds; to continue, alter, make and enforce reasonable rules for the maintenance of discipline; to take such disciplinary measures as the Employer may determine to be necessary for the orderly and efficient operation of the Police Department;

- 5.2 To the extent that the above rights are specifically limited by the provisions of this Agreement, alleged violations are subject to the grievance procedure.

ARTICLE SIX

NON-DISCRIMINATION

- 6.1 The provisions of this Agreement shall be applied equally to all employees in the bargaining unit without discrimination as to age, sex, race, color, religion, handicap or national origin.
- 6.2 The Employer agrees not to interfere with the rights of the employees to become members of the Mason Police Association, and there shall be no disparate treatment, interference, restraint or coercion by the Employer or any representative of the Employer against any employee because of Mason Police Association membership or because of any legal employee activity in an official capacity on behalf of the Mason Police Association.
- 6.3 All references to employees in this Agreement designate both sexes, and wherever the male gender is used, it shall be construed to include male and female employees.

ARTICLE SEVEN

LABOR/MANAGEMENT MEETINGS

- 7.1 In the interest of sound labor/management relations, upon request of either party, on a mutually agreeable day and time, the Employer and/or its designee(s) shall meet with not more than two (2) employee representatives of the Mason Police Association, to discuss pending problems and to promote a more harmonious labor/management relationship.

- 7.2 An agenda will be exchanged by the parties at least five (5) working days in advance of the scheduled meeting with a list of matters to be taken up in the meeting and the names of those Union Representatives who will be attending. The purpose of such meetings shall be to:
- A. Discuss the administration of this Agreement;
 - B. Disseminate general information of interest to the parties;
 - C. Consider and discuss health and safety matters relating to employees.
- 7.3 It is further agreed that if special labor/management meetings have been requested and mutually agreed upon, they shall be convened as soon as possible.
- 7.4 It is further understood and agreed that labor/management meetings do not open the contract to further negotiation and will not, of themselves, affect the duty to either party to bargain.

ARTICLE EIGHT
GRIEVANCE PROCEDURE

- 8.1 The term "grievance" shall mean an allegation by a bargaining unit employee that there has been a breach, misinterpretation, or improper application of the Agreement. It is not intended that the grievance procedure be used to effect changes in the Articles of this Agreement, nor in those matters not covered by this Agreement.
- 8.2 If specific administrative relief of a judicial or quasi-judicial nature is provided for by the statutes of the State of Ohio, or the United States, for review or redress of specific matters (such as workers' compensation, unemployment compensation, equal employment opportunity, civil rights, etc.) such matters may not be subject to grievance, or be processed as such.
- 8.3 All grievances must be presented at the proper step and time in progression in order to be considered at subsequent steps. Any grievance may be submitted directly to the step from which it originates.
- 8.4 An employee may withdraw any grievance at any point by submitting in writing a statement to that effect, or by permitting the time requirements at any step to lapse without further appeal.
- 8.5 Any grievance which is not processed by the employee within the time limits provided, shall be considered resolved based upon Management's last answer.
- 8.6 Any grievance not answered by Management within the stipulated time limits, will automatically move to the next step in the grievance procedure. All time limits on grievances set forth herein, may be extended only upon mutual written consent of the

parties. In no case may a grievance be filed more than seven (7) days after the events giving rise to the grievance or within seven (7) days after the grievant knew or should have known of the events giving rise to the grievance. The time for filing will be extended in the event that the management agent with whom the grievance must be filed is out of town and unreachable at the time the grievance must be filed.

8.7 A grievance may be brought by any aggrieved employee covered by this Agreement. Where a group of bargaining unit employees shall desire to file a grievance involving an incident affecting several employees in the same manner, one employee shall be selected by the group to process the grievance. Each aggrieved employee who desires to be included in such grievance, as class action, shall be required to sign the grievance.

8.8 For purposes of this Article, "day" means a calendar day.

8.9 An aggrieved employee shall use a written grievance form which shall provide the following information:

- A. aggrieved employee's name and signature.
- B. date, time and location of grievance.
- C. description of incident giving rise to the grievance.
- D. Articles and Sections of the Agreement violated.
- E. date grievance was first discussed.
- F. name of supervisor with whom grievance was first discussed.
- G. date grievance was filed in writing; and
- H. desired remedy to resolve grievance.

8.10 The Union shall have the responsibility for duplication and distribution of, and its own accounting for, the grievance forms.

8.11 It is the mutual desire of the Employer and the Union to provide for prompt adjustment of grievances, with a minimum of interruption of the work schedules. Every reasonable effort shall be made by the Employer and the Union to effect the resolution of grievance at the earliest possible step. In furtherance of this objective, the following procedures shall be followed.

STEP 1. In order for a grievance to receive consideration under this procedure, the employee shall orally present the grievance to the Assistant Chief within seven (7) days of the occurrence that gave rise to the grievance. Upon request of the employee, a representative of the Union shall be present. The Assistant Chief shall investigate and provide an appropriate answer within seven (7) days following the informal hearing.

