In those stations where two bulletin boards presently exist, the City of Canton will give one to the Union, or where feasible, the City will permit the Union to utilize an area of an existing bulletin board for Union business. The bargaining unit shall purchase any additional bulletin boards at its expense which it deems necessary.

ARTICLE 18

PRINTING OF AGREEMENT

The City of Canton shall pay for, and the Union shall be responsible for, the printing of twenty-five (25) copies of the Collective Bargaining Agreement. The City also agrees to provide an electronic copy of the contract on the City's website.

ARTICLE 19

MODE OF PAYMENT

Two weeks pay shall be held back from all City employees. The amount payable to employees on a bi-weekly basis shall be determined by dividing the applicable annual rate by 26 with any fractional cents in favor of the employee. For 40 hour employees, payment for less than a bi-weekly period shall be computed by dividing the bi-weekly amount by ten, multiplied by the number of days worked. Paychecks shall be issued by direct deposit every other week by 3:30 p.m. on Thursday, unless Thursday is New Year's Day.

ARTICLE 20

GRIEVANCE PROCEDURE

A grievance is a dispute between the City and the Union or an employee or group of employees as to the interpretation, application, violation, to include discipline, of any terms or provisions of this Agreement or the departmental rules and regulations. A grievance may be initiated either by the Union on behalf of an employee or group of employees within the bargaining unit or by the aggrieved employee and must be signed by either a Union representative or such aggrieved employee.

The grievance procedure set forth herein is intended to be the sole basis and sole procedural remedy for dispute resolution of all matters concerning the interpretation, application or violation of any terms or provisions of the Agreement, or of any disciplinary matters, between the City and the Union. Except as otherwise provided herein, the Union specifically elects to utilize the grievance procedure set forth in this Section for dispute resolution of all matters covered by this Agreement, to include all disciplinary matters involving employees in lieu of statutory remedies involving the appeal to the Civil Service Commission.

The following procedures shall be utilized for the handling of grievances: failure to respond at any step within the designated time period will automatically progress the grievance to the next step. All grievances should be presented at the place where the grievance occurred.

Step 1: The grievant shall attempt to resolve any grievance with the officer concerned on an informal oral basis within ten days of occurrence constituting the grievance or within ten days after it becomes known to the employee.

1. If the grievance involves a complaint of assignment to non-emergency work, not directly connected with fire fighting or emergency medical service, the Union on behalf of the employee may notify the Safety Director of the existence of the grievance and request the Safety Director to suspend the assignment. The Safety Director shall have the discretion to suspend or not suspend the assignment; his determination with regard to suspending of the assignment shall not be appealable.

Step 2: If the grievance is not resolved at Step 1, the grievant shall present the grievance in writing within ten (10) days after an attempt for resolution has failed, to the Chief. The Chief shall make a decision in writing within five (5) days following the date of a discretionary hearing, but no later than eight (8) days after filing of their grievance, whichever occurs later, and shall submit his written decision to the Safety Director, Division Chief, Battalion Chief, Union Representative, and grievant. If the grievance is unresolved at Step 2, then the grievance shall be presented to the Union Screening Committee for a merit review prior to initiating any further steps in this process. Should the committee recommend further appeal, the grievance will move to Step 3. Should the committee deny further appeal, the grievance shall be considered to have been resolved.

Step 3: The Union, on behalf of the grievant, may appeal in writing within ten (10) days after receipt of the written decision of the Chief in Step 2 to the Safety Director or his designated representative. The Safety Director or his designee shall hold an open meeting concerning the grievance within ten (10) days from receipt of the written appeal unless any of the parties thereto object to an open meeting. The Director or his designee shall render his decision within ten (10) days from the date of the meeting, with copies to the Union representative and grievant. In the event that more than ten (10) grievances are pending at any one time, then the

time limit for the holding of the meeting shall be extended to not less than ten (10) days or to such larger amount of time as the parties may agree.

Step 4: In the event that the grievance is not resolved through Step 3, the Union may request arbitration of the grievance within thirty (30) days from the decision of the Safety Director or his designee by making written request for arbitration delivered to the Safety Director.

