Overtime Work 8.02

When it becomes necessary to require overtime work of classified personnel, the Superintendent shall authorize it on the proper form. Overtime is any authorized time worked in excess of forty (40) hours in a workweek.

In assigning overtime work the Superintendent shall do so on a seniority basis giving first consideration to the employee who has the greatest seniority in his/her job classification assignment. In the event an employee cannot be found for a particular job, a rotation system will be used to cover that job. Rotation will work as follows: The last person on the seniority list will be the first person required to perform a job that is not covered, then the next person with the least amount of seniority will be called. Once an employee has performed overtime work, that employee will not be required to perform overtime work again until those above him/her have also taken overtime work.

Compensation for regular overtime work shall be at a rate one and a half times the regular rate, except that any employee required to work on a national holiday or Sabbath shall be reimbursed at twice the hourly rate.

Substitute Drivers 8.03

When the scheduled driver is absent from a route outside of the regular route schedule (i.e., kindergarten, pre-school, etc.), the assignment of the substitute driver shall be done on a seniority basis in the following order:

- Regular Full-Time Bus Drivers
- Regular Part-Time Bus Drivers
- Substitute Bus Drivers

The Bus Coordinator will attempt to contact drivers in the above order. However, due to time constraints, the Board reserves the right to use the next available driver.

A. Reassignment of Custodian to Bus Driver:

Whenever a custodian is reassigned by the District to drive a bus route, the following provisions shall apply:

Employees in the custodial category hired after July 1, 2013, as a condition of employment may be required to obtain a CDL license for the purposes of transporting students on regular bus routes, field trips, and athletic team functions and be required to keep such certification as a condition of employment. The determination of this requirement rests with the administration. Employees hired previous to that date will be asked to fulfill substitute bus driving duties on a voluntary basis. When a custodian serves as a substitute driver, he/she will be paid according to their current step/seniority level in their respective category. (i.e. if a custodian is at step 11

of the custodial category and substitute drives for the district, their hourly pay will be the corresponding step 11 in the regular bus driver category.) However, if a custodian drives for an athletic, co-curricular, or field trip event, he/she will be paid at the normal field trip hourly rate as defined by Article 11, paragraph 3, Letter C. Furthermore, if a custodian elects to permanently change job classification to bus driver, the employee will be placed at the permanent salary step with the appropriate years of experience.

Additionally, the cost of the CDL certification will be reimbursed to the employee consistent with provision 11.01 (A) of this negotiated agreement. Further, during the training period, custodians obtaining driver certification will be paid at their normal custodial hourly rate.

The administration will use reasonable efforts to find substitute drivers from the district and substitute bus driver lists before reassigning custodial staff for driving purposes.

The District may hire a substitute to perform the regular custodial duties of the reassigned custodian.

The District has the right to require that the reassigned custodian work up to the eight (8) hours of their regular custodial duties as assigned by the Superintendent or designee. Example: If a custodian is reassigned to five (5) hours of bus driving, the District may require him/her to work the remaining three (3) hours of their day to complete the regularly scheduled work shift OR OTHER CUSTODIAL DUTIES AS ASSIGNED.

The reassigned custodian may, at the discretion of the District, also work either an a.m. or p.m. bus route and have that time count as overtime, as long as it meets all overtime requirements. However, no custodian may work both the a.m. and p.m. routes in addition to their entire regularly scheduled custodial job.

Bus Drivers for Extra-curricular/Field Trips 8.04

The assignment of bus drivers for educational field trips shall be done on a seniority basis in the following order.

- Regular Full-Time Bus Drivers
- Regular Part-Time Bus Drivers
- Properly certified Coach(s)/ Advisor(s) of the group or team traveling
- Substitute Bus Drivers

The Bus Coordinator will post openings or will call drivers as the need occurs. However, once a driver has turned down a particular trip, that driver will not be permitted to "bump" another driver with less seniority who has since signed up for that trip.

Bus drivers for athletic contests or field trips by clubs or organizations, when the compensation for drivers of such trips is not the responsibility of the Board of Education, shall be recommended by the Athletic Director or activity advisor and not be bound by the seniority provision.

Bus drivers who are also teachers will not be excused from regular teaching assignments to drive field trips.

Once a driver is contracted for a route, they may not give that route up to substitute for another regular route unless requested to do so by bus coordinator.

A driver leaving for an athletic or field trip that conflicts with any regular route they drive, will be paid his/her regular hourly rate for the equivalent time it takes for the route missed. The regular route will supersede a field trip if a driver cannot be replaced for his/her route. The remainder of the time of the athletic trip will be paid at the athletic trip rate. The Board will pay the difference in the athletic rate for the time of the normal afternoon route.

Once a driver has agreed to drive an athletic event, for the season, they will be obligated to that event from the first scrimmage to the last tournament game of that season.

Band will be considered an athletic event during the football season. Parades and contests will be on a seniority basis as before.

In the event a driver cannot be found for a particular field trip or athletic event, a rotation system will be used to cover that trip. Rotation will work as follows: The last person on the seniority list will be the first person required to take a trip that is not covered, unless it conflicts with their regular paid job, then the next person with the least amount of seniority will be called. Once a driver has driven an uncovered trip, that driver will not be required to drive again until those above him/her have also taken a not covered trip. If a person cannot drive because of his/her job, in or out of the district, he/she will be the next one called for an uncovered trip.

The seniority list shall be maintained in the Superintendent's office.

Benefit Summary
Outpatient Prescription Drug
Cedar Cliff Local Schools H.S.A. Pharmacy Plan Rx MM

Your Copayment and/or Coinsurance is determined by the tier to which the Prescription Drug List Management Committee has assigned the Prescription Drug. All Prescription Drugs on the Prescription Drug List are assigned to Tier-1, Tier-2 or Tier-3. Find individualized information on your benefit coverage, determine tier status, check the status of claims and search for network pharmacies by logging on to www.myuhc.com or calling Customer Care at the telephone number on the back of your ID card

A deductible and out-of-pocket maximum may apply. Please refer to the medical plan documents for the annual deductible and out-of-pocket maximum amounts, which include both medical and pharmacy expenses. This means that you will pay the full amount we have contracted with the pharmacy to charge for your prescriptions (not just your copayment), until you have satisfied the deductible. Once the deductible is satisfied, your prescriptions will be subject to the copayments outlined below. If you reach the Out-of-Pocket maximum, you will not be required to pay a copayment.

This summary of Benefits is intended only to highlight your Benefits for Prescription Drugs and should not be relied upon to determine coverage. Your plan may not cover all of your Prescription Drug expenses. Please refer to the Prescription Drug section of the Summary Plan Description (SPD) for a complete listing of services, limitations, exclusions and a description of all the terms and conditions of coverage. If this description conflicts in any way with the Prescription Drug section of the SPD, the Prescription Drug section of SPD shall prevail.

An Ancillary Charge may apply when a covered Prescription Drug is dispensed at your [or your provider's] request and there is another drug that is chemically the same available at a lower tier. When you choose the higher tiered drug of the two, you will pay the difference between the higher tiered drug and the lower tiered drug in addition to your Copayment and/or Coinsurance that applies to the lower tier drug.

Note: If you purchase a Prescription Drug from a Non-Network Pharmacy, you are responsible for any difference between what the Non-Network Pharmacy charges and the amount we would have paid for the same Prescription Drug dispensed by a Network Pharmacy.