STEP 2. If the grievance is not resolved in Step 1, and the employee wishes to proceed to Step 2, the employee shall reduce the grievance to writing and shall, within seven (7) days of the reply by the Assistant Chief, present the written

grievance to the Chief of Police. The Chief of Police, or his designee, shall investigate and respond, in writing, to the employee within seven (7) days following the presentation of the written grievance, to Step 2.

STEP 3. If the grievance is not resolved in Step 2 and the employee wishes to proceed to Step 3, the employee shall present the written grievance to the City Manager or his designee within ten (10) days from the receipt of the answer in Step 2. The City Manager or his designee shall investigate the matter, and shall meet with the employee and his Union representative, and shall respond to the grievant, in writing, within ten (10) working days following the presentation of the grievance to Step 3.

If a grievance is not satisfactorily resolved in Step 3, it may be submitted to arbitration upon notification by the Union.

STEP 4. THE ARBITRATION PROCEDURE

Within twenty (20) days from the date of the final answer received under Step 3 of the grievance procedure, the Union shall notify the Employer of its intent to seek arbitration over an unadjusted grievance. Only the Union may authorize an appeal to arbitration.

After receipt of a notice to arbitrate, a representative of each of the parties (the Mason Police Association and the Employer) shall attempt to agree on an arbitrator. Should the representatives fail to agree on an arbitrator, the arbitrator shall be selected in the following manner:

The Federal Mediation and Conciliation Service shall be jointly requested to submit a panel list of nine (9) arbitrators. The parties shall then choose an arbitrator by alternately striking names from the list until such time as one name remains as the arbitrator chosen by the parties. Prior to beginning the striking procedure, either party may once reject a list and submit a request for another list from the FMCS.

The arbitrator's decision shall be limited strictly to the interpretation, application, or enforcement of specific articles in the Agreement. The Arbitrator may not modify or amend the Agreement.

The question of arbitrability of a grievance may be raised by either party any time up to and including the time the parties select an arbitrator, on the grounds the matter is non-arbitrable or beyond the arbitrators jurisdiction. Unless otherwise agreed by the parties, the issue of arbitrability (if any) and the merits of the grievance shall be heard at the same time.

The decision of the arbitrator shall be final and binding. The arbitrator shall not establish any new or different wage rates not negotiated as part of the

Agreement. In case of discharge, suspension or reduction, the arbitrator shall have the authority to award modification of discipline. The arbitrator shall have the power to issue subpoenas to compel attendance of witnesses.

- 8.12 The fee of the arbitrator and the rent, if any, for the hearing facility shall be borne equally by the parties. The expenses of any non-employee witness shall be borne, if at all, by the party calling such witness. The fees of the court reporter shall be paid by the party asking for one; such fee shall be split equally if both parties desire a reporter or request a copy of any transcript. A member of the bargaining unit who is required to testify at the hearing shall be released from their regularly scheduled assignment, if on duty to testify at the hearing.
- 8.13 The arbitrator shall render in writing the findings and award as quickly as possible but not later than thirty (30) days after the hearing, and shall forward such findings, award, and all supporting data to the parties.
- 8.14 A grievant may, if the grievant so desires, have a grievance representative present at any step of the grievance procedure. The Employer shall, to the extent possible, attempt to schedule any grievance meetings provided for in this procedure at a time when the grievant and his representative are on duty. However, the grievance process will not be unduly burdened or delayed for lack of a grievance representative.
- 8.15 A representative shall be permitted a reasonable amount of time during their regular duty hours without loss of pay or benefits to investigate and process grievances. The Representative's immediate supervisor in charge of the shift shall be notified of the time needed to handle a grievance and shall obtain the approval of the supervisor in charge before spending duty time on the grievance matter. Permission shall not be unreasonably denied. It is the intention of the parties that grievances be promptly and properly handled without interfering with the work assignment of either the grievant or the representative.
- 8.16 Only one representative at a time will be assigned to a grievance and only the assigned representative will be given time during the Representative's duty hours to handle the grievance. If shift schedules or vacation schedules make investigation and processing of a grievance impossible, another representative may be substituted for the representative originally assigned. The City Manager shall be advised of the substitution.
- 8.17 Neither a grievant nor his representative will receive compensation for time spent on grievance matters other than the reasonable time during duty hours described in this section.
- 8.18 The Union may select from the bargaining unit one representative and one alternate who may investigate and process grievances. Within fourteen (14) days following the effective date of this Agreement, the Union shall provide the Personnel Director

or the City Manager with a list of designated representatives. If it is necessary to replace a designated representative, the Union shall advise the Personnel Director or the City Manager of the change. A representative whose name does not appear on the list shall not be recognized by the Employer and shall not be permitted to conduct representative duties on City time.