If either party requests arbitration in writing and the other party fails or refuses within ten (10) days of receipt of the written request for arbitration to agree to arbitrate, the party failing or refusing to arbitrate shall forfeit its case and the demand of the party requesting the arbitration shall be deemed to have been granted.

Within five (5) days after the parties have agreed to arbitrate a dispute, the parties shall meet to select an arbitrator by mutual agreement. If such an agreement is not reached, the parties shall jointly notify the American Arbitration Association of the arbitration and request the submission of a list of arbitrators. Within seven (7) days following receipt of the list of names of arbitrators, the employer and the Union shall meet to select an arbitrator from the list. The selection of the arbitrator shall be done either by mutual agreement of the parties in writing, or if no agreement can be reached, by each party alternately striking one name from the list until only one name remains. The side to strike the first name shall be chosen by lot.

The arbitration shall be conducted pursuant to the rules and standards utilized by the arbitrator.

All expenses involved in the arbitration proceedings shall be the responsibility of the party in which the arbitrator rules against. However, expenses relating to the calling of witnesses or the obtaining of depositions shall be borne by the party at whose request such witnesses or depositions are required. Transcripts shall be at the expense of the party who orders the hearing testimony typed but the parties shall equally divide the cost of the appearance of any court reporter retained. A Court Reporter shall be required if either party so requests. The parties may agree to tape record the arbitration hearing in lieu of the use of a court reporter.

Time limits may be waived by mutual consent in writing.

The decision of the Arbitrator shall be final and binding on the parties. The Arbitrator shall not have the power to add to or subtract from or modify any of the terms of this Agreement.

The grievant may be represented by the union representative or by his individually retained legal counsel at all steps of the procedure.

ARTICLE 21

CPFFA BUSINESS AND MEETINGS

The President of the CPFFA shall be permitted to utilize unlimited time off from duty, with full regular pay, for the conduct of any Union business. The Union President shall notify the shift commander at least one workday in advance whenever feasible prior to utilizing time for Union business in order to permit scheduling. Due to the unavailability of the President of the Union for reasons of vacation, sickness, or injury, the President may designate an officer or other representative of the Union other than himself to attend to Union business, subject to the approval of the Fire Chief. The President of the

Union may additionally take one (1) member of the Union other than himself with full regular pay to no more than four (4) events per year, limited to six (6) calendar days per event.

Officers of the CPFFA and members of the Negotiating Committee, Grievance Committee, Labor/Management Committee shall be permitted to attend CPFFA meetings and committee meetings without loss of pay. The CPFFA President will provide the Chief with an up-to-date list on an ongoing basis.

The Union may hold meetings on Fire Department property, with preapproval and scheduling through the Chief's office, on or after 1700 hours. All off duty Union members shall be afforded the opportunity to attend said meetings and if not on a call, the on duty members assigned to the station where the meeting is held may attend. The Union agrees the meetings will not disrupt the operations of the Fire Department. Committee meetings will be permitted with preapproval and scheduling through the Chief's office.

The City agrees to release a member of the bargaining unit from duty who is elected as an officer of the Ohio Association of Professional Firefighters (OAPFF) without loss of pay or benefits for up to five (5) work days of eight (8) or twenty-four (24) hours in a calendar year for such employee to carry out his/her official duties as an OAPFF officer. Such employee shall return to his/her duty shift during that portion of the shift when he/she is not required to be away for his/her duties as an officer of the OAPFF. This paid leave shall continue so long as the employee continues as an OAPFF officer and is a member of the bargaining unit.

ARTICLE 22

TRADES

Employees may substitute for other employees or themselves and work each others' shifts or Kelly days provided they give one (1) working day's notice for a full-day trade in writing to the shift commander. The notice of the trade does not need to explain the reason for the trade. Trading with another firefighter or captain is not subject to the approval of the shift commander, who can, however, challenge the trade for lack of competence of the substituting employee for the job. Captains can obtain captains or acting captains of equal or greater competence to substitute for them; and firefighters can obtain firefighters or captains of equal or greater competence to substitute for them. Partial trades for periods of less than 24 hours shall not require prior approval, but shall require prior notice to the shift commander in accordance with past practice.

