The committee will address job related training and/or testing which is job related and consistent with the operational needs of the Sheriff's Department. Training in the interest based process will be scheduled no later than ninety (90) days following the execution of the new Agreement between the parties, and the labor management committee will meet no less than once each month commencing no later than 30 days following interest based training until the project is completed or no later than twelve (12) months from the date of the first labor management committee meeting. All information and communication between the Employee and the program and/or provider shall be confidential and not otherwise disseminated to the Employer without prior approval of the Employee.

Article 31. DUTY EXAMINATION

SECTION 1. The Employer and the Union agree that the Employer has a responsibility to provide its Employees, its clients, and the public with the safest possible work conditions. Therefore, where there is reasonable cause to believe that an individual Employee is using, soliciting, or is under the influence of drugs or alcohol at work, such Employee will be directed to report to an Employee designated physician or medical clinic for a fitness for duty examination.

SECTION 2. The exam will be performed on Employer time and at Employer expense and will involve appropriate testing, including possible urine or blood tests or breathalyzer exam as determined by the appropriate medical personnel.

SECTION 3. An Employee may be referred for such fitness for duty screening if at least one (1) supervisor has a reasonable suspicion that the Employee is then under the influence of alcohol or a controlled substance. Such a determination is to be made based only upon specific, objective facts and reasonable inferences drawn from those facts in the light of experience, that the Employee is then under the influence of drugs or alcohol so as to endanger fellow Employees, the public, or otherwise adversely impact on the Employee's ability to perform his or her job duties.

SECTION 4. When a supervisor determines that he/she has reasonable suspicion that an Employee is impaired, the supervisor shall proceed in accordance with the applicable provisions of the Cuyahoga County Department of Human Resources' Policies and Procedures Manual (currently Section 7.04), established and amended by ordinance of Cuyahoga County Council.

SECTION 5. An Employee may also be referred for mandatory urine, blood or breathalyzer tests to determine substance abuse under the following circumstances:

- (a) As part of a disciplinary probation for Employees who have previously violated the Employer's drug and alcohol rules;
- (b) For Employees returning from leaves of absence if they have given the Employer a reason to suspect possible illegal drug and/or alcohol abuse. Possible reasons to suspect Substance Abuse include, but are not limited to, a history of excessive absenteeism not related to a specific illness, documented evidence of deteriorating job performance or documentation of aberrant behavior in instances where these reasons arose in the six (6) month period immediately preceding the leave of absence;

(c) An Employee involved in a motor vehicle accident while in the course and scope of employment and while operating a county vehicle.

The Employer shall set the time limit for the Union representative to arrive at the scene of the incident or the testing site.

SECTION 7. For urine samples submitted for drug testing, subject Employees will undergo an initial screen (EMIT) test. For any positive results, a confirmatory test employing the gas chromatography/mass spectrometry (GC/MS) test will be used. The Employer will ensure that there is a continuous chain of custody of any sample taken from an Employee. Specimen collection will occur in a medical setting and every precaution shall be taken to ensure that the procedures shall not demean, embarrass, or cause physical discomfort to the Employee. The Employer will use DOT standards for determining a positive drug or alcohol test.

SECTION 8. The results of any drug and alcohol screening test will be kept strictly confidential. The Employer will use the DOT standards for determining a positive drug or alcohol test. Copies of any such evaluation shall be provided to the Employer and to the individual tested. Where urine or blood samples have been taken, the samples will be preserved for a reasonable period of time and such Employee will have the opportunity to have these samples retested at a reputable laboratory of his or her choosing.

The Employer's Employee Assistance Program can provide counseling and referral. All records of an Employee seeking medical rehabilitation for drug or alcohol dependency, either through E.A.P. or otherwise, will be kept strictly confidential. Voluntary assistance should be sought before dependency affects job performance so as to endanger fellow Employees, the public or otherwise adversely impact the Employee's ability to perform his or her job duties.

SECTION 10. The E.A.P. program does not supplant or alter the normal discipline and grievance procedure. An Employee subject to disciplinary charges which include substance abuse on the job will be given access to the drug and alcohol screening results and the ability to have the blood or urine sample privately tested at an independent laboratory, and the opportunity to rebut the allegation of substance abuse. Any disciplinary order issued to an Employee which includes allegations of substance abuse on the job shall list the basis upon which it was determined that there was reasonable cause to believe the Employee was using drugs or was under the influence of drugs or alcohol at work.

SECTION 11. An Employee found to have positive screens for drugs and/or alcohol will be referred to and disciplined in accordance with the Fitness for Duty program as outlined in the Policies and Procedures Manual (currently Section 7.04).

SECTION 12. The Employer may require that an Employee submit to medical or psychological examinations for purposes of determination of the Employee's fitness for

duty in accordance with the procedures outlined in the Policies and Procedures Manual (currently Section 7.05). If a supervisor, in consultation with Human Resources, determines that an Employee's behavior and/or condition affects that person's ability to perform the essential functions of the Employee's position, a fitness-for-duty examination request form shall be completed by the supervisor and submitted to Human Resources and an examination scheduled with the appropriate qualified medical professional. The Employee shall be placed on paid administrative leave pending receipt of the medical professional's findings. If that medical professional determines that the Employee is fit for duty, the Employee shall return to work on the day immediately following the date of notification of the physician's findings or as soon as practicable. Failure to return to work will subject the Employee to discipline.

SECTION 13. An Employee found by a qualified medical professional to have a medical or psychological disorder, condition, syndrome, or is otherwise unable to perform his/her duties shall be relieved of duty. Such time off duty may be charged to any applicable sick, vacation or compensatory time at the Employee's request. Before an Employee may be charged with any violation of the Standard Schedule of Disciplinary Offenses, any successor discipline policy or the Rules and Regulations for Protective Services for a refusal to answer questions or participate in an investigation, the Employee shall be advised that such refusal to answer questions or participate in such investigation will be the basis of such a charge.

The questions of arbitrability of a grievance may be raised by either party before the arbitration hearing of the grievance on the grounds that the matter is non-arbitrable or beyond the arbitrator's jurisdiction. The first question to be placed before the arbitrator will be whether or not the alleged grievance is heard on its merits before the same arbitrator.