ARTICLE NINE

STEWARDS/UNION BUSINESS

- 9.1 The Mason Police Association is authorized to select one (1) representative and one (1) alternate to conduct approved Union business for the bargaining unit. The representative, upon giving reasonable notice, and upon authorization from the immediate supervisor, shall be allowed reasonable time off without loss or gain in pay to investigate a grievance, consult with the Employer in processing a grievance, or to assist in the settlement of disputes. Permission to investigate and/or process a grievance or attend a disciplinary hearing shall not be unreasonably denied.
- 9.2 At the discretion of the Chief of Police, the Union may designate one (1) representative to work on Union business for no more than twenty-four hours (24) per year; further, such time shall be deducted from a "pool" of time donated by the bargaining unit members from their accrued vacation, holiday or compensatory time balances. The Chief of Police has discretion regarding the use of this time and the time of day when it is used. Divisional equipment may be used, with the exception of postage and long distance telephone calls.
- 9.3 Union representatives who provide services under 9.1 above shall be compensated at their regular rate for their scheduled duty hours during which they attend to such matters. For any time spent in negotiations that is not during their regular duty hours, the Union representative shall be credited on an hour for hour basis. This time shall be placed in a pool which the Union representative may take at a later time. Any time taken from this pool must first be approved by the Chief of Police. At the end of the negotiating session, the Union representative shall return to their regular assignment if the session ends before the end of the regularly scheduled shift.
- 9.4 The Employer shall recognize the designated Union representative as the representative of bargaining unit members in disciplinary proceedings. Said bargaining unit members shall have the right to be represented by a Union representative in disciplinary hearings and the Union representative shall be permitted a reasonable amount of time during their regular duty hours without loss of pay or benefits to investigate the facts involved in the disciplinary situation. As in the grievance procedure, the Union representative's immediate supervisor in charge of his shift that he requires time shall be notified of the time needed to represent an Employee in a disciplinary matter and shall obtain the approval of the supervisor in charge before spending duty time on the disciplinary matter. It is the intention of the

parties that the bargaining unit members have reasonable access to their representative without interfering with the work assignment of either the accused or the Union representative. Only one representative at a time will be assigned to a disciplinary matter and only the assigned representative will be given time during his regular duty hours to represent the accused bargaining unit member. If shift schedules or vacation schedules make an investigation impossible, a replacement representative may be substituted for the original representative assigned to the case. The City Manager shall be advised of the substitution. Neither the bargaining unit member nor the representative will receive compensation for time spent in the disciplinary proceedings other than a reasonable time during duty hours described in this section.

ARTICLE TEN

PROBATIONARY PERIOD

- 10.1 All regular employees shall serve a probationary period beginning on the date they commence work as certified police officers and ending twelve (12) months later. During the probationary period, the Employer has the right to terminate the employment of the Employee with or without cause. Employee shall not receive seniority during the probationary period. Upon successful completion of the probationary period, an Employee's seniority shall be counted from their date of hire.
- 10.2 An Employee promoted to a new position shall serve a probationary period of one hundred eighty (180) days. During this probation period, the Employer shall evaluate the performance of the Employee in the new position, and if the Employer determines, in its sole discretion, that the Employee is unsuitable for the new position, the Employer shall return the Employee to the employee's former position and rate of pay. An Employee who is promoted to a new position has the option, to give up the new position and return to their former position and rate of pay within ten (10) days after the date upon which the employee begins work in the new position.

ARTICLE ELEVEN

INVESTIGATIONS/DISCIPLINE

- 11.1 The Employer may conduct investigations of alleged misconduct by an employee and may require a member of the bargaining unit to submit written reports, either by general or specific order. A member of the bargaining unit must, upon direction of the Chief of Police respond completely and truthfully to all questions asked which relate to the alleged misconduct. The responses by the employee, either written or oral, shall be subject to the following:
- A. Reports or responses to questions made by an employee in the course of an investigation of misconduct, upon order of the Chief of Police, may not be

used in a criminal proceeding against the employee who made the report or responded to the question.

- B. The reports and responses may be used by the Employer in taking appropriate actions and in defending such action with respect to discipline or discharge of the charged employee.
- C. An employee under investigation for commission of misconduct, which would constitute a crime, shall be advised, prior to questioning, whether the investigation is criminal or for possible discipline. An employee who is under investigation for misconduct which is being pursued as criminal conduct will be informed, prior to questioning, that the employee is the subject of an investigation and of, the nature of the suspected misconduct. The employee has the right to have union representation of choice present during the questioning. The employee, upon request, may obtain postponement of the questioning for a reasonable period not to exceed forty-eight (48) hours in order to arrange for representation to be present for the questioning if the employee so desires.
- D. Failure by an employee to complete the report or to respond to a relevant question may be deemed refusal and may result in disciplinary action.
- E. Questioning of a bargaining unit member accused of misconduct shall be conducted during the employee's working hours unless it is impractical to do so because of the employee is on sick leave, vacation, or other leave of absence. Questioning sessions shall be for reasonable periods of time and employees shall be permitted to attend to their physical necessities.
- F. Questioning of bargaining unit members in the course of disciplinary investigations shall be tape recorded by the Employer at the request of either party if recording equipment is available at the time of the interrogation or interview. The bargaining unit member shall be supplied a copy of any tape recording made by the Employer. An interrogation or interview shall not be delayed because of the unavailability of recording equipment.