The City shall not be required to pay any overtime to any employee, or any wages in excess of those which would have been paid to the originally scheduled employee, as the result of any trade.

The employee who works the holiday in trade with another employee receives the premium pay.

Any trade that would jeopardize the ability of the City to keep all of the fire stations open may be rejected by the Chief.

ARTICLE 23

PROMOTIONAL STEPS

Upon promotion of a bargaining unit member, the promoted employee shall start immediately in the step commensurate with his seniority.

ARTICLE 24

PROMOTIONAL EXAMINATIONS

Where permitted by the rules and regulations of the Civil Service Commission, the City, with the advice of the Union, shall designate specific materials on which examinations for promotions shall be based, and the City shall make the list available for study to bargaining unit members one year prior to the expiration of the existing promotional list.

The City agrees to form a task force with the Union which will make recommendations to the Civil Service Commission regarding objective criteria to be used in the grading of promotional exams and the creation of eligibility lists.

ARTICLE 25

MINIMUM MANNING OF VEHICLES

The City shall maintain the following minimum manning requirements for the following vehicles: one captain or acting captain and two firefighters per pumper truck; one captain or acting captain and four firefighters per ladder truck; and two firefighter/paramedics per ambulance or two EMTs; one captain or acting captain per safety officer vehicle; one battalion chief or acting battalion chief and one fire suppression specialist per battalion chief vehicle.

ARTICLE 26

EMERGENCY AMBULANCE PERSONNEL

The City shall provide emergency ambulance personnel to be present at any life threatening fire/rescue scene as determined by the Incident Commander subject to availability of the City ambulance and medical personnel.

ARTICLE 27

ANNUAL SPRING CLEANING: DAILY WASHING OF EQUIPMENT

Firefighters shall be required to clean their living areas, the watch desk, office area as part of annual spring cleaning, but shall not be responsible for cleaning apparatus rooms, storage rooms, basements, or attics as part of the annual spring cleaning. These latter rooms shall be cleaned, however, on a daily or regular basis.

Ambulances, fire trucks and other firefighting equipment shall be washed only once daily in the morning if the captain deems it necessary or as is required to maintain the safety of the firefighters.

ARTICLE 28

LAYOFF PROCEDURE

Layoff of any firefighters, if necessary, shall be made in the inverse order of seniority, i.e., the most recently hired firefighter shall be laid off first. Recall shall be made in order of seniority, i.e., the most senior firefighter by date of hire who is on layoff and subject to recall shall be recalled first. However, a

more senior firefighter may choose to take a layoff in lieu of a junior firefighter. Any firefighter laid off for economic reasons and/or due to an abolishment of the individual's position shall have indefinite recall rights.

The City shall pay firefighters who are laid off the following: accrued regular and overtime pay; accrued compensatory time; and accrued vacation time; and accrued risk allowance pay; and longevity pay as provided for in Article 43, Section C.

ARTICLE 29

MILITARY LEAVE

When a member is on military leave for both annual training and weekend drills, the City will pay the difference in wages between the employee's regular daily rate and the military daily rate for a period not to exceed four hundred eight (408) hours in a calendar year. If an employee returns to work at or before 7:00 p.m., only one-half of the military daily rate shall be deducted. If an employee misses one hour or less of his work shift, no monies will be deducted from his pay.

ARTICLE 30

MILITARY SERVICE

Employees inducted into the armed forces of the United States shall be entitled to such employment rights as are provided under the laws of the United States, and the laws of the state. Such full-time employees of the City shall be restored to their position, or a position of a like seniority, status and pay as provided for all full-time City employees.

Hospitalization/medical insurance currently in effect as a benefit for City employees shall remain in effect for thirty (30) days after the employee departs for active military duty. If during the thirty (30) day period military hospitalization/medical coverage exists for the activated employee and his family, then such military insurance will be considered the primary coverage.

In the event that a unit member is called to active duty for a continuous period in excess of thirty (30) days because of an executive order issued by the President of the United States or an act of Congress, the member and his covered dependents shall continue to remain eligible for all existing health care benefits as provided for in the City's health benefit plan.

The City agrees to waive all health care premiums for members called to active duty, and their covered dependents until such time as they have returned to the position held prior to active military duty.