11.2 The parties recognize that discipline is essential to the operation of the City and agree that fair discipline is necessary for the public interest and the morale and welfare of the employees. The object of these provisions is to assure that the relevant facts are fairly developed so that an informed decision can be made by the Employer regarding whether and the extent to which discipline shall be imposed. All disciplinary action shall be taken and governed exclusively by the provisions set forth in this Article.

11.3 No bargaining unit member shall be disciplined by written warning, written reprimand, a reduction in pay or position, suspension or dismissal except for just cause. Disciplinary offenses shall include, but not be limited to: dishonesty, bribery, misfeasance, malfeasance, nonfeasance, misconduct in office, neglect of duty,

immoral conduct, habitual drunkenness, illegal use of controlled substances, incompetence, insubordination, refusal to obey orders given by proper authority, discourteous treatment of the public and violation of divisional standards of conduct on and off duty.

11.4 Forms of disciplinary action shall be written warning; written reprimands; suspension without pay, demotion or discharge. Discipline shall be applied progressively, but it is understood that some serious violations may warrant "a greater penalty up to" immediate discharge. In following the principle of the punishment should fit the crime," the Employer will take into consideration the nature of violation, the Employee's record of discipline and the Employee's record of performance and conduct.

11.5 When the Employer, upon conclusion of an investigation determines that an employee may be guilty of an act or omission for which disciplinary action is warranted the following steps shall apply:

A. The employee will be promptly notified of the accusations of conduct for which discipline is contemplated and the employee shall be advised of the evidence against the employee and nature of the alleged conduct, the time and place of the conference with the Chief of Police, and the right to bring a Union representative to the conference.

B. At the conference with the Chief of Police, the charges will be stated to the employee and the employee shall have an opportunity to offer an explanation, defense, or mitigation circumstances.

C. 1. Within fifteen (15) calendar days after the conference, the Chief of Police shall do one of the following:

(a) Dismiss the allegations as unfounded without record; or

(b) Impose appropriate discipline of record.

2. For purposes of this Article, "day" means a calendar day.

D. If the discipline imposed is a reprimand, the employee may appeal through the grievance procedure up to Step Three.

E. If the disciplinary action consists of a loss of contractual compensation, suspension, demotion or discharge, the employee shall then have the right to submit the matter to arbitration in accordance with the grievance procedure starting at Step 3.

11.6 Drug Testing. All drug testing performed on employees shall be conducted in accordance with the following policy.

I. PURPOSE OF DRUG TESTING PROGRAM

- A. The Police Department has a legal responsibility and management obligation to ensure a safe work environment; as well as paramount interest in protecting the public by ensuring that its employees have the physical stamina and emotional stability to perform their assigned duties. A requirement for employment must be an employee who is free from drug dependence or illegal drug use.
- B. A reasonable drug testing program must establish a balance between the rights of the employee and maintaining a police agency free of illegal drugs. Liability could be found against the Department and the employee if we fail to address ourselves with diligence to ensure that employees can perform their duties without endangering themselves or the public.
- C. There is sufficient evidence to conclude that use of illegal drugs and/or drug abuse (whether illegal or prescription drugs) seriously impairs an employee's performance and general physical and mental health. The illegal use of drugs by police employees (including possession) is a crime in this jurisdiction, and clearly unacceptable. There are unique corruption hazards with drug use by the police. Therefore, the Police Department has adopted this written policy to ensure an employee's fitness for duty as a condition of employment; and
 - 1. To ensure drug tests are ordered based on individualized reasonable suspicion or other lawful basis;
 - 2. To establish a written policy on drug testing in the department; and
 - 3. To inform the employee of the conditions under which drug testing is a requirement of employment.

II. DEFINITIONS

- A. Drug Test - A urinalysis test administered under an approved conditions and procedures to detect drugs.
- B. Reasonable Suspicion - An apparent state of facts and/or circumstances found to exist upon inquiry by the supervisor, which would induce a reasonably intelligent prudent person to suspect the employee was under the influence of drugs/narcotics.

III. GENERAL RULES

- A. Department employees shall not take any narcotic or other dangerous drug unless prescribed by a person licensed to practice medicine. Employees who are required to take prescription medicine shall notify their immediate supervisor of the medication prescribed. Any statutorily defined illegal use of drugs by an employee, whether on or off duty, is prohibited.

- B. All property belonging to the Department, including the entire premises of the department is subject to inspection at any time without notice as there is no expectation of privacy.
 - 1. Property includes, but is not limited to, police owned vehicles, desks, files, and storage lockers.
 - 2. Employees assigned lockers (including those that may be locked by the employee) are subject to inspection by the employee's supervisor after reasonable advance notice (unless the requirement for notice is waived by the Chief of Police) and in the presence of the employee.
- C. All police employees who have a reasonable basis to suspect that another employee is illegally using drugs or narcotics, shall immediately report the facts and circumstances of such use to their supervisor.
- D. Failure of any police employee to comply with the intent or provisions of this general order constitutes grounds for disciplinary action, including dismissal, or other action determined appropriate by the Chief of Police. Refusal by a police employee to take a required test, i.e.; a test that is ordered based upon reasonable suspicion as defined in paragraph II (B) above, or under circumstances described in paragraphs IV, (A) and (B), below, or follow this general order, will result in immediate relief from police duties pending disposition of any administrative personnel action. A refusal occurs if the employee fails to agree to submit to a required test within two (2) hours of receiving the order.

IV. POLICY-DRUG TESTING/URINALYSIS

- A. Employees of the department shall be required to submit to a test for drug or narcotic use as outlined below:
 - 1. The Chief of Police may order a drug test when the Chief has reasonable suspicion of drug use by an employee due to one or more of the following criteria: (1) incapable to perform his/her assigned duties, (2) reduced productivity, (3) excessive vehicle accidents, (4) high absenteeism, (5) other behavior inconsistent with previous performance, or (6) the employee is using, has possession of, has sold or is under the influence of drugs (illegal or prescribed), or narcotics. The evidence shall be made available to the employee.
 - 2. A police supervisor may order a drug test:
 - a. Where the supervisor has reasonable suspicion that an employee is using, or is under the influence of drugs or narcotics;
 - b. Where the employee uses force which results in hospital admission, or property damage.

- c. Where there is on-duty injury to the employee or another person, which requires hospital admission.
 - d. When an employee is involved in an on-duty crash.
 - 3. The employee shall be advised of circumstances surrounding the order to test under 2 (a-d) above.
 - 4. Whenever practical, prior approval should be obtained from the Chief of Police before the supervisor orders the test.
 - 5. A supervisor who orders a drug test and has reasonable suspicion of an employee's usage or possession, or that an employee is under the influence of drugs, shall forward a report containing the facts and circumstances directly to the Chief of Police.
 - 6. Test results reporting illegal drugs, narcotics, the use of controlled substances without a lawful prescription, or the abuse of prescribed drugs, will be submitted as a part of a written complaint by the supervisor ordering the test, consistent with Section IV-A-5 above requesting departmental action.

Since there are insufficient resources available to conduct full-scale investigations of every complaint, this policy is necessary as a means of separating those allegations which are serious and based on firsthand knowledge from those which are founded on rumor, conjecture and hearsay. The goal of this procedure is to strike a balance between service to the citizenry and fairness to the accused officer.
1. All calls accusing an officer of some culpable conduct, which are not made by a citizen directly to the Police Department, shall be directed to the Personnel Director.
 2. The Personnel Director will inform the complainant that an investigation will be initiated upon receipt from the complainant of a written statement setting

In the event that the complaint concerns a matter requiring immediate action in order to protect life or the safety of the public, or in order to prevent destruction of property, or in order to prevent a felony, the Chief of Police shall take whatever action deemed necessary and appropriate notwithstanding this procedure.

3. Upon receipt of the complaint, the Personnel Director will route the complaint for prompt disposition according to the nature of the complaint. There shall be no duplication, pyramiding or compounding of overtime pay and/or premium pay. The highest rate of compensation under this Agreement is one and one-half times the normal straight time hourly rate. Upon mutual agreement of the Employer and the bargaining unit the definition of "overtime" may be modified.

An employee may not maintain on the books during the year more than forty-eight (48) hours of compensatory time. Compensatory time on the books as of the end of the first full pay in October will be paid in accordance with Section 37. An employee may carry forward to the next year up to eight hours of compensatory time.

- 19.4 Officers may be required to attend roll call prior to their shift. This time (not to exceed thirty (30) minutes) is to be paid at the straight time rate and not at the overtime rate. Roll call is defined as the dissemination of information, including duty assignments, which may be necessary for the upcoming shift. ARTICLE THIRTY-TWO
INJURY LEAVE

- 32.1 An injury which arises from and occurs in the course of an employee's employment with the City of Mason will be considered a covered injury. An employee who sustains a covered injury must:
- A. Report the injury to his department head as soon as possible after the incident causing the injury, but not later than 24 hours after the incident causing the injury when the extent of the injury is not immediately apparent.
 - B. Seek medical treatment deemed appropriate by the personnel director.
 - C. Complete the appropriate Workers' Compensation forms.
 - D. Apply for injury leave if the injury causes the employee to be unable to perform the employee's duties, by completing and delivering to the personnel director an application for injury leave.
- 32.2 An injury leave, like other leaves of absence, is a leave of absence without pay. It may be granted and it may be terminated by the personnel director. Termination of injury leave is subject to review by the personnel review board if requested, within 10 days of the termination, by the employee who was the subject of the termination of leave or denial of leave. The personnel director will consider in deciding whether

to grant leave of absence for a covered injury, the needs of the City, the practicality of covering the work with remaining employees and temporary employees, the nature of the injury, the length of the foreseeable absence, and the likelihood that the employee will be able to return to his full duties without limitations.