ARTICLE 31

LEAVE OF ABSENCE/SUSPENSION

Only elected officials or their designees shall have the authority to authorize in writing any leave of absence which shall not exceed six (6) months in duration. In the event that the accrued sick leave of a full time employee is depleted, the City may authorize a medical leave of absence for said employee for an additional six (6) months. Number of Unused Sick Days	Percentage Paid Out
0 through 188.5	100% of all days earned

The payment for an employee shall be at the employee’s 40 hour daily rate listed in Appendix A, provided the employee meets one of the following conditions:

27	20% of all days over 188.5

29 or more years of service	10% of all days over 188.5

An employee’s 25th year is defined as the calendar year in which that employee completed 25 years of continuous service. Days on which the employee has been absent because of job-related injuries shall not count for the purpose of this section. Job related injuries are those injuries which result in lost time, seven (7) calendar days or more, for which a claim has been filed and allowed by the Bureau of Worker’s Compensation, or for those injuries of less than seven (7) calendar days of lost time which have been approved by the Safety Director.

The option may only be exercised at the employee’s request and may begin any year after reaching normal service retirement eligibility.
 - 2. Members may elect to receive cash payment of their unused sick time for 37.7 days, once per year for five consecutive years following pension eligibility. The employee must have a total of 188.5 days of unused sick leave available to begin the buy out. The rate of pay for each annual payment shall be based on the member’s eight (8) hour rate at the time the payment is made. The employee must notify the City in writing of his or her election to cash out unused sick leave. The election to receive each annual payment must be made by September 1 of the year preceding payment. Employees will receive payment under this option by April 1 each year.
 - 3. Under no circumstances will a bargaining unit member receive payment in excess of a cumulative 188.5 days of unused sick leave at 100% in their career.
 - 4. Unused sick leave remaining after the first 188.5 days are paid at 100% shall be paid upon retirement in accordance with the sliding percentage pay out formula contained in this article. The pay out for a member shall be at the same rate as base wage as defined herein, at the rate of his most recent classification upon retirement.

If the member executes the appropriate forms to authorize the transaction, the City will pay the money directly into the appropriate deferred compensation plan, provided that the transaction complies with the laws of the State of Ohio.
 - 6. Members who choose this option must continue with this option for five consecutive years, unless:

- a. The member retires before the completion of the five year period;

Any remaining balance of the 188.5 days of sick leave, not already cashed out, will be credited back to the member's regular sick leave balance. Terminal pay for that member will then be controlled by Sections A-D of this Article, less any amount cashed out under this option.
7. If a member exhausts his or her sick leave in the buy-back bank while exercising this option, the member must retire.

HEALTH AND LIFE INSURANCE COVERAGE

Section 1

The City shall maintain health care and life insurance coverage in effect beginning January 1, 2017 for all full-time employees as follows:

Health care coverage includes: optical, dental and a comprehensive medical plan subject to an annual deductible of two hundred fifty dollars (\$250) per person; five hundred dollars (\$500) per family which is applied before medical benefits are paid to "in-network" or "out-of-network" providers.

After payment of the deductible, the plan will pay 80% of covered medical expenses to “in-network” providers. “In-network” co-insurance is subject to an annual out-of-pocket maximum of \$1,250 per person; \$2,500 per family. Once this maximum is met, the plan begins to pay covered medical expenses at 100%.

After payment of the deductible, the Plan will pay 70% of usual, customary and reasonable covered medical expenses to “out-of-network” providers. “Out-of-network” co-insurance is subject to an annual out-of-pocket maximum of \$2,250 per person; \$4,500 per family. Once this maximum is met, the plan begins to pay 100% of usual, customary and reasonable covered medical expenses. Any medical expenses that exceed usual, customary and reasonable standards will not be covered by the plan.

Life-threatening emergency room visits resulting in an admission to the hospital will be covered at 100% after an employee pays the \$50 per visit co-payment.

The City retains the right to restructure health care and life insurance during the term of this contract as to cost containment procedures such as pre-hospital admission certification, mandatory second opinions, etc., but may not institute any change of coverage without mutual agreement of the parties herein.

Section 3

An exhibit attached to the contract is incorporated herein explaining the changes further.

INJURY LEAVE POLICY

- A. The Director of Public Safety shall pay to any employee who may be injured or disabled while in the discharge of his official duties, his full regular salary for a period of one (1) year or such part thereof, for the duration of the disability up to three (3) years from the date of the injury provided that such injury or disability occurs while responding to, or acting at a call whether actual or false or while performing at a training session, provided the injury is a direct result of training.

In addition to the above provisions, employees are eligible for injury leave provided that the injury or disability occurs in the course of duty under circumstances which entail a substantially different and greater risk of injury.

Such injured or disabled employee shall perform some other service other than his regular duties if he is physically able. The Director of Public Safety is authorized to provide such other opportunity for service whenever it is possible to do so. In no event, however, shall the salary paid for such other service, together with the salary allowed under this section for disability, exceed the full regular salary such employee was receiving at the time such injury or disability occurred. In the event the individual employee is injured or disabled as provided in this section, there shall be no reduction from that individual employee's sick leave.

- B. In order to be eligible for injury leave an employee must first file a claim with the designee of the Administration in accordance with the Workers' Compensation Law of Ohio and the policies and procedures established by the Administration. The parties agree that the decision of the Bureau of Workers' Compensation and/or the Ohio Industrial Commission (OIC) concerning whether an injury is work related shall be controlling, provided that it meets the standards of Section A above.

In the event the City commences injury leave payments to an employee prior to a determination by the Bureau of Workers' Compensation and/or the Ohio Industrial Commission (OIC) and it is later determined by the Bureau of Workers' Compensation and/or the Ohio Industrial Commission (OIC) that the injury is not work related and therefore ineligible for injury leave pay, the employee's unused sick leave will be charged against any injury leave payments made. In the event the injury leave payments made exceed available unused sick leave, the employee agrees to reimburse the City for the difference immediately.

- C. Any employee who is paid monthly injury or disability pay shall furnish medical reports to the Director of Public Safety regarding the status of the injury or disability. The Director shall forward the name of the injured or disabled employee, together with his evaluation of the extent and nature of each employee's status, to the office of the Council, City Auditor and City Law Director, on a monthly basis.
- D. When or in the event such employee becomes entitled to receive benefits or payments from the Policy and Firemen's Disability and Pension Fund, the provisions of this section shall not be effective or operative.
- E. The City shall implement procedures for applying for funding for injury leave benefits; the members of the bargaining unit shall adhere to and follow the procedures in order to receive injury leave benefits. The City will maintain payments to the Police and Fire Disability Fund, and all fringe benefits except for the perfect attendance day benefit that accrue to the employee as though on regular tour of duty.
- F. If an employee is on injury leave during his/her prescheduled vacation and returns to duty within the same calendar year, the City will reschedule the remaining vacation time within the remainder of that year. If an employee is on injury leave during vacation and will not return to duty within the same calendar year, he/she will be assigned the balance of his/her vacation at the end of the calendar year and his/her injury leave will be extended into the next year by the same amount of work days as the re-scheduled vacation. An employee may always choose the option of banking the vacation if he/she has not reached the annual maximum of weeks permitted under this agreement.

If a senior firefighter declines, he will be removed from the list and will not be reinstated on the list for six months.

Assignments of less than one-fourth ($\frac{1}{4}$) shift in duration shall be discretionary with the shift commander, who will utilize the least moves possible, seniority notwithstanding.
- C. The employee assigned to a temporary higher rank shall receive pay for the rank worked according to Article 15 of this Agreement.
- D. If a senior firefighter assigned to an apparatus has less than three (3) years seniority, the shift commander may send a more senior firefighter to work in the capacity of captain in accordance with Section B.
- E. When a permanent opening occurs, the senior floater shall be given a permanent house at that time if he desires, and will be told what company he is to be assigned to. Once a senior floater turns down an assignment to an engine house in writing, he must wait until another opening occurs. If all floaters turn down the station, the Division Chief may pick whatever floater he wants.
- F. Senior floater status shall be determined by a minimum manning.

- G. When a member of the department is to be permanently transferred to another station or shift, he should be notified not less than two (2) working days in advance.