- 32.3 As a condition of obtaining or continuing leave of absence for a covered injury, the employee must fully cooperate in providing to the Personnel Director medical documentation and consents. The employee shall submit to such examinations by qualified medical professionals as the Personnel Director may require.
- 32.4 The personnel director will act on the injury leave application as promptly as circumstances permit, normally 10 days. The personnel director will communicate in writing to the applicant whether the injury leave is approved and, if so, the terms and conditions upon which leave is granted. If wage advancement is appropriate, the employee shall complete and execute the forms required for assignment of Workers' Compensation disability payments to the City.
- 32.5 If injury leave is approved and if the days of absence from work will be, in the City's estimation, compensable by the Ohio Bureau of Workers Compensation with permanent total or temporary total disability compensation payments, then the City will advance to the employee his or her regular wages for the period of time between approval of injury leave by the personnel director and the date that the permanent or temporary total disability payments are first issued by the Ohio Bureau of Workers Compensation. Upon receipt of the Workers' Compensation payment from the Ohio Bureau of Workers Compensation, the employee shall repay and assign to the City the compensation payments for the dates for which the employee received wage advancements from the City. In the event that the employee erroneously receives advancements for days when the employee is not totally disabled and for which the employee did not receive compensation from the Bureau of Workers Compensation, the employee will repay the advancements as promptly as possible to the City by such methods as determined by the personnel director. Wage advancements will cease upon the determination by the personnel director of any of the following:
 - A. That the employee is working for remuneration as self-employed or for another employer.
 - B. That a finding has been made by an officer of the Bureau of Workers Compensation that no temporary or permanent total disability payments will be made or that the employee's claim has been disallowed.
 - C. That the employee's employment with the City of Mason has been terminated.
 - D. That the employee is no longer eligible for injury leave status.
 - E. That the employee is not diligently pursuing payment for workers compensation benefits.

F. That an employee has been on injury leave status for 14 weeks, and the Bureau of Workers' Compensation has not made a finding of special circumstances. Determinations by the personnel director of any of the foregoing enumerated items may be appealed to the Personnel Board of Review. The appeal must be taken within 10 days after the determination by the personnel director. The personnel review board is required to conduct a hearing within 30 days after the appeal is filed by the employee. The determination of the Board will be final.

- 32.6 An injured employee shall be eligible for injury leave benefits for the length of time the employee is disabled, but not to extend beyond (6) six months from the date of the injury or the date the injury leave benefits began if injury leave benefits did not commence on the date of injury. The City will permit a return to limited duty only when there is legitimate limited-duty work, necessary and beneficial to the City, to be performed within the Department of, and within the certified capacity of, the employee. The City may require the employee to be examined by doctors of the City's choice, at the City's expense, in the event the physician's certificate presented by the employee is unacceptable to the personnel director.
- 32.7 An employee on injury leave who is unable to return to the full performance of duties upon expiration of injury leave shall, if the employee has accrued sick leave available, be placed on sick leave. Upon expiration of injury leave and all accrued leaves, an employee shall be removed from the Police Department complement, but shall, upon full recovery, be eligible to be reinstated to the position from which the employee was removed, for a period of five (5) years from the date of the employee's paid leave expired. An employee having a right of reinstatement under this section shall immediately apply for reinstatement upon recovery sufficient to assume the duties of the position from which the employee was removed. Failure to apply for reinstatement upon recovery shall result in termination of reinstatement rights. Engaging in any employment inconsistent with the employee's disabling condition shall be deemed "recovery" under this section. Nothing in this section shall be construed to deny an employee any rights under the works compensation laws of the State of Ohio.
- 32.8 Employees who claim a covered injury shall be allowed to take off without loss of pay for medically necessary treatment related to the injury without the use of sick leave. If an employee's Workers Compensation claim is denied by the Bureau of Worker's Compensation, the City may charge the employee's sick leave for all time taken off for treatment. If the employee's sick leave is exhausted, the City may take compensatory time, vacation time, and then HRT, in that order until each is exhausted.
- 32.9 The City shall continue to provide insurance benefits while an employee is on injury leave status up to six (6) months. After six (6) months, the insurance benefits may be

continued, if at all, by the employee at the employee's cost pursuant to the City's COBRA policy. An employee who is on injury leave status, shall be credited with vacation leave, provided that the employee is in a paid status for any reason, other than injury leave status, for 12 or more hours in the pay period.

- 32.10 If an employee is on injury leave and is absent for more than one (1) month, sick leave does not accrue for the period of time that the employee is on injury leave beyond one (1) month.
- 32.11 Employees are paid for holidays which fall during the time that the employee is on an injury leave.

ARTICLE THIRTY-THREE

STAND-BY STATUS

- 33.1 In the event that bargaining unit members are required to remain available to perform services during their off duty time on a stand-by basis, said bargaining unit members shall be compensated for said services with the payment of eight (8) hours of regular hourly rate compensation for each thirty (30) work days in which said bargaining unit member is required to be on stand-by duty. Availability means that the bargaining unit member is required to be available by telephone, pager, or similar equipment.

Base pay means: straight time rate effective retroactive to August 1, 2014 times 2,080 hours. Employees shall be credited with the step they have achieved as of the date the academic incentive is paid. This section applies only to degrees from accredited colleges or universities. After the 2014 payment the academic incentive shall be deemed bought out.

FITNESS PROGRAM

Physical Examinations

- A. The Mason Police Department requires that physical examinations for all full-time sworn personnel be performed on an annual basis. This shall consist of, at a minimum, audio examination, eye examination, blood evaluation (not to be used as a drug screen), history and clinical exam, and blood pressure evaluation. Other tests such as EKG, chest x-ray, cardiac stress test, and hemocult test may be performed at intervals designated by the Chief of Police. The age of the employee and/or job assignment may determine the frequency and types of medical evaluations performed.

Physical Examinations Required

- A. A satisfactory level of general health on the part of agency personnel should be maintained so that work can be performed efficiently and without personnel shortages caused by excessive sick leave. This may also be reflected in earlier detection of health problems for the benefit of the employee.
- B. A physical examination shall be required of each sworn full-time officer at the expense of the City on an annual basis, by a licensed physician. The results of this examination are to be given to the affected employee and the Chief of Police for evaluation and consideration. This information, while confidential, may subject the employee to further evaluation and/or other administrative actions.
- C. The examining physician shall certify the employee for duty for a period of twelve (12) months in the following areas: vision, hearing, blood pressure, and sub-maximal stress tests. Failure to meet minimum standards in any of these areas may be cause for the officer to be placed on paid administrative leave for up to three days. During this three day period, the officer shall take reasonable steps to meet the standards. If at the end of the three-day period, the officer is still unable to meet the standards, he may be placed on sick leave, if any, until he can meet the standards on a re-evaluation. The standards for the Mason Police Department are based on the Department of Transportation standards. These standards are: (1) Vision, 20/40 - corrected or uncorrected; (2) Hearing, loss in better ear not greater than 40 decibels at 50 hertz, 1,000 hertz, 2,000 hertz; (3) Blood pressure, 160/90; (4) cardiovascular evaluation test by means of a treadmill or a sub maximal stress test. The employee may choose a physician at his own expense for the purpose of verifying the initial results. All examining physicians shall be supplied a copy of the job description for the position of police officer, so that the physician can "certify" that the employee meets the required standards relevant to the job.
- D. An employee may choose to receive his physical examination from a physician of his own choosing. In this case, the annual examination must be paid for by the employee. The physician must perform the same examination required and must supply the Chief of Police with a statement that the employee meets the minimum health standards established by the department to perform the duties of police officer.

- E. Satisfactory compliance of each area of the health and fitness standard will result in a \$300 bonus for the employee reaching the Fair category and a \$500 bonus for reaching the Good Category. The bonus will be paid in accordance with Section 37.

Health and Fitness Standard

- A. The Mason Police Department is committed to assisting its officers in the maintenance of health and physical fitness. The following program shall serve as a guideline for compliance and subsequent needed assistance.
- B. The Chief of Police, with the required assistance, shall be responsible for the formulation and administration of a comprehensive and fair fitness program. It is the responsibility of all sworn personnel to comply with this program. Participation is mandatory for all full-time sworn personnel. The department may request examination by an additional physician or other qualified person(s).
- C. After the officer has successfully passed the physical examination, a fitness evaluation will be conducted. This shall be accomplished only by persons qualified to conduct such testing and will be on an annual basis. This fitness evaluation shall consist of computation of body fat, flexibility testing, and muscular strength and endurance testing.

1. Height/Weight and Body Fat Percent

Excessive weight may be a detriment to good health and is a negative factor for the overall image of the department. For those reasons, an analysis will be made to determine body weight compliance. See Appendix A.

2. Flexibility Test

This test is designed to provide the officer with information on his flexibility. This is used as an indication of the officer's overall fitness level. See Appendix B.

3. Muscular Strength

Officers, on a daily basis, are called to use upper body strength. These tests are designed to gauge that strength and provide the officer with information so he may work on any deficiencies. See Appendix C.

- D. Once the fitness evaluation is complete, the certifying physician may certify the officer as physically fit for duty. The physician shall look at each of the areas used for fitness evaluation and data collected in the clinical examination and then make a judgment as to the overall fitness of the officer for duty. This determination is made after a physician review of the officer's job description. The officer shall not be held in non-compliance for failure to meet standards in any one category, unless the physician feels that the degree of the specific non-compliance could dramatically hinder the performance of the officer's duties. However,

the physician must certify the officer for overall fitness based on his job description, by evaluating the entire fitness profile of the officer. This is based strictly on the physician's opinion after incorporating information from the aforementioned job descriptions.

Note: Health standards listed previously.

E. Non-Compliance-Remedial Step-Penalties

1. Employees who do not achieve the minimum acceptable weight or body fat standards will be considered as not in compliance. The Chief of Police shall order the employee to undergo a fitness evaluation at a vendor to be selected by the City. Employees, may at their own expense, select an alternative vendor to conduct this evaluation. The Chief of Police must approve any vendor used for this fitness evaluation.

2. The initial phase of addressing employees that are assessed as not being in compliance shall focus on a remedial track. A selected vendor will provide the City and the employee a stated goal that will bring the employee into compliance. The selected vendor will also provide the employee with a structured program designed to bring the employee into compliance. Unless directed otherwise by the selected vendor, the remedial phase of the program shall be completed within six months of the assessment of non-compliance. The employee shall be exempt from any punitive actions by the City of their non-compliance during the remedial phase of the process. Failure to actively participate in the recommended structured program, attend prescribed meetings or sessions, or achieve incremental goals as may be determined by the vendor, shall constitute an unwillingness on the part of the employee to participate in the remedial phase of the process and will shift non-compliance to a punitive disciplinary track.

3. The remedial phase of non-compliance shall be limited to three (3) months, absent a recommendation by the selected vendor. With proper recommendations for an extension and the approval of the Chief of Police, the remedial phase of the program could be extended for and additional three (3) months.

4. Employees shall be considered in compliance once they have met the targeted stated objectives during the remedial or punitive phase of the process.

5. A failure to come into compliance with the acceptable weight or body fat during the stated remedial phase of the program will result in an activation of the punitive disciplinary process.

6. The employee will be notified in writing when the employee's non-compliance transitions from a remedial track to a punitive disciplinary track.

7. If the employee fails to come into compliance with the targeted and stated objectives at the end of 90 days after the transition to a punitive disciplinary track, letter of counseling by the Chief of Police, or his designee shall be issued.

8. If the employee fails to come into compliance with the targeted and stated objectives at the end of 120 days after the transition to a punitive disciplinary track, a written warning will be

issued.

9. If the employee fails to come into compliance with the targeted and stated objectives at the end of 180 days after the transition to a punitive disciplinary track, a written reprimand will be issued.

10. If the employee fails to come into compliance with the targeted and stated objectives at the end of 270 days after the transition to a punitive disciplinary track, up to a one-hundred-twenty (120) hour suspension may be ordered.

11. For every subsequent ninety (90) day period the employee fails to come into compliance with the targeted and stated objectives after the transition to the punitive disciplinary track, up to a forty (40) hour suspension may be ordered.

12. Employees who received administrative action for non-compliance with these standards, and subsequently achieved compliance, and who are found at any future date to have gained sufficient weight and/or body fat to again be in violation of these standards will again be subject to the remedial phase of non-compliance.

F. During the period the employee is in the disciplinary track, the employee may be restricted from special assignments, extra duty detail opportunities, promotion and scheduled overtime.

G. A waiver or exemption from meeting the compliance standards of this order can only be authorized by the Chief of Police, or his designee, and upon sufficient medical data. Such waiver for exemption shall be for a period not to exceed one-year increments.

APPENDIX "A"

This adopted Weight Standards chart provides for:

- a. Minimum acceptable weight
- b. Maximum acceptable weight
- c. Both in proportion to height
- d. Variances

Should the officer not meet the weight standards provided, variances and exceptions will be considered by use of a body fat analysis. An employee who has no more than the maximum allowable percentage of body fat (plus 3%) for his/her age group, shall be considered to have met the standard.

The adopted "Height - Weight Chart" and "Maximum Allowable Body Fat Table" to be utilized in effecting this policy and program is shown below.

Dynamic strength is the ability to contract the muscle repeatedly over a period of time. Low levels of muscular endurance indicate inefficiency in movement, and a low capacity to perform work.

This is a two-part testing phase. Sit-ups and pushups will be used for this part of the test. Both tests are performed for a period of one (1) minute. Satisfactory performance in both tests will be considered to be in the fair category.

Note: During the pushups for women, they will be doing a modified pushup. They will perform this test on their hands and knees.

Program Implementation

This policy and program is implemented effective November 1, 1993, and subject to review as needed, or every three years.
